RISKS IN RELATION TO THE FIRST ISSUE

This being the first public issue of our Company, there has been no formal market for the Equity Shares. The face value of Equity Shares is ₹ 10/- each. The Floor Price, Cap Price and Issue Price (determined by our Company in consultation with the Book Running Lead Manager, in accordance with the SEBI ICDR Regulations), and on the basis of the assessment of market demand for the Equity Shares by way of Book Building Process as stated in "Basis for Issue Price" beginning on page 106 should not be taken to be indicative of the market price of the Equity Shares after the Equity Shares are listed. No assurance can be given regarding an active and/or sustained trading in the Equity Shares or regarding the price at which the Equity Shares will be traded after listing.

GENERAL RISKS

Investments in equity and equity-related securities involve a degree of risk and Bidders should not invest any funds in the issue unless they can afford to take the risk of losing their investment. Bidders are advised to read the risk factors carefully before taking an investment decision in the issue. For taking an investment decision, Bidders must rely on their own examination of our Company and the Issue, including the risks involved. The Equity Shares in the issue have not been recommended or approved by the Securities and Exchange Board of India ("SEBI"), nor does SEBI guarantee the accuracy or adequacy of the contents of this Draft Red Herring Prospectus. Specific attention of the investors is invited to "Risk Factors" on page 33 of this Draft Red Herring Prospectus.

ISSUER'S ABSOLUTE RESPONSIBILITY

The words and expressions used but not defined in this Draft Red Herring Prospectus will have the same meaning as assigned to such terms under the Companies Act, the Securities and Exchange Board of India Act, 1992 (the "SEBI Act"), the SCRA, the Depositories Act and the rules and regulations made thereunder.

Notwithstanding the foregoing, terms in "Description of Equity Shares and Terms of the Articles of Association", "Statement of Possible Tax Benefits", "Industry Overview", "Key Regulations and Policies", "Financial Information of our Company", "Outstanding Litigations and Material Developments" and "Issue Procedure", will have the meaning ascribed to such terms in these respective sections.

PRESENTATION OF FINANCIAL INDUSTRY AND MARKET DATA

CERTAIN CONVENTIONS

All references in this Draft Red Herring Prospectus to ‘India’ are to the Republic of India and its territories and possessions and all references herein to the ‘Government’, ‘Indian Government’, ‘GoI’, ‘Central Government’ or the ‘State Government’ are to the GoI, central or state, as applicable.

Unless otherwise specified, any time mentioned in this Draft Red Herring Prospectus is in Indian Standard Time (“IST”).

Unless indicated otherwise, all references to a year in this Draft Red Herring Prospectus are to a calendar year.

Unless stated otherwise, all references to page numbers in this Draft Red Herring Prospectus are to the page numbers of this Draft Red Herring Prospectus. In this Draft Red Herring Prospectus, our Company has presented numerical information in “lakhs” units. One lakh represents 1,00,000.

FINANCIAL DATA

Unless stated otherwise, the financial statements in this Draft Red Herring Prospectus are derived from our Restated Financial Statements. The Restated Financial Statements comprises of the restated statement of assets and liabilities for the period ended September 30, 2023 and for the financial years ended March 31, 2023, March 31, 2022, March 31, 2021 and the restated statement of profit and loss, the restated statement of cash flows and the restated statement of changes in equity for the period ended September 30, 2023 and for the financial years ended March 31, 2023, March 31, 2022 and March 31, 2021 and the summary of significant accounting policies and explanatory notes, prepared in terms of the requirements of Section 26 of Part I of Chapter III of the Companies Act, 2013, as amended; the SEBI ICDR Regulations, as amended and the Guidance Note on Reports in Company Prospectuses (Revised 2019) issued by the ICAI, as amended from time to time. For further information, see please refer section titled “*Restated Financial Statements*” beginning on page 212 of this Draft Red Herring Prospectus.

In this Draft Red Herring Prospectus, any discrepancies in any table between the total and the sums of the amounts listed are due to rounding off. All figures in decimals have been rounded off to the second decimal and all percentage figures have been rounded off to two decimal places.

Our Company’s financial year commences on April 1 and ends on March 31 of the next year. Accordingly, all references to a particular financial year, unless stated otherwise, are to the 12-month period ended on March 31 of that year. Unless stated otherwise, or the context requires otherwise, all references to a “year” in this Draft Red Herring Prospectus are to a calendar year.

There are significant differences between Indian GAAP, IFRS and US GAAP. The Company has not attempted to quantify their impact on the financial data included herein and urges you to consult your own advisors regarding such differences and their impact on the Company’s financial data. Accordingly, to what extent, the Restated Financial Statements included in this Draft Red Herring Prospectus will provide meaningful information is entirely dependent on the reader’s level of familiarity with Indian accounting practices, the Companies Act, Ind AS, and the SEBI ICDR Regulations. Any reliance by persons not familiar with Indian Accounting Practices on the financial disclosures presented in this Draft Red Herring Prospectus should accordingly be limited.

Unless the context otherwise indicates, any percentage amounts, as set forth in “*Risk Factors*”, “*Our Business*” and “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*” beginning on page 32, 133 and 219 respectively, of this Draft Red Herring Prospectus, and elsewhere in this Draft Red Herring Prospectus have been calculated on the basis of the “*Restated Financial statements*” of our Company as beginning on page 212 of this Draft Red Herring Prospectus.

CURRENCY AND UNITS OF PRESENTATION

All references to “Rupees”, “Rs.” or “₹” are to Indian Rupees, the official currency of the Republic of India. All references to “US\$” or “US Dollars” or “USD” are to United States Dollars, the official currency of the United States of America, EUR or “€” are Euro currency.

All references to the word “Lakh” or “Lac”, means “One hundred thousand” and the word “Million” means “Ten Lakhs” and the word “Crore” means “Ten Million” and the word “Billion” means “One thousand Million”.

In this Draft Red Herring Prospectus, any discrepancies in any table between the total and the sums of the amounts listed are due to rounding off. All figures derived from our Restated Financial Statements in decimals have been rounded off to the second decimal and all percentage figures have been rounded off to two decimal places.

This Draft Red Herring Prospectus may contain conversions of certain US Dollar and other currency amounts into Indian Rupees that have been presented solely to comply with the requirements of the SEBI ICDR Regulations. These conversions should not be construed as a representation that those US Dollar or other currency amounts could have been, or can be converted into Indian Rupees, at any particular rate.

DEFINITIONS

For definitions, please refer the chapter titled “*Definitions and Abbreviations*” beginning on page 1 of this Draft Red Herring Prospectus. In the section titled “*Main Provisions of the Articles of Association*” beginning on page 295 of this Draft Red Herring Prospectus, defined terms have the meaning given to such terms in the Articles of Association.

INDUSTRY AND MARKET DATA

Unless stated otherwise, the industry and market data and forecasts used throughout this Draft Red Herring Prospectus has been obtained from industry sources as well as Government Publications. Industry sources as well as Government Publications generally state that the information contained in those publications has been obtained from sources believed to be reliable but that their accuracy and completeness and underlying assumptions are not guaranteed and their reliability cannot be assured.

Further, the extent to which the industry and market data presented in this Draft Red Herring Prospectus is meaningful depends on the reader’s familiarity with and understanding of the methodologies used in compiling such data. There are standard data gathering methodologies in the industry in which we conduct our business, and methodologies and assumptions may vary widely among different industry sources.

FORWARD LOOKING STATEMENTS

All statements contained in this Draft Red Herring Prospectus that are not statements of historical fact constitute forward-looking statements. All statements regarding our expected financial condition and results of operations, business, plans and prospects are forward-looking statements. These forward-looking statements include statements with respect to our business strategy, our revenue and profitability, our projects and other matters discussed in this Draft Red Herring Prospectus regarding matters that are not historical facts. Investors can generally identify forward-looking statements by the use of terminology such as “aim”, “anticipate”, “believe”, “expect”, “estimate”, “intend”, “objective”, “plan”, “project”, “may”, “will”, “will continue”, “will pursue”, “contemplate”, “future”, “goal”, “propose”, “will likely result”, “will seek to” or other words or phrases of similar import. All forward looking statements (whether made by us or any third party) are predictions and are subject to risks, uncertainties and assumptions about us that could cause actual results to differ materially from those contemplated by the relevant forward-looking statement.

Forward-looking statements reflect our current views with respect to future events and are not a guarantee of future performance. These statements are based on our management’s beliefs and assumptions, which in turn are based on currently available information. Although we believe the assumptions upon which these forward-looking statements are based are reasonable, any of these assumptions could prove to be inaccurate, and the forward-looking statements based on these assumptions could be incorrect.

Further the actual results may differ materially from those suggested by the forward-looking statements due to risks or uncertainties associated with our expectations with respect to, but not limited to, regulatory changes pertaining to the industries in India in which our Company operates and our ability to respond to them, our ability to successfully implement our strategy, our growth and expansion, technological changes, our exposure to market risks, general economic and political conditions in India and overseas which have an impact on our business activities or investments, the monetary and fiscal policies of India and other jurisdictions in which we operate, inflation, deflation, unanticipated volatility in interest rates, foreign exchange rates, equity prices or other rates or prices, the performance of the financial markets in India and globally, changes in domestic laws, regulations and taxes, changes in competition in our industry and incidence of any natural calamities and/or acts of violence. Other important factors that could cause actual results to differ materially from our expectations include, but are not limited to, the following:

- Changes in laws and regulations relating to the sectors/areas in which we operate;
- Our ability to successfully implement our growth strategy and expansion plans;
- Our ability to meet our further capital expenditure requirements;
- Fluctuations in operating costs;
- Our ability to attract and retain personnel;
- Conflict of Interest with affiliated companies, the promoter group and other related parties;
- General economic and business conditions in the markets in which we operate and in the local, regional, national and international economies;
- Changes in government policies and regulatory actions that apply to or affect our business;
- Changes in political and social conditions in India, the monetary and interest rate policies of India and other countries;
- Inflation, deflation, unanticipated turbulence in interest rates, equity prices or other rates or prices;
- The occurrence of natural disasters or calamities;

- Our inability to maintain or enhance our brand recognition;
- Inability to adequately protect our trademarks;
- Changes in consumer demand;
- Other factors beyond our control; and
- Our ability to manage risks that arise from these factors.

For further discussions of factors that could cause our actual results to differ, please refer the section titled “*Risk Factors*” and chapter titled “*Our Business*” and “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*” beginning on page 32, 133, and 219 of this Draft Red Herring Prospectus, respectively.

By their nature, certain market risk disclosures are only estimating and could be materially different from what actually occurs in the future. As a result, actual gains or losses could materially differ from those that have been estimated.

Forward-looking statements reflect the current views as of the date of this Draft Red Herring Prospectus and are not a guarantee of future performance.

Neither our Company, our Directors, our Promoters, the Book Running Lead Manager nor any of their respective affiliates have any obligation to update or otherwise revise any statements reflecting circumstances arising after the date hereof or to reflect the occurrence of underlying events, even if the underlying assumptions do not come to fruition. In accordance with SEBI requirements, our Company will ensure that investors in India are informed of material developments from the date of this Draft Red Herring Prospectus until the time of the grant of listing and trading permission by the Stock Exchange.

SECTION II - SUMMARY OF OFFER DOCUMENT

The following is a general summary of certain disclosures included in this Draft Red Herring Prospectus and is neither exhaustive, nor purports to contain a summary of all the disclosures in this Draft Red Herring Prospectus or the Red Herring Prospectus or the Prospectus, when filed, or all details relevant to prospective investors. This summary should be read in conjunction with, and is qualified in its entirety by, the more detailed information appearing elsewhere in this Draft Red Herring Prospectus, including "Risk Factors", "The Issue", "Capital Structure", "Objects of the Issue", "Industry Overview", "Our Business", "Our Promoters and Promoter Group", "Restated Financial Information", "Management's Discussion and Analysis of Financial Condition and Results of Operations", "Outstanding Litigation and Material Developments", "Issue Procedure" and "Main Provisions of The Articles Of Association" on pages 32, 61, 78, 91, 115, 133, 204, 212, 219, 230, 270 and 295, respectively.

SUMMARY OF OUR BUSINESS

We are engaged in the manufacturing of different types of Bricks, Castables, High Alumina Catalyst and Ceramic Balls which includes Pre Cast & Pre Fired Blocks ("PCPF"), Burner Blocks, Special shaped Refractory bricks, Dense & Insulating Castables & Mortars.

The tailored made products shaped by the Company finds its application in a diverse range of Industries, including Steel, Refineries, Fertilizers, Petrochemicals, Glass, Cement etc. The company's refractories are engineered to endure the harsh conditions of these industries, contributing to enhanced operational efficiency and extended equipment life, the tailored made finished goods provide diversity in the products being manufactured by our Company wherein modern manufacturing equipment are installed for scaling the manufacturing.

In addition to the manufacturing activity being carried out by the Company, Refractory Shapes is often involved in receiving orders for those items from clients which are not a part of Company's operations in manufacturing activities. These items include Metallic Anchors which are used as support for installing refractory castables for which Raw Materials such as tabular alumina, low alumina bricks and insulation bricks, etc are required, For such orders, our company procures these items from their approved vendors and sells to the clients, hence, our Company is also involved in trading of the aforesaid products.

Also, Company offloads the finished products from the manufacturing quantity with its vendors to meet the delivery period of the client.

For more details, please refer chapter titled "*Our Business*" beginning on page 133 of this Draft Red Herring Prospectus.

SUMMARY OF OUR INDUSTRY

We operate in the Refractory Industry for manufacturing different types of Bricks, Castables, High Alumina Catalyst and Ceramic Balls. Refractories refer to ceramic materials that are resistant to extremely high temperatures and endure physical wear and corrosion produced by chemical agents. Refractories are made from natural and artificial materials, mainly non-metallic or mixtures of compounds and minerals, Since they are more heat resistant than metals, they are used to line the hot surfaces found within many industrial processes, including the manufacturing of petrochemical goods and refining of gasoline.

For more details, please refer chapter titled "*Industry Overview*" beginning on page 115 of this Draft Red Herring Prospectus.

FINANCING ARRANGEMENTS

There have been no financing arrangements whereby our Promoters, members of the Promoter group, our directors and their relatives have financed the purchase by any other person of securities of our Company during a period of six (6) months immediately preceding the date of this Draft Red Herring Prospectus.

WEIGHTED AVERAGE PRICE OF EQUITY SHARES ACQUIRED BY OUR PROMOTERS

The weighted average cost of acquisition of Equity Shares by our Promoters in the last one (1) year preceding the date of this Draft Red Herring Prospectus set forth in the table below:

Sr. No.	Name of Promoters	No of Equity Shares held	No of Equity Shares acquired in last one (1) year
1.	Mr. Dayashankar Krishna Shetty	54,95,000	NIL
2.	Ms. Pratibha Dayashankar Shetty	54,95,000	NIL
3.	Ms. Prajna Shravan Shetty	51,83,996	NIL

The weighted average cost of acquisition of Equity Shares by our Promoters have been calculated by taking into account the amount paid by them to acquire and Shares allotted to them divided by number of shares acquired in last one (1) year.

*As certified by M/s Satish Shetty & Company, Chartered Accountants, by way of their certificate dated February 05, 2024.

AVERAGE COST OF ACQUISITION OF PROMOTERS

The average cost of acquisition of Equity Shares by our Promoters is set forth in the table below:

Accordingly, authorized share capital of our Company was sub-divided from 10,000 equity shares of face value of ₹100/- each to 1,00,000 equity shares of face value of ₹10/- each and the issued, subscribed and paid-up capital of our Company was sub-divided from 10,000 equity shares of face value of ₹100/- each to 1,00,000 equity shares of face value of ₹10/- each. For details, see “Capital Structure” on page 78 of this Draft Red Herring Prospectus.

EXEMPTION FROM COMPLYING WITH ANY PROVISIONS OF SECURITIES LAWS, IF ANY, GRANTED BY SEBI

Our company has not applied or received any exemption from complying with any provisions of securities laws by SEBI.

SECTION III – RISK FACTORS

An investment in Equity Shares involves a high degree of financial risk. Investors should carefully consider all information in this Draft Red Herring Prospectus, including the risks described below, before making an investment in our Equity Shares. If any of the following risks, or other risks that are not currently known or are now deemed immaterial, actually occur, our business, results of operations, cash flows and financial condition could suffer, the price of the Equity Shares could decline, and you may lose all or part of your investment. In making an investment decision, prospective investors must rely on their own examination of us and the terms of the Issue including the merits and risks involved. Investors should consult their tax, financial and legal advisors about particular consequences to them of an investment in the Issue. The risk factors set forth below do not purport to be complete or comprehensive in terms of all the risk factors that may arise in connection with our business or any decision to purchase, own or dispose of the Equity Shares. This section addresses general risks associated with the industry in which we operate and specific risks associated with our Company. However, there are certain risk factors where the financial impact is not quantifiable and, therefore, such financial impact cannot be disclosed in such risk factors. Unless specified or quantified in the relevant risk factors below, we are not in a position to quantify the financial or other implications of any of the risks described in this section. Any of the following risks, as well as the other risks and uncertainties discussed in this Draft Red Herring Prospectus, could have a material adverse effect on our business and could cause the trading price of our Equity Shares to decline and you may lose all or part of your investment.

This Draft Red Herring Prospectus also contains forward-looking statements that involve risks and uncertainties. Our actual results could differ materially from those anticipated in these forward-looking statements as a result of certain factors, including the considerations described below and elsewhere in this Draft Red Herring Prospectus. See chapter titled “Forward Looking Statements” beginning on page 22 of this Draft Red Herring Prospectus.

To obtain a better understanding of our business, you should read this chapter in conjunction with other chapters of this Draft Red Herring Prospectus, including the chapters titled “Our Business”, “Management’s Discussion and Analysis of Financial Condition and Results of Operations”, “Industry Overview” and “Restated Financial Statements” on page 133, 219, 115 and 212 respectively of this Draft Red Herring Prospectus, together with all other Restated Financial Statements contained in this Draft Red Herring Prospectus. Our actual results could differ materially from those anticipated in these forward-looking statements as a result of certain factors, including the considerations described below and elsewhere in this Draft Red Herring Prospectus.

Unless otherwise stated, the financial data in this chapter is derived from our Restated Financial Statements for the Period ended September 30, 2023 and for the financial years ended March 31, 2023, 2022, and 2021 as included in “Restated Financial Statements” beginning on page 212 of this Draft Red Herring Prospectus.

MATERIALITY

The Risk factors have been determined on the basis of their materiality. The following factors have been considered for determining the materiality.

- Some events may have material impact quantitatively;
- Some events may have material impact qualitatively instead of quantitatively.
- Some events may not be material individually but may be found material collectively.
- Some events may not be material at present but may be having material impact in future.

INTERNAL RISKS

- 1. There are outstanding legal proceedings involving our Company, Promoters, Promoter Group, Directors and Group Companies. Any adverse decision in such proceedings may have a material adverse effect on our business, results of operations and financial condition.***

A summary of outstanding matters set out below includes details of civil and criminal proceedings, tax proceedings, statutory and regulatory actions and other material pending litigation involving us, Directors, Promoter, Promoter Group and Group Companies, as at the date of this Draft Red Herring Prospectus.

Cases against our Company:

Nature of Cases	No of Outstanding Cases	Amount involved (In Lakhs)

Cases against our Group Companies:

Nature of Cases	No of Outstanding Cases	Amount involved (In Lakhs)
Criminal Complaints	--	--
Statutory/ Regulatory Authorities	--	--
Other Litigation – Taxation	6	85.05
Other Litigation	1	unascertained

The amounts claimed in these proceedings have been disclosed to the extent ascertainable and include amounts claimed jointly and severally. If any new developments arise, such as a change in Indian law or rulings against us by appellate courts or tribunals, we may need to make provisions in our financial statements that could increase our expenses and current liabilities.

We cannot assure you that any of the outstanding litigation matters will be settled in our favour or that no additional liabilities will arise out of these proceedings. In addition to the above, we could also be adversely affected by complaints, claims or legal actions brought by persons, including before consumer forums or sector-specific or other regulatory authorities in the ordinary course of business or otherwise, in relation to our business operations, our intellectual property, our branding or marketing efforts or campaigns or our policies. We may also be subject to legal action by our employees and/or former employees in relation to alleged grievances, such as termination of employment. We cannot assure you that such complaints, claims or requests for information will not result in investigations, enquiries or legal actions by any regulatory authority or third persons against us.

For further details of certain material legal proceedings involving our Company, our Promoter, our directors, see “*Outstanding Litigations and Material Developments*” beginning on page 230 of this Draft Red Herring Prospectus

2. *Our Company had negative cash flows in the past years, details of which are given below. Sustained negative cash flow could impact our growth and business.*

As per our Restated Financial Statements, our cash flows from operating, investing and financing activities are as set out below:

(Rs. in Lakhs)

Particulars	For the period ended as on September 30, 2023	For the Financial Year ended on		
		2023	2022	2021
Net Cash Generated from Operating Activities	114.09	170.15	757.03	517.77
Net Cash Generated from Investing Activities	(19.00)	(676.11)	(1,181.06)	35.16
Net Cash Generated from Financing Activities	72.41	342.85	274.24	(536.07)

Cash flow of a company is a key indicator to show the extent of cash generated from operations to meet capital expenditure, pay dividends, repay loans and make new investments without raising finance from external resources.

If our Company is not able to generate sufficient cash flows, it may adversely affect our business and financial operations.

For details, please see chapter titled “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*” beginning on page 219 of this Draft Red Herring Prospectus.

3. *Our Company is an Approved Vendor having enlisted by Engineers India Limited (“EIL”). If, our Company does not receive the recognition then it may harm our Brand Value or Reputation and may adversely affect our Business, Results of Operations, Financial Condition and Cash Flows*

Our Company is an Approved Vendor having enlisted by Engineers India Limited (“EIL”). Engineers India Limited (EIL) being a Government of India Undertaking being one of the Engineering Procurement Companies (EPC) in India. To supply to any of the EIL projects, the company must be registered with EIL. EIL follows a very stringent approval process which takes minimum 6 months to 1 year or more for approval and the approval involves statutory, financial, legal, quality assurance compliance after which physical visit by the procurement team is done. The certificate is valid only for 2-3 years after which the same process is continued for revalidation. Hence, EIL certification is an assurance to the end users that the company or the manufacturer is adhering to the highest standards of manufacturing. Any complaints from the client for any EIL project is strictly taken up by EIL and that company is put into holiday list by EIL. If our Company does not receive the said recognition and the EIL does not provide us an approval as an Approved Vendor, then, it may harm our Brand or Reputation and may adversely affect our Business, Results of Operations, Financial Condition and Cash Flows.

4. *Any delays, interruptions or reduction in the supply of raw materials to manufacture our products and any abrupt fluctuations in the prices of our raw materials may adversely affect the pricing of our products and may have an impact on our Business, Results of Operation, Financial Condition and Cash Flows.*

Our Company is in the manufacturing of different types of Bricks, Castables, High Alumina Catalyst and Ceramic Balls and for the manufacturing of our Company’s product portfolio, the primary raw material required is ‘Alumina’. Our Company in its usual course of business meets its raw material requirement by way of procurement from local suppliers.

The manufacturing quantity and the pricing of our products is significantly dependent on our ability to source quality raw materials at acceptable prices and maintain a stable and sufficient supply of the same. As per the Restated Financial Statements, our cost of material consumed were ₹ 1,640.05 Lakhs, ₹ 2,214.36 Lakhs, ₹ 1,028.92 Lakhs and ₹ 925.36 Lakhs constituting 99.75 %, 61.11 %, 45.06 % and 47.02 % of our total expenses for the Six Months period ended September 30, 2023 and for Fiscals 2023, 2022 and 2021 respectively. The Raw Material we source is subject to price volatility and unavailability caused by factors beyond the control of our Company such as, weather conditions, supply and demand dynamics, logistics, our bargaining power with the suppliers, inflation and governmental regulations and policies.

Our Company has a dedicated raw material procurement team however, if our Company is unable to effectively manage these costs or unable to increase the prices of our products to offset such increased costs, our margins, cash

flows and overall profitability may be adversely affected. Our business is also dependent on the suppliers of our Raw Materials who are local suppliers situated near our Gujarat Facility or third party suppliers locally available.

5. *Our Company sells its products for specific use by certain Industries. Any reduction in the demand or requirement of our products in such Industries may result in loss of Business and may affect our Financial Performance and Financial Condition.*

We have set-out below the industries where our products are used in various industries and the revenues generated from them:

Revenue from Operations (Rs. In Lakhs)	1,917.91		3,796.92		2,550.32		2,088.90	
	30-Sep-23		FY 2022-23		FY 2021-22		FY 2020-21

TOTAL	1,917.91	100	3,796.92	100	2,550.32	100	2,088.90	100

**As certified by M/s Satish Shetty & Company, Chartered Accountants, by way of their certificate dated February 05, 2024 as per the audited financial statements for the period ended September 30, 2023 and financial years ended March 31, 2023, 2022 and 2021.*

As stated above, our Company supplies its products to customers operating in Steel Industry, Refineries Petrochemicals, Fertilizers and other companies using OIL & GAS Fired Kilns. These customers use our products for their applications or processes or for manufacturing their own end use products in the relevant Industry in which they conduct their Business. Any reduction or fall in the demand of products or services of our Customers operating in the relevant Application Industries may ultimately have an impact on our Business, Profitability and Financials. If the end-user demand is low for our Customer's products, there may be significant changes in the orders from our Customers or we may experience greater pricing pressures. Therefore, risks that could harm the Customers of our industry could, as a result, adversely affect us as well. Our success is therefore dependent on the success achieved by our Customers in developing and marketing their products.

In the event our Customer's experience a reduced demand for their products, the same may affect our sales to such Customers or operating margins and both of these combined may gradually result in loss of Customers including our Customers. Additionally, Industry-wide competition for market share of various products can result in aggressive pricing practices by our Customer's and therefore our Customers may also choose to import some of these products which may provide them better cost benefits as compared to us or source the products from our Competitors. This price-pressure from our Customer's may adversely affect the prices of the products which we supply, which may lead to Reduced Revenues, Lower Profit Margins or Loss of Market Share, any of which would have a material adverse effect on our Business, Results of Operations and Financial Condition. We cannot assure you that our other Customers would take similar actions such as cease to have Operations in India which may affect our Business.

6. *Any slowdown or shutdown of our Manufacturing operations at our Manufacturing Facilities could have an adverse effect on our Business, Financial Condition and Results of Operations.*

We operate from two Manufacturing Facilities situated in Pune and Wankaner, Morbi District, in the state of Maharashtra and Gujarat respectively. Our Business is dependent upon our ability to effectively manage our Manufacturing Facilities, which are subject to various operating risks, including those beyond our control, such as the

breakdown, failure of equipment or industrial accidents, severe weather conditions, fire, power interruptions and natural disasters.

However, our Company maintains comprehensive Insurance coverage to mitigate the risk arising out of such event. While there have been no such instances in the Six Months period ended September 30, 2023 and Fiscals 2023, 2022 and 2021, any significant malfunction or breakdown of our machinery, our equipment, our automation systems or any other part of our manufacturing processes or systems may entail significant repair and maintenance costs and cause delays in our operations. If we are unable to repair or properly maintain manufacturing assets in a timely manner or at all, our operations may need to be suspended until we repair or replace them and there can be no assurance that the new manufacturing assets will be repaired, procured or integrated in a timely manner. In addition, we may be required to carry out planned shutdowns of our Manufacturing Facilities for maintenance, statutory inspections, customer audits and testing if so, demanded by our Customers, or we may shut down one or more of our Manufacturing Facilities for capacity expansion and equipment upgrades.

In particular, outbreak of a pandemic or any materially adverse social, political or economic development, civil disruptions, or changes in the policies of the national, state or local Governments in any of the jurisdictions where our Manufacturing Facilities are situated, could adversely affect our operations. In addition, we may also face protests from localities at our Manufacturing Facilities which may delay or halt our operations. We have not experienced any significant disruptions at our Manufacturing Facilities in the Six Months period ended September 30, 2023 and Fiscals 2023, 2022 and 2021, we cannot assure you that there will not be any disruptions in our operations in the future. Our repairs and maintenance expenses were ₹ 4.93 Lakhs, ₹ 37.45 Lakhs, ₹ 84.50 Lakhs, ₹ 25.90 Lakhs constituting 0.26 %, 0.99 %, 3.31 % and 1.24 % of our Revenue from Operations for the six months period ended September 30, 2023 and for Fiscals 2023, 2022 and 2021 respectively as per our Restated Financial Statements. Any inability to utilise our Manufacturing Facilities, to their full or optimal capacity, non-utilisation of such capacity may adversely affect our Results of Operations and Financial Condition.

7. *Overcapacity and Oversupply in the Global Refractory Industry may adversely affect the Company's Profitability.*

In recent years, driven in part by strong growth in Refractories consumption in emerging markets, the global Refractories industry has experienced an expansion of Refractories production capacity. The growth of the refractories market is attributed to the growing iron & steel, glass, non-ferrous Industries. The increased production capacity, combined with a decrease in demand could result in production overcapacity in the Global Refractories Industry. Such production overcapacity in the Global Refractories Industry would intensify if the slowdown of the Global Economy is prolonged or demand from Developing Countries that have experienced significant growth in the past several years does not meet the growth in production capacity. Any production overcapacity and oversupply in the refractories industry would likely cause increased competition in refractories markets around the world which would likely lead to reduced profit margins for refractories manufacturers, and also would likely have a negative effect on the Company's ability to increase refractories production in general. No assurance can be given that the Company will be able to continue to compete in such an economic environment or that a prolonged slowdown of the global economy or production overcapacity will not have a material adverse effect on the Company's Business, Results of Operations, Financial Condition or Prospects.

8. *The Restated Financial Statements have been provided by Peer Reviewed Chartered Accountants who is not Statutory Auditor of our Company.*

The Restated Financial Information of our Company as disclosed in section titled "Restated Financial statements" beginning on Page no. 212 of this Draft Red Herring Prospectus for the period ended September 30, 2023 and financial year ended on March 31, 2023, March 31, 2022 and March 31, 2021 are provided by Peer Reviewed Chartered Accountants i.e., M/s. Vinay Bhushan & Associates, Chartered Accountants (having Peer Review Registration No. 015503) who is not the Statutory Auditor of our Company.

9. *Our Company in the usual course of Business does not have any long term contracts with its Customers and we rely on purchase orders for delivery of our products and our Customers may cancel or modify their orders, change quantities, delay or change their sourcing strategy. Loss of one or more of our top Customers or a reduction in their demand for our products or reduction in revenue derived from them may adversely affect our Business, Results of Operations and Financial Condition.*

Our Company has in the past received repeat orders from our Customers and they continue to engage us, however we do not enter into long-term purchase contracts with our Customers and we rely on purchase orders which govern the volume and other terms of our sale of products to them. Many of the purchase orders we receive from our Customers specify pricing terms and the delivery schedule. Absence of any long term contracts or contractual exclusivity with respect to our Business Arrangements with such Customers poses a challenge on our ability to continue to supply our products to these Customers in future. Moreover, we depend on a limited number of Customers, which exposes us to a risk of Customer concentration. The details of contribution by our top 10 customers to our Gross Revenue from Operations as per the Audited Financial Statements is set out below:

Product	Six months ended September 30, 2023		Fiscal 2023		Fiscal 2022		Fiscal 2021	
	Rs. In Lakhs	% of Gross Revenue from Operations	Rs. In Lakhs	% of Gross Revenue from Operations	Rs. In Lakhs	% of Gross Revenue from Operations	Rs. In Lakhs	% of Gross Revenue from Operations
Top 10 Customers*	1,694.45	88.35	2,139.54	56.35	1,545.07	60.59	1,147.76	54.95

*The above figures are provided on the basis of Audited Financial Statements for the stub period ended September 30, 2023 and Financial year ended March 31, 2023, March 31, 2022 and March 31, 2021.

We may possibly experience issues executing a purchase order from a Customer in accordance with the requirements of them on a timely basis. Additionally, our Customers have certain specific requirements for product quality as well as delivery schedules and any failure to meet our Customers' expectations and specifications could result in cancellation of orders or the risk of the Customer not placing any subsequent orders or might place orders for lesser quantity. There are also a number of factors, other than our performance, that could cause the loss of a customer such as, (a) increase in prices of raw materials and other input costs resulting in an increase in the price of our products; (b) changes in customer requirements and preferences; (c) changes in Governmental or Regulatory Policies and (d) slowdown in the Customer's Industry due to any reasons. Any of these factors may have an adverse effect on our Business, Results of Operations and Financial Condition. Due to the possibility of orders not being placed, cancellations or changes in scope and schedule of orders, which is typically at the discretion of our Customers, or problems we encounter in order of execution or reasons outside our control or the control of our Customers, we cannot predict with certainty when, if or to what extent an order will be performed or that purchase orders will be, in one period as consistently as they have been in prior periods. Any delay, reduction in scope, cancellation, execution difficulty, payment postponement or payment default in regard to any other uncompleted orders, or disputes with customers in respect of any of the foregoing, could materially affect our Cash Flow Position, Revenues and Earnings.

10. *We are unable to trace few of our historical records, Also, in the past, there have been some instances of delays/non-filing/ non-compliance with certain statutory authorities, In the event we are found not to be in compliance with any applicable regulations in relation to the regulatory filings or corporate actions, we may be subject to regulatory actions or penalties for any such possible non-compliance/ non-filing/ delay and our business, financial condition and reputation may be adversely affected.*

We have been unable to locate copies of certain of our corporate records and physical forms filed with the RoC. Following are the forms which are untraceable:

- i. Incorporation forms

11. We have not yet placed orders in relation to the funding Capital expenditure through civil work required for Expanding a manufacturing unit at the existing location situated at Wankaner, Gujarat which is proposed to be financed from the Issue proceeds of the IPO. In the event of any delay in placing the orders, or in the event the vendors are not able to provide the equipment in a timely manner, or at all, may result in time and cost over-runs and our business, prospects and results of operations may be adversely affected. Our proposed capacity expansion plans are subject to the risk of unanticipated delays in implementation due to factors including delays in construction, obtaining regulatory approvals in timely manner and cost overruns.

We intend to use a part of the Net Proceeds for Funding Capital expenditure through civil work required for Expanding the existing manufacturing unit at the existing location situated at Wankaner, Gujarat.

Total estimated cost as per certificate dated March 21, 2024 issued by the Chartered Engineer in respect of Funding Capital Expenditure towards construction of factory unit at our existing manufacturing facility is ₹ 429.78 lakhs. We are yet to place orders for the capital expenditure for the Proposed Project. We have not entered into any definitive agreements to utilize the Net Proceeds for this object of the Issue. Additionally, in the event of any delay in placement of such orders, the proposed schedule of implementation and deployment of the Net Proceeds may be extended or may vary accordingly. We cannot assure you that we will be able to undertake such capital expenditure within the cost indicated by such quotations or that there will not be cost escalations.

Our Proposed Project may be subject to potential problems and uncertainties that construction projects face including cost overruns or delays. Problems that could adversely affect our expansion plans include labour shortages, increased costs of equipment or manpower, inadequate performance of the equipment and machinery installed in our manufacturing facilities, delays in completion, defects in design or construction, the possibility of unanticipated future regulatory restrictions, delays in receiving governmental, statutory, environmental and other regulatory approvals, incremental pre-operating expenses, taxes and duties, interest and finance charges, environment and ecology costs and other external factors which may not be within the control of our management. Further, there can be no assurance that our budgeted costs may be sufficient to meet our proposed capital expenditure requirements. If our actual capital expenditures significantly exceed our budgets, or even if our budgets were sufficient to cover these projects, we may not be able to achieve the intended economic benefits of these projects, which in turn may materially and adversely affect our financial condition, results of operations, cash flows, and prospects.

The Proposed Project will require us to obtain approval, which are routine in nature. For further details, see “Objects of the Issue” on page 91. In addition to such pending approval. There can be no assurance that we will be able to complete the aforementioned expansion and additions in accordance with the proposed schedule of implementation and any delay could have an adverse impact on our growth, prospects, cash flows and financial condition.

12. We intend to utilise a portion of the Net Proceeds for funding our Capital Expenditure for purchase of certain Machineries. We are yet to place orders for such Capital Expenditure Machinery.

We intend to use a part of the Net Proceeds towards purchase of certain machineries for expansion at our manufacturing facility at Wankaner, Gujarat. While we have obtained quotations from different vendors in relation to the Plant and Machineries required for funding such capital expenditure, we are yet to place orders for such machinery and equipment. Our Company intends to utilise ₹ 250.98 Lakhs from the Net Proceeds to purchase machineries, There can be no assurance that we will be able to place orders for such machinery and equipment in a timely manner or at all. Further, in the event of any delay in placement of such orders, the proposed schedule of implementation and deployment of the Net Proceeds may be extended or may vary accordingly.

13. We intend to utilise a portion of the Net Proceeds for Purchase of Commercial Vehicle. We are yet to place orders for such Purchase.

We intend to use a part of the Net Proceeds towards purchase of Commercial Vehicle. This vehicle will be used to supply full load truck consignment of our goods to customers and further reduce dependency on third party logistic companies, While, we have obtained quotations from various suppliers for such vehicles and is yet to place any orders or enter into definitive agreements for purchase of such vehicles. Our Company intends to utilise ₹ 11.00 Lakhs from the Net Proceeds to purchase these vehicles. There can be no assurance that we will be able to place orders for such machinery and equipment in a timely manner or at all. Further, in the event of any delay in placement of such orders, the proposed schedule of implementation and deployment of the Net Proceeds may be extended or may vary accordingly.

14. We do not have long-term Agreements/Contracts with suppliers for our raw materials and an increase in the cost of, or a shortfall in the availability or quality of such raw materials could have an adverse effect on our Business, Financial Condition and Results of Operations.

Our Business is significantly affected by the availability, cost and quality of the raw materials and components with which we need to develop our products. Our principal raw materials include a Tabular Alumina, Clay, Different grades of Aggregates and cement for manufacturing the final product. We usually do not enter into long-term supply contracts with any of our raw material suppliers. The prices and supply of our raw materials depend on factors beyond our control, including General Economic Conditions, competition, production levels, transportation costs and duties. If, for any reason, our suppliers of raw materials curtail or discontinue their delivery of such materials to us in the quantities we need or at prices that are competitive or expected by us, our ability to meet the requirements of our customers could be impaired and our Earnings and Business could suffer. Further, we may not be able to pass on any increase in the cost of manufacturing our products to our Customers, which may adversely affect our Results of Operations.

If we are unable to source our raw material from key suppliers in a timely manner, our production processes and results of operations may be adversely impacted. There can be no assurance that we would be able to source required quantities or qualities of raw material in a cost-effective manner in future periods. In addition, we usually do not enter into long-term supply contracts with any of our raw material suppliers and typically source raw materials from traders and stockiest on the spot basis. The absence of long-term contracts at fixed prices exposes us to volatility in the prices of raw material that we require and we may be unable to pass these costs onto our Customers, which may reduce our Profit Margins.

We face a risk that one or more of our existing suppliers may discontinue their supplies to us, and any inability on our part to procure raw materials from alternate suppliers in a timely fashion, or on commercially acceptable terms, may adversely affect our Business, Financial Condition and Results of Operations.

15. *We generate our major portion of sales from our operations in certain geographical domestic region. Any adverse developments affecting our operations in these regions could have an adverse impact on our revenue and results of operations.*

Our Company has only one business division of sales i.e. domestic sales. Our company has PAN India presence. However, We have a wide customer base in major states of Maharashtra and Gujarat.

Such geographical concentration of our business in these regions heightens our exposure to adverse developments related to competition, as well as economic and demographic changes in these regions which may adversely affect our business prospects, financial conditions and results of operations. Our inability to expand into other countries may adversely affect our business prospects, financial conditions and results of operations. We may not be able to leverage our experience in such regions to expand our operations in other parts of India or internationally, due to factors such as competition, culture, regulatory regimes, business practices and customs, industry needs, transportation, in other markets where we may expand our operations may differ from those in such regions, and our experience in these regions may not be applicable to other markets. In addition, as we enter new markets and geographical areas, we are likely to compete not only with national players, but also local players who might have an established local presence, are more familiar with local regulations, business practices and industry needs, have stronger relationships with local dealers, relevant government authorities, suppliers or are in a stronger financial position than us, all of which may give them a competitive advantage over us. Our inability to expand into areas outside such markets may adversely affect our business prospects, financial conditions and results of operations. While our management has faith that the Company has requisite expertise and vision to grow and mark its presence in other markets going forward, investors should consider our business and prospects in light of the risks, losses and challenges that we may face and should not rely on our results of operations for any prior periods as an indication of our future performance. To the extent that we are unable to effectively manage our global operations and risks such as the above (in particular, as we implement our strategy to enter into new markets where we do not have local knowledge resources), we may be unable to grow or maintain our sales and profitability, or we may be subject to additional unanticipated costs or legal or regulatory action. As a consequence, our business, financial condition, results of operations and cash flows may be adversely affected.

16. *Pressure from Customers with regards to pricing may affect our Gross Margins, Profitability and ability to Increase our Prices.*

Our Customers negotiate for larger discounts in price of our products as the volume of their orders increase. Pursuing cost-cutting measures while maintaining rigorous quality standards may lead to an erosion of our margins, which may have a material adverse effect on our Business, Results of Operations and Financial Condition.

In addition, estimating amounts of such price reductions is subject to risk and uncertainties, as any price reduction is the result of negotiations and other factors. Accordingly, suppliers must be able to reduce their operating costs in order to maintain Profitability. Such price reductions may affect our Sales and Profit Margins. If we are unable to offset Customer price reductions in the future through improved operating efficiencies, new manufacturing processes, sourcing alternatives and other cost reduction initiatives, our Business, Results of Operations and Financial Condition may be materially adversely affected.

Additionally, our Business is engaged in bulk manufacturing of products, with high-cost capital expenditure involved in the Business. Therefore, our Profitability is dependent, on our ability to recover the fixed costs over higher sales volume. If we are unable to generate sufficient production cost savings in the future to offset price reductions or if there is any reduction in demand for our products, which will result in decreased sales, our Gross Margin and Profitability may be materially adversely affected.

17. *Our ability to anticipate changes in Customer Preferences, and Industry trends to meet customers' demands and any variations in the Government Regulations/policies or Technology Upgradation is a significant factor to remain competitive, any failure to identify and understand the trends may materially adversely affect our Business.*

Changes in Customer Preferences, Regulatory or Industry requirements, variation in any of the Government policies or Competitive Technologies may render certain of our products obsolete. Since our Business is Customer centric, our ability to anticipate changes in Technology and Regulatory standards and to successfully introduce new and enhanced products on a timely basis is a significant factor to remain competitive. If we are unable to obtain such knowledge in a timely manner, or at all, we may be unable to effectively implement our strategies, and our Business and our Results of Operations may be adversely affected. We are also subject to the risks generally associated with new products and applications, including lack of market acceptance and failure of products to operate properly. Customer preferences in the markets we operate are difficult to predict and changes in those preferences or the introduction of new products by our Competitors could put our products at a Competitive disadvantage. To compete effectively in the Industry, we must be able to produce new products to meet our Customers' demands in a timely manner. Our failure to successfully produce new products could materially and adversely affect our Results of Operations.

18. *One of our Group Company is in the same line of business and consequently the interest of this Company may be in conflict with the interest of our Company.*

One of our Group Company viz Excel Micron (Poona) Private Limited is in the same line of business products in which our Company operates. It is engaged in the manufacturing of Refractory Product like High Alumina Balls mainly required by Refineries, Fertilizer Companies and Steel Industries. Our Group Company and our Company operates in the same line of Refractory Industry but manufactures different Refractory Products. This may lead to potential conflict of interest between us and this entity. There can be no assurance that our Group Company will not compete with our existing business or any future business that we may undertake or that their interests will not conflict with ours. Any such present and future conflicts could have a material adverse effect on our Reputation, Business, Results of Operations and Financial Condition of the Company.

19. *We are dependent on third-party transportation providers for the supply of raw materials and delivery of our finished products.*

Our Manufacturing Facilities are strategically located which in turn makes it possible for us to procure raw material in an effective and timely manner. We arrange transportation on lowest price and availability basis. However, despite being strategically located, our Company is dependent upon third party service providers for the transport of the raw materials and finished products. As a manufacturing business, our success depends on the uninterrupted supply and transportation of raw materials required for our Manufacturing Facilities. We may or may not undertake the responsibility of delivery of raw materials or final products to or from our Manufacturing Facilities or to our Customers. We rely on third-party logistic service providers and freight forwarders for the purpose of the same. Factors such as transportation strikes could adversely impact the supply of raw materials and the delivery of our products. In the past three Fiscals and in the stub period ended September 30, 2023, we have not experienced any material disruption in transportation services. Past increases in transportation costs have been negotiated with the relevant third party and benchmarked with market prices. However, any such reductions or interruptions in the supply of the raw materials we source from third parties, including abrupt increases in the transportation or fuel costs, inability on our part to find alternate sources for the procurement of such raw materials and termination in arrangements with our local transport agencies, if any could adversely affect our Business, Results of Operations and Financial Condition and may have an adverse effect on our ability to manufacture or deliver our products in a timely or cost effective manner.

20. *Any inability to protect our Intellectual Property or any claims that we infringe on the Intellectual Property Rights of others could have a material adverse effect on us.*

The measures we take to protect our Intellectual Property including initiating legal proceedings, may not be adequate. Further, we may not be able to prevent infringement of our trademarks and a passing off action may not provide sufficient protection until such time that the aforesaid registration is granted.

Our Brand Name or Trademark “REFRAPURE” is a Registered Trademark under Class 1 registered under the Registrar of Trademarks. We do not have any control over third party using our brand name/trademark for their products. Any misuse of our brand name and such actions are not within our control and can severely impact Business and may result in requirement to undertake rebranding exercises, all of which may result in additional costs for us and could also impact our Reputation. We routinely monitor third party trademarks, including domain names, by keeping a check on the use of our trademarks. However, it is possible that we are not aware of misuse of our trademarks and this could potentially cause loss of our Reputation, which could impact our Business and may even affect our Goodwill. The use of a deceptively similar or identical third-party mark may result in a loss or injury to us. Such an action may also become a lengthy and costly exercise for us and may not always be in our favour.

While we take care to ensure that we comply with the Intellectual Property Rights of others, we cannot determine with certainty whether we are infringing any existing third-party Intellectual Property Rights which may force us to alter our brand names. We may also be susceptible to claims from third parties asserting infringement and other related claims. If similar claims are raised in the future, these claims could result in costly litigations, divert management’s attention and resources, subject us to significant liabilities and requires us to enter into potentially expensive royalty or licensing agreements or to cease usage of certain brand names. Furthermore, necessary licenses may not be available to us on satisfactory terms, if at all. Any of the foregoing could have an adverse effect on our Reputation, Business, Financial Condition, Cash Flows and Results of Operations.

21. ***Our Company logo “” is currently not registered with Registrar of Copyright; any infringement of our logo or failure to get it registered may adversely affect our Business. Further, any kind of negative publicity or misuse of our logo could hamper our Goodwill and our future Growth Strategies could be adversely affected.***

Our Company has made an application for registration with the Registrar of Copyright for registration of logo “

” . If we are unable to register the Intellectual Property in the future in our name or any objection on the same may require us to change our logo, we may lose the goodwill created so far. Further, the same may involve costly litigations and penal provisions if some legal consequences arise if someone from outside use logo of the Company. We believe that our future growth and competitiveness would depend on our ability to establish and strengthen our Brand. We cannot guarantee that we will be able to make a lasting brand image with our clients and other people in the absence of a logo. Although, we believe that our present systems are adequate to protect our confidential information and intellectual property, there can be no assurance that our intellectual property data, will not be copied, infringed or obtained by third parties. Further, our efforts to protect our intellectual property may not be adequate and may lead to erosion of our Business Values and our Operations could be adversely affected. This may lead to litigations and any such litigations could be time consuming and costly and their outcome cannot be guaranteed. Our Company may not be able to detect any unauthorized use or take appropriate and timely steps to enforce or protect our intellectual property, which may adversely affect our Business, Financial Condition and Results of Operations.

22. ***Our Registered Office and Manufacturing unit I is not owned by us. In the event we lose such rights, our Business, Financial Condition and Results of Operations and Cash Flows could be adversely affected.***

Our Registered Office situated at B 201, Rustomjee Central Park Chakala, Andheri-Kurla Road, Andheri (East), Mumbai-400069, Maharashtra is not owned by us and is taken on rent pursuant to rent agreement dated January 18, 2024, entered between Windsor Refractories Limited and Company and also Windsor Refractories Limited has given us a no objection certificate for the same to use the premises as registered office of the company. One of our Manufacturing Unit I Situated at Survey-7, Survey-28, Survey-8 and Survey-30, S-Block, Pimpri Industrial Area, MIDC, At Village Bhosari, Taluka Haveli, Pune- 411026 is also not owned by us. These properties belong to

Maharashtra Industrial Development Corporation (MIDC) and were originally taken by some other parties on Lease basis pursuant to the Lease Deed dated October 16, 1980, September 15, 1975 and July 22, 1981 respectively entered into between MIDC and Respective Lessee and subsequently these properties were transferred to our company pursuant to Deed of Assignment of Lease Agreement dated June 19, 1996, March 25, 2019 and May 06, 2002 respectively. For further details, see section “*Our Business*” beginning on page 133 of this Draft Red Herring Prospectus. If we are required to vacate the current premises, we would be required to make alternative arrangements for new offices and other infrastructure, and we cannot assure that the new arrangements will be on commercially acceptable/favourable terms. If we are required to relocate our business operations during this period, we may suffer a disruption in our operations or have to pay higher charges, which could have an adverse effect on our business, prospects, results of operations and financial condition.

23. *Our company has an in-house testing laboratory in accordance with ISO/IEC 17025:2017 to conduct raw material and final product sample testing. If we fail to test the quality of raw material and final product as required, our business, financial condition, cash flows and operations will be adversely affected.*

Our company has an in-house testing laboratory in accordance with ISO/IEC 17025:2017 to conduct raw material and final product sample testing. After receipt of raw material like Tabular Alumina, Clay, Different grades of Aggregates and cement at our premises, strict inspection is carried out for the lot received. The type of raw materials to be procured is identified by the Quality Control (“QC”). Thereafter different vendors are contacted for the materials. A trial sample is requested by the vendor and tested by the QC to check if the properties match the requirement, Thereafter, a visit to the vendor is scheduled to check his manufacturing facility and financial capabilities to meet the supply demand. After physical survey, points are allotted to the vendor on various parameters and if they are passing the survey, the vendor is enlisted into the company. the procurement requirement is given through email for quotation & delivery period, Once the quotation is finalized, purchase order is issued. If for any reason, the supplier denies to register the complaint and do not take any actions on it to replace the defect in material, this will hamper and delay our production and the quality of the product and our revenue and results of operations may be adversely affected.

We cannot assure that our laboratory will be in accordance with ISO/IEC 17025:2017 in future due to any unavoidable reasons thereof due to which production of our product will be hampered and delay and thus our revenue and results of operations may be adversely affected. We also cannot assure that we will be able to test and check the quality of raw material and final product in an efficient manner on a continuous basis in future, if we fail to test the same, our revenue and results of operations may be adversely affected.

24. *We have entered into and may enter into related party transactions in the future also.*

Our Company in the past has entered into Related Party Transactions and may continue to do so in future also, which may affect our competitive edge. Our Company had entered into various transactions with our Promoter, Promoter Group, Directors and their Relatives and Group Companies & entities. These transactions, inter-alia includes Sales, Purchases, vehicle hire charges, professional fees, Remuneration, Loans etc. The Percentage of total related party transaction to total revenue is 47.58 %, 32.75 %, 51.29 % and 112.89 % for the period ended September 30, 2023 and for the year ended on March 31, 2023, 2022 and 2021 Respectively, and Our Company entered into such transactions at arm length price due to easy proximity and quick execution. Also, the transactions are in compliance with Companies Act, 2013 and other applicable provisions. While we believe that all our related party transactions have been conducted on an arm’s length basis, we cannot assure you that we may not have achieved more favorable terms had such transactions been entered into with unrelated parties. There can be no assurance that such transactions, individually or taken together, will not have an adverse effect on our business, prospects, results of operations and financial condition, including because of potential conflicts of interest or otherwise.

25. *We may not be able to accurately manage our inventory, this may adversely affect our goodwill and business, financial condition and results of operations.*

The results of operations of our business are dependent on our ability to effectively manage our inventory and stocks. To effectively manage our inventory, we must be able to accurately estimate customer demand and supply requirements and manufacture and trade inventory accordingly. If our management has misjudged expected customer demand it could adversely impact the results by causing either a shortage of products or an accumulation of excess inventory. Further, if we fail to sell the inventory we manufacture, we may be required to write-down our inventory

or pay our suppliers without new purchases, or create additional vendor financing, which could have an adverse impact on our income and cash flows. We estimate our sales based on the forecast, demand and requirements and also on the customer specifications. Natural disasters such as earthquakes, extreme climatic or weather conditions such as floods or droughts may adversely impact the supply of raw material and local transportation. Should our supply of raw materials be disrupted, we may not be able to procure an alternate source of supply in time to meet the demands of our customers. Such disruption to supply would materially and adversely affect our business, profitability and reputation. In the past we have not experienced any instances of disruptions to the delivery of product to our customer occurred for reasons such as poor handling, transportation bottlenecks, or labour strikes, which could have led to delayed or lost deliveries or damaged products and disrupt supply of these products., but there is no guarantee that these instances will not happen in future to improve our line capability, we try to stock our inventory at our manufacturing facility. An optimal level of inventory is important to our business as it allows us to respond to customer demand effectively. If we overstock inventory, our capital requirements will increase and we will incur additional financing costs. If we under-stock inventory, our ability to meet customer demand and our operating results may be adversely affected. Any mismatch between our planning and actual consumer consumption could lead to potential excess inventory or out-of-stock situations, either of which could have an adverse effect on our business, financial condition and results of operation.

26. We face competition from domestic market and our inability to compete effectively may have a material adverse impact on our business, financial condition and results of operations.

The Refineries and Steel Industries provides for significant competition in our business based on pricing, relationships with customers, research and development and product quality. Over the Decade, diversified products were introduced by our Company and modern manufacturing equipment were installed for scaling the manufacturing. Over time, Our Company started developing many proprietary products which are supplied to Refineries and Steel Industries. We face pricing pressures from companies, that are able to manufacture Refractory products at competitive costs and consequently, may supply their products at cheaper prices. We are unable to assure you that we shall be able to meet the pricing pressures imposed by such competitors domestically, which would adversely affect our business, financial condition and results of operations. Additionally, some of our competitors in the intermediates and in the Refractory business may have greater financial, research and technological resources, larger sales and marketing teams and more established reputation. They may also be in a better position to identify market trends, adapt to changes in industry, innovate and develop new products and also ensure product quality and compliance.

27. KYC document of one of the member of promoter group evidencing her identity is not traceable.

One of our Promoter Group member, Sarojini Rajeev Hegde does not possess KYC Documents i.e. PAN Card & Aadhar Card for which a personal affidavit have been provided by her and we have relied on that. We can't assure you that back-ups for the relevant copies of KYC Documents i.e. PAN card & Aadhar Card will be available in a timely manner or at all in near future.

28. There are certain discrepancies in the names of our 2 independent directors and we are not able to verify their DIN with their PAN on the MCA website owing to which we may struck with certain technical issues while filing for our records with the Ministry of Corporate Affairs.

The details as filed with the Ministry of Corporate Affairs ("MCA"), pertaining to our Independent Directors, Mr. Abhay Yatin Naik and Mr. Kemmannu Shashidhara Rao does not match with their PAN database for the reason being that in the DIN details, the order of first name, middle name and the Surname of self or that of their father, does not match the order that is mentioned in their PAN details. Accordingly, we are not able to verify their DIN details with their PAN. Although the aforementioned directors have initiated the process of getting their PAN and Aadhaar corrected and co-related with each other so that relevant correction in that respect can be filed with the MCA as well, we are not sure that the process will be completed in near future or before the filing of this draft red herring prospectus and in the event of any further delay, we may face technical issues while updating our records and filing our returns / any other information document with the MCA which may delay our process or cause us to end up paying penalty.

29. Our Company has availed certain unsecured loan which can be recalled at any time.

Our Company has availed certain unsecured loan amounting to ₹ 649.40 lakh as on December 31, 2023. The unsecured loan taken by our Company from Related Parties may be recalled at any time. Though our Company intends to repay the loan amount in near future, sudden recall may disrupt our operations and also may force us to find alternative sources of financing, which may not be available on commercial reasonable terms or at all. opt for funding at higher interest rates, resulting in higher financial burden. We may not have adequate working capital to meet business requirements of our Company, and, as a result, any such demand by the lenders may affect our business, cash flows, financial condition and results of operations. Further, in respect of such unsecured loan, no proper agreement has been executed between the parties. For further details, please refer to the section “*Financial Indebtedness*” beginning on page no. 216 of this Draft Red Herring Prospectus.

30. *We have incurred indebtedness. In addition, certain of our financing agreements involve variable interest rates and an increase in interest rates may adversely affect our results of operations and financial condition.*

Our company operates in the industry which is capital intensive in nature, and we fund a large part of our operations through financing from banks. As on December 31, 2023, we had total financial indebtedness of ₹ 2,232.72 lakhs. For further information on our secured borrowings, see “*Financial Indebtedness*” on page 216 of this Draft Red Herring Prospectus. We usually finance our working capital requirements mainly through our internal accruals and arrangements with banks. Our ability to borrow and the terms of our borrowings will depend on our financial condition, the stability of our cash flows and our capacity to service debt in a rising interest rate environment. If our future cash flows from operations and other capital resources are insufficient to pay our debt obligations or our contractual obligations, or to fund our other liquidity needs, we may be forced to sell assets or attempt to restructure or refinance our existing indebtedness. Our ability to restructure or refinance our debt will depend on the condition of the capital markets, our financial condition at such time and the terms of our other outstanding debt instruments.

Any refinancing of our debt could be at higher interest rates and may require us to comply with more onerous covenants, which could further restrict our business operations. We are susceptible to changes in interest rates and the risks arising therefrom. Certain of our financing agreements provide for interest at variable rates and the lenders are entitled to charge the applicable rate of interest, which is a combination of a base rate/MCLR rate that depends upon the policies of the RBI and a contractually agreed spread. Further, in recent years, the GoI has taken measures to control inflation, which included tightening the monetary policy by raising interest rates. As such, any increase in interest rates may have an adverse effect on our business, results of operations, cash flows, and financial condition.

Further, if the Company fails to fulfil the conditions of loan arrangement with few or all of the Banks or Financial Institution then it was substantially affect our reputation in the industry which may result in losing the major Customers.

31. *We are subject to strict quality requirements and any product defects or any failure by us to comply with quality standards may lead to the cancellation of existing and future orders, product recalls and exposure to potential product liability claims, warranty claims and other disputes.*

We face an inherent business risk of exposure to product defects. We may not be able to meet regulatory relevant quality standards in India, or the quality standards imposed by our customers and applicable to our manufacturing processes, which could have a material adverse effect on our business, financial condition, results of operations and cash flows.

Our company is ISO 9001:2015 Certified company in Quality Management System and ISO 45001:2018 Certified Company in Occupational Health & safety Management System for Manufacturing and Dispatch of High Alumina Refractories, Alumina Balls, Precast Shapes, insulation Refractories, Castables & Mortars. Our Company is also ISO 9001:2015, ISO 14001:2015 & ISO 45001:2018 certified for Manufacturing and Dispatch of High Alumina Refractories, Pre Cast shapes, insulation Refractories, Castables & Mortars issued by bureau Vertias. Our Company is also ISO/IEC 17025:2017 certified with Certificate of Accreditation issued by National Accreditation Board of Testing and Calibration Laboratories for General Competence of Testing & Calibration laboratories. Our company ensures to abide by all the ISO mentioned above while manufacturing and dispatching our final product in best of our capacity. If any of our products do not meet regulatory standards or are defective, we may be, inter alia responsible for damages relating to any defective products, required to replace, recall or redesign such products or and incur

significant costs to defend any such claims, which could have an adverse impact on our company's business operations and financial condition of the company.

If any of our products do not meet regulatory standards or are defective, we may be, inter alia, (i) responsible for damages relating to any defective products, (ii) required to replace, recall or redesign such products or (iii) incur significant costs to defend any such claims.

The failure by us or any of our suppliers to achieve or maintain compliance with regulatory requirements or quality standards may disrupt our ability to supply products sufficient to meet demand until compliance is achieved or, until a new supplier has been identified and evaluated. We have implemented quality control processes and regularly conduct inspections of raw materials sourced from suppliers and finished products manufactured by job workers on the basis of our internal quality standards. However, we cannot assure you that our job workers will always adhere to such standards and that our quality control processes will not fail or the quality tests and inspections conducted by us are accurate at all times. There is no assurance that our products will always meet the satisfaction of our customers' quality standards. Although we have not faced any failure to comply with applicable regulations in the past, we cannot assure in future if our failure to comply with applicable regulations could cause adverse consequences to be imposed on us, including fines, injunctions, civil penalties, the refusal of regulatory authorities to grant approvals or renewal, delays, suspensions or withdrawal of approvals, license revocation, seizures or recalls of products, operating restrictions and criminal prosecutions, all of which could harm our business. There can be no assurance that if we need to engage new suppliers to satisfy our business requirement, we will be able locate new suppliers in compliance with regulatory requirements in a timely manner, or at all. Failure to do so could lead to the cancellation of existing and future orders and have a material adverse effect on our business and revenue.

32. *Failure to deal effectively with fraudulent activities on emails would increase our fraud losses and harm our business and could severely diminish seller and consumer confidence in and use of our services.*

We face risks with respect to fraudulent activities on our emails. Although we have implemented measures to detect and reduce the occurrence of fraudulent activities, scams, including encouraging reporting of concerns, gating and monitoring higher-risk activities, evaluating sellers on the basis of their transaction history, and restricting or suspending some sellers, we cannot assure you that these measures will be effective in combating fraudulent transactions or improving overall satisfaction among sellers and consumers. We will need to evolve to combat fraudulent activities as they develop. Any failure to evolve could result in loss of consumer trust. At the same time, the implementation of additional measures to address fraud could negatively affect the attractiveness of our offerings to consumers and sellers, or create friction in our consumers' experience.

33. *The dependence on third-party services could have an adverse effect on the business, financial condition and results of operations.*

Our Company is dependent on third party for one of the processes i.e. Mould Making. We may not be able to obtain service from third parties for our requirements, on attractive rates or the third parties may not have adequate available capacity to meet our requirements in a timely manner.

Further, if the company is unable to procure the services of third-party or not capable of sufficiently scaling up operations in response to increased demand from customers, the company might be compelled to make capital expenditures or seek out costlier or lower quality third-party service to meet the requirements which could have an adverse effect on the business prospects, financial condition and results of operations of the company.

34. *Our inability to meet the changes in technology or advancement requirements in our current manufacturing process, may render our current technologies obsolete or may require additional investments which may have an adverse effect on the Business, financial condition and results of operations.*

Technology advancement and upgradation is essential in our industry to keep up with the increasing demands in the market and make the process smooth in terms of manufacturing larger output. However, our technology may become obsolete and Company would then require to make substantial amounts of investments to strive to keep our technology in line with the latest technological standards.

Further, the cost that may be involved in upgrading to the latest technology and modernization in the current manufacturing unit may adversely affect the Business and results of operations of the Company.

35. *In case of our inability to obtain, renew or maintain the statutory and regulatory licenses, permits and approvals required to operate our business it may have a material adverse effect on our business.*

We are governed by various laws and regulations for our business and operations. We are required, and will continue to be required, to obtain and hold relevant licenses, approvals and permits at state and central government levels for doing our business. The approvals, licenses, registrations and permits obtained by us may contain conditions. Further we will need to apply for renewal of certain approvals, licenses, registrations and permits, which expire or need to update pursuant to change in name and conversion of company to public Company.

While we have obtained a significant number of approvals, licenses, registrations and permits from the relevant authorities. There can be no assurance that the relevant authority will issue an approval or renew expired approvals within the applicable time period or at all. Any delay in receipt or non-receipt of such approvals, licenses, registrations and permits could result in cost and time overrun or which could affect our related operations.

These laws and regulations governing us are increasingly becoming stringent and may in the future create substantial compliance or liabilities and costs. While we endeavor to comply with applicable regulatory requirements, it is possible that such compliance measures may restrict our business and operations, result in increased cost and onerous compliance measures, and an inability to comply with such regulatory requirements may attract penalty. For further details regarding the material approvals, licenses, registrations and permits, see “*Government and Other Approvals*” on page 238 of this Draft Red Herring Prospectus.

Furthermore, we cannot assure you that the approvals, licenses, registrations and permits issued to us will not be suspended or revoked in the event of non-compliance or alleged non-compliance with any terms or conditions thereof, or pursuant to any regulatory action. Any suspension or revocation of any of the approvals, licenses, registrations and permits that has been or may be issued to us may affect our business and results of operations.

36. *Our Company engages contract labourers at its Manufacturing Facilities.*

We engage independent contractors through whom we engage contract labourers for performance of certain functions at our Manufacturing Facility for the performance of non-core tasks such as Loading and unloading, mixing of raw material, packing & dispatch. Although we do not engage these labourers directly, we are responsible for any wage and statutory payments to be made to such labourers in the event of default by such independent contractors. Any requirement to fund their wage requirements may have an adverse impact on our results of operations and our financial conditions. In addition, we may be liable for or exposed to litigations, sanctions, penalties or losses arising from accidents or damages caused by our workers or contractors.

37. *Certain of our Promoters may be interested in us other than in terms of remuneration and reimbursement of expenses, and this may result in conflict of interest with us.*

In future certain of our Promoters may be interested in us, in addition to regular remuneration or benefits and reimbursement of expenses, to the extent of their shareholding, direct and indirect, and our stock options and benefits arising therefrom. Our Promoter is also interested in us to the extent of his/her shareholding in us and any other benefits that may arise from the shareholding therefrom. We cannot assure you that our Promoter will exercise their rights as shareholders to our benefit and best interest.

38. *Our Company operates under several statutory and regulatory permits, licenses and approvals. Our failure to obtain and/or renew any approvals or licenses in future may have an adverse impact on our business operations.*

Our Company requires several statutory and regulatory permits, licenses and approvals to operate the business. Many of these approvals are granted for fixed periods of time and need renewal from time to time. Our Company is required to renew such permits, licenses and approvals. There can be no assurance that the relevant authorities will issue any of such permits or approvals in time or at all. Further, these permits, licenses and approvals are subject to several conditions, and our Company cannot assure that it shall be able to continuously meet such conditions or be able to

prove compliance with such conditions to statutory authorities, and this may lead to cancellation, revocation or suspension of relevant permits/ licenses/ approvals. Further pursuant to change of name of the Company upon conversion from Private Limited to Public Limited, we further need to get our licenses updated. Failure by our Company to renew, alter, maintain or obtain the required permits, licenses or approvals, or cancellation, suspension or revocation of any of the permits, licenses or approvals which may result in the interruption of our Company's operations and may have a material adverse effect on the business. For details, please refer to chapter titled "*Government and Other Statutory Approvals*" beginning on page 238 of this Draft Red Herring Prospectus

39. *Our success largely depends upon the knowledge and experience of our Promoters, Directors, our Key Managerial Personnel and Senior Management. Any loss of our Promoter, Directors, Key Managerial Personnel, Senior Management could adversely affect our business, financial condition and results of operations.*

Our success largely depends upon the knowledge and experience of our Promoters, Directors, Key Managerial Personnel and Senior Management. Any loss of our Promoters, Directors, Key Managerial Personnel and Senior Management could adversely affect our business, financial condition and results of operations. We depend on the management skills and guidance of our Promoter for development of business strategies, monitoring their successful implementation and meeting future challenges. Further, we also significantly depend on the expertise, experience and continued efforts of our Key Managerial Personnel and Senior Management. Our future performance will depend largely on our ability to retain the continued service of our management team. If one or more of our Key Managerial Personnel or Senior Management are unable or unwilling to continue in his or her present position, it could be difficult for us to find a suitable or timely replacement and our business, financial condition and results of operations could be adversely affected.

In addition, we may require a long period of time to hire and train replacement personnel when personnel with technical expertise terminate their employment with us. We may also be required to increase our levels of employee compensation more rapidly than in the past to remain competitive in attracting and retaining personnel with technical expertise that our business requires. The loss of the services of such persons could have an adverse effect on our business, results of operations, cash flows and financial condition.

40. *We depend on skilled personnel and if we are unable to recruit and retain skilled personnel, our ability to operate or grow our business could be affected.*

Our Business Operation requires skilled and creative manpower intensive and we engage a considerable number of skilled personnel every year to sustain our growth. Further, we spend significant time and resources in training the manpower we hire. Our success is substantially dependent on our ability to recruit, train and retain skilled manpower. High attrition and competition for manpower may limit our ability to attract and retain the skilled manpower necessary for our future growth requirements. We cannot assure you that skilled manpower will continue to be available in sufficient numbers suitable to our requirements or that we will be able to grow our workforce in a manner consistent with our growth objectives, which may affect our business, financial condition, results of operations and prospects.

41. *The industry in which we operate is labour intensive and our manufacturing operations may be materially adversely affected by strikes, work stoppages or increased wage demands by our employees or those of our suppliers.*

Shortage of skilled/unskilled personnel or work stoppages caused by disagreements with employees could have an adverse effect on our business and results of operations. Though we have not experienced any major disruptions in our business operations due to disputes or other problems with our work force in the past; however, there can be no assurance that we will not experience such disruptions in the future. Such disruptions may adversely affect our business and results of operations and may also divert the management's attention and result in increased costs. India has stringent labour legislation that protects the interests of workers, including legislation that sets forth detailed procedures for the establishment of unions, dispute resolution and employee removal and legislation that imposes certain financial obligations on employers upon retrenchment. We are also subject to laws and regulations governing relationships with employees, in such areas as minimum wage and maximum working hours, overtime, working conditions, hiring and terminating of employees and work permits. Although our employees are not currently unionized and we have in past not faced any instances of trouble from our labours, there can be no assurance that they will not unionize in the future. If our employees unionize, it may become difficult for us to maintain flexible labour policies, and we may face the threat of labour unrest, work stoppages and diversion of our management's attention

due to union intervention, which may have a material adverse impact on our business, results of operations and financial condition.

- 42. *Our funding requirements and proposed deployment of the Net Proceeds are based on management estimates and we have not entered into any definitive arrangements to utilize the Net Proceeds of the Issue and the Objects have not been independently appraised by a bank or a financial institution. Any variation in the utilisation of the Net Proceeds would be subject to certain compliance requirements, including prior shareholders' approval.***

We intend to use the Net Proceeds of the Issue for the purposes described in the section titled “*Objects of the Issue*” on page 91. The Objects of the Issue are: a) Funding of Capital expenditure towards civil construction required for Expansion of existing manufacturing unit at the existing location situated at Wankaner, Gujarat; b) Funding of Capital expenditure towards purchase of Plant and Machineries for Expanding existing manufacturing unit at the existing location situated at Wankaner, Gujarat; c) Repayment/prepayment of all or certain of our borrowings availed of by our Company; d) Purchase of Commercial Vehicle; and e) General Corporate Purposes.

The Objects of the Issue have not been appraised by any bank or financial institution, and certain our funding requirement is based on current conditions, internal estimates and are subject to changes in external circumstances or costs, or in other financial condition, business or strategy. Based on the competitive nature of our industry, we may have to revise our business plan and/or management estimates from time to time and consequently our funding requirements may also change. Such internal estimates may differ from that of any third party appraisals, which may require us to reschedule or reallocate our expenditure, subject to applicable laws. In case of increase in actual expenses or shortfall in requisite funds, additional funds for a particular activity will be met by any means available to us, including internal accruals and additional equity and/or debt arrangements, and may have an adverse impact on our business, results of operations, financial condition and cash flows. Accordingly, investors in the Equity Shares will be relying on the judgment of our management regarding the application of the Net Proceeds. Further, pursuant to Section 27 of the Companies Act, any variation in the Objects of the Issue would require a special resolution of the shareholders and the promoter or controlling shareholders will be required to provide an exit opportunity to the shareholders who do not agree to such proposal to vary the Objects of the Issue, at such price and in such manner in accordance with applicable law.

- 43. *Our Promoters and members of our Promoter Group will be able to exercise significant influence and control over us after the Issue and may have interests that are different from or conflict with those of our other shareholders.***

As on the date of this Draft Red Herring Prospectus, our Promoters and Promoter Group collectively hold 100% of the paid-up Equity Share capital of our Company. Post-Issue, the Promoters will continue to collectively hold substantial shareholding in our Company. For details of their shareholding pre and post-Issue, see “*Capital Structure*” on page 78. By virtue of their shareholding, our Promoters will have the ability to exercise significant control and influence over our Company and our affairs and business, the timing and payment of dividends, the adoption of and amendments to our Memorandum and Articles of Association, the approval of a merger or sale of substantially all of our assets and the approval of most other actions requiring the approval of our shareholders. The interests of our Promoters may be different from or conflict with our interests or the interests of our other shareholders in material aspects and, as such, our Promoters may not make decisions in our best interests.

- 44. *Portion of our Issue Proceeds are proposed to be utilized for general corporate purposes which constitute [●]% of the Issue Proceed.***

As on date we have not identified the use of such funds. Portion of our Issue Proceeds are proposed to be utilized for general corporate purposes which constitute [●] % of the Issue Proceed. We have not identified the general corporate purposes for which these funds may be utilized. The deployment of such funds is entirely at the discretion of our management subject to the applicable laws and in accordance with policies established by our Board of Directors from time to time and subject to compliance with the necessary provisions of the Companies Act. For details, please refer the chapter titled “*Objects of the Issue*” beginning on Page No. 91 of this Draft Red Herring Prospectus.

- 45. *The deployment of funds raised through this Issue shall not be subject to any Monitoring Agency and shall be purely dependent on the discretion of the management of our Company.***

Since the issue size is less than ₹10,000 Lakhs, there is no mandatory requirement of appointing an Independent Monitoring Agency for overseeing the deployment of utilization of funds raised through this Issue. The deployment of these funds raised through this Issue, is hence, at the discretion of the management and the Board of Directors of our Company, subject to applicable laws and will not be subject to monitoring by any independent agency. Any inability on our part to effectively utilize the Issue proceeds could adversely affect our financials.

46. *Our success largely depends upon our ability to attract and retain our Promoters, Directors, Key Managerial personnel and Senior Management with technical expertise. Our inability to attract and retain them and other personnel with technical expertise could adversely affect our business, financial condition and results of operations.*

Our success largely depends upon our ability to attract and retain our Promoters, Directors, Key Managerial personnel and Senior Management with technical expertise. Our inability to attract and retain them and other personnel with technical expertise could adversely affect our business, financial condition and results of operations. There is significant competition for management and other skilled personnel in our industry in which we operate, and it may be difficult to attract and retain the personnel we require in the future. There can be no assurance that our competitors will not offer better compensation packages, incentives and other perquisites to such skilled personnel. If we are not able to attract and retain talented employees as required for conducting our business, or if we experience high attrition levels which are largely out of our control, or if we are unable to motivate and retain existing employees, our business, financial condition and results of operations may be adversely affected. For further information, see “*Our Management*” on page 185 of this Draft Red Herring Prospectus.

47. *The orders placed by customers may be delayed, modified or cancelled, which may have an adverse effect on our business, financial condition and results of operations.*

We may encounter problems in executing the orders in relation to our products, or executing it on a timely basis. Moreover, factors beyond our control caused by matters such as acts of God, strikes, civil commotion, riots, war, revolution, acts of governments, lack of adequate production capacity, failure or delay in plant start up, breakdown of machinery, shortage of raw materials, etc. or the control of our customers may postpone the delivery of such products or cause its cancellation. Due to the possibility of cancellations or changes in scope and schedule of delivery of such products, resulting from our customers’ discretion or delay in procurement of raw material or problems we encounter in the delivery of such products or reasons outside our control or the control of our customers, we cannot predict with certainty when, if or to what extent we may be able to deliver the orders placed. Additionally, delays in the delivery of such products can lead to customers delaying or refusing to pay the amount, in part or full, that we expect to be paid in respect of such products. In addition, even where a delivery proceeds as scheduled, it is possible that the customers may default or otherwise fail to pay amounts owed.

48. *We have taken guarantees from our directors in relation to Debt Facilities provided to us.*

We have taken guarantees from our directors in relation to our secured debt facilities availed from our Bankers. In an event any of these persons withdraw or terminate its/their guarantees, the lender for such facilities may ask for alternate guarantees, repayment of amounts outstanding under such facilities, or even terminate such facilities. We may not be successful in procuring guarantees satisfactory to the lender and as a result may need to repay outstanding amounts under such facilities or seek additional sources of capital, which could adversely affect our financial condition. For more information, please see the chapter titled “*Financial Indebtedness*” beginning on page 216 of this Draft Red Herring Prospectus.

49. *We may not be fully insured for all losses we may incur.*

Although we attempt to limit and mitigate our liability for damages arising from negligent acts, errors or omissions through contractual provisions, limitations of liability set forth in our contracts may not be enforceable in all instances or may not otherwise protect us from liability for damages. In addition, certain liabilities, such as claims of third parties for which we may be required to indemnify our clients, are generally not limited under those agreements. We have taken various insurance policies, details of which is mentioned in the section titled, “*Insurance*” under the chapter titled, “*Our Business*” on page 133 of the Draft Red Herring Prospectus. Although we believe we have adequate insurance coverage but that coverage may not continue to be available on reasonable terms or to be available

in sufficient amounts to cover one or more large claims, and our insurers may disclaim coverage as to any future claim. Insurance coverage may be an inadequate remedy where the loss suffered is not easily quantifiable, for example, in the event of severe damage to our reputation. The successful assertion of one or more large claims against us that exceed available insurance coverage, or changes in our insurance policies (including premium increases or the imposition of large deductible or co-insurance requirements), could have a material adverse effect on our business, reputation, results of operations, financial condition and cash flows.

50. *Our business may expose us to potential product liability claims, which could adversely affect our results operation, goodwill and the marketability of our products.*

While we are not directly exposed to potential product liability claims given the nature of our business, we may be exposed to certain risks associated with the purchase orders issued by us, and the severity and timing of such claims are unpredictable. We face the risk of loss resulting from, and the adverse publicity associated with, lawsuits, whether or not such claims are valid. We may also be subject to claims resulting from manufacturing defects or negligence in storage or handling which may lead to the deterioration of our products. Such claims, regardless of their merits or the ultimate success of the defence against them, are expensive. Even unsuccessful claims would likely require us to incur substantial amounts on litigation and require our management's time and focus. Any loss of our reputation or brand image may lead to a loss of existing business contracts and affect our ability to enter into additional business contracts in the future, which may have an adverse effect on our business, results of operations, financial condition and cash flows. Accordingly, such claims, may adversely affect our results of operation, goodwill and the marketability of our products.

51. *Failure or disruption of our IT, manufacturing automation systems may adversely affect our business, financial condition and results of operations.*

We have implemented various information technology (“IT”) systems to cover key areas of our operations, procurement, dispatch and accounting. We also have various ERP software that for our manufacturing and production. These systems are potentially vulnerable to damage or interruption from a variety of sources, which could result from (among other causes) cyber-attacks on or failures of such infrastructure or compromises to its physical security, as well as from damaging weather or other acts of nature. A significant or large-scale malfunction or interruption of one or more of our IT systems or manufacturing automation systems could adversely affect our ability to keep our operations running efficiently and affect product availability, particularly in the country, region or functional area in which the malfunction occurs, and wider or sustained disruption to our business cannot be excluded. In addition, it is possible that a malfunction of our data system security measures could enable unauthorized persons to access sensitive business data, including information relating to our intellectual property or business strategy or those of our customers. While we have not faced significant disruptions in past, any such malfunction or disruptions in future could cause economic losses for which we could be held liable or cause damage to our reputation. Any of these developments, alone or in combination, could have a material adverse effect on our business, financial condition and results of operations. Further, unavailability of, or failure to retain, well trained employees capable of constantly servicing our IT, manufacturing automation systems may lead to inefficiency or disruption of our operations and thereby adversely affecting our business, financial condition and results of operations.

52. *Our ability to pay dividends will depend upon future earnings, financial condition, cash flows, working capital requirements, capital expenditures and other factors.*

We may retain all our future earnings, if any, for use in the operations and expansion of our business. As a result, we may not declare dividends in the foreseeable future. Any future determination as to the declaration and payment of dividends will be at the discretion of our Board of Directors and will depend on factors that our Board of Directors deem relevant, including among others, our results of operations, financial condition, cash requirements, business prospects and any other financing arrangements. Additionally, under some of our loan agreements, we may not be permitted to declare any dividends, if there is a default under such loan agreements or unless our Company has paid all the dues to the lender up to the date on which the dividend is declared or paid or has made satisfactory provisions thereof. Accordingly, realization of a gain on shareholders' investments may largely depend upon the appreciation of the price of our Equity Shares. There can be no assurance that our Equity Shares will appreciate in value. For details of our dividend history, see “Dividend Policy” on page 211 of this Draft Red Herring Prospectus.

53. *Employee misconduct including misuse of confidential data and failure to maintain confidentiality of information could harm us and is difficult to detect and deter.*

We could be harmed by employee misconduct if our customers' confidential information is misappropriated by us or our employees, our customers may consider us liable for that act and seek damages and compensation from us, in addition, to seeking termination of the contract. While there have been no instances during the last three financial years of information technology breach or instances of cyber-attack, assertions of misappropriation of confidential information or the intellectual property of our customers against us, if successful, could have a material adverse effect on our business, financial condition and results of operations. Even if such assertions against us are unsuccessful, they may cause us to incur reputational harm and substantial cost.

Although we closely monitor our employees, misconduct, including acts of bribery, corruption or fraud by employees or executives, such acts could include binding us to transactions that exceed authorized limits or present unacceptable risks, or they may hide unauthorized or unlawful activities from us, which may result in substantial financial losses and damage to our reputation and loss of business from our customers. Employee or executive misconduct could also involve the improper use or disclosure of confidential information, which could result in regulatory sanctions and serious reputational or financial harm, including harm to our brand. While we have not experienced any such employee misconduct in the past, it is not always possible to deter employee or executive misconduct and the precautions taken and systems put in place to prevent and detect such activities may not be effective in all cases. Any instances of such misconduct could adversely affect our business and our reputation.

54. *Industry information included in this Draft Red Herring Prospectus has been derived from industry reports. There can be no assurance that such third-party statistical, financial and other industry information is either complete or accurate.*

We have relied on the reports of certain independent third party for purposes of inclusion of such information in this Draft Red Herring Prospectus. These reports are subject to various limitations and based upon certain assumptions that are subjective in nature. We have not independently verified data from such industry reports and other sources. Although, we believe that the data may be considered to be reliable, their accuracy, completeness and underlying assumptions are not guaranteed and their dependability cannot be assured. While we have taken reasonable care in the reproduction of the information, the information has not been prepared or independently verified by us, or any of our respective affiliates or advisors and, therefore, we make no representation or warranty, express or implied, as to the accuracy or completeness of such facts and statistics. Due to possibly flawed or ineffective collection methods or discrepancies between published information and market practice and other problems, the statistics herein may be inaccurate or may not be comparable to statistics produced for other economies and should not be unduly relied upon. Further, there is no assurance that they are stated or compiled on the same basis or with the same degree of accuracy as may be the case elsewhere. Statements from third parties that involve estimates are subject to change, and actual amounts may differ materially from those included in this Draft Red Herring Prospectus.

55. *Information relating to the installed manufacturing capacity of our manufacturing facilities included in this Draft Red Herring Prospectus are based on various assumptions and estimates and future production and capacity may vary.*

Information relating to the historical installed capacity and estimated capacity utilization of our manufacturing facility included in this Draft Red Herring Prospectus is based on various assumptions and estimates of our management and the Chartered Engineer, please refer to "Our Business" on page 133 of this Draft Red Herring Prospectus for further details. Actual production volumes and capacity utilization rates, however, may differ significantly from the estimated production capacities and historical capacity utilization of our manufacturing facilities. Investors should therefore not place undue reliance on our historical installed capacity information for our existing manufacturing facilities included in this Draft Red Herring Prospectus.

ISSUE RELATED RISKS

56. *An investment in the Equity Shares is subject to general risk related to investments in Indian Companies.*

Our Company is incorporated in India and all of our assets and employees are located in India. Consequently, our business, results of operations, financial condition and the market price of the Equity Shares will be affected by changes in interest rates in India, policies of the Government of India, including taxation policies along with policies relating to industry, political, social and economic developments affecting India.

57. The determination of the Price Band is based on various factors and assumptions and the Issue Price of the Equity Shares may not be indicative of the market price of the Equity Shares upon listing on the Stock Exchange.

The determination of the Price Band is based on various factors and assumptions, and will be determined by our Company in consultation with the Book Running Lead Manager. Furthermore, the Issue Price of our Equity Shares has been determined by book building method. These will be based on numerous factors (For further information, please refer chapter titled “Basis for Issue Price” beginning on page 103 of this Draft Red Herring Prospectus) and may not be indicative of the market price of our Equity Shares upon listing on the Stock Exchange. The price of our Equity Shares upon listing on the Stock Exchange will be determined by the market and may be influenced by many factors outside of our control.

58. Our Promoter’s average cost of acquisition of Equity Shares in our Company could be lower than the Issue Price to be decided by the Company in consultation with the Book Running Lead Manager

Our Company had issued 1,57,00,000 equity shares at a price lower than the Issue Price pursuant to allotment of Bonus shares in the ratio 1:157 in the last 12 months which may be at lower than the Issue Price. The Equity Shares allotted to shareholders pursuant to this Issue may be priced significantly higher due to various reasons including better performance by the Company, better economic conditions and passage of time. For further details, see “Capital Structure” on page 78 of this Draft Red Herring Prospectus. The prices at which Equity Shares have been issued by us in last one year should not be taken to be indicative of the Issue Price and the trading price of our Equity Shares after listing.

59. Our Equity Shares have never been publicly traded, and may experience price and volume fluctuations following the completion of the Issue. Further, our Equity Shares may not result in an active or liquid market and the price of our Equity Shares may be volatile and you may be unable to resell your Equity Shares at or above the Issue Price or at all.

Prior to the Issue, there has been no public market for our Equity Shares, and an active trading market may not develop or be sustained after the Issue. Listing and quotation do not guarantee that a market for our Equity Shares will develop or, if developed, does not guarantee the liquidity of such market for the Equity Shares. Investors might not be able to rapidly sell the Equity Shares at the quoted price if there is no active trading in the Equity Shares. The Issue Price of the Equity Shares has been determined by our Company in consultation with the BRLM through the Book Building Process. The market price of the Equity Shares may be subject to significant fluctuations in response to, among other factors, variations in our operating results of our Company, market conditions specific to the industry we operate in, developments relating to India, volatility in securities markets in jurisdictions other than India, variations in the growth rate of financial indicators, variations in revenue or earnings estimates by research publications, and changes in economic, legal and other regulatory factors.

60. There is no guarantee that the Equity Shares issued pursuant to the Issue will be listed on the NSE Emerge in a timely manner or at all.

In accordance with Indian law and practice, permission for listing and trading of the Equity Shares issued pursuant to the Issue will not be granted until after the Equity Shares have been issued and allotted. Approval for listing and trading will require all relevant documents authorizing the issuing of Equity Shares to be submitted. There could be a failure or delay in listing the Equity Shares on the NSE Emerge. Any failure or delay in obtaining the approval would restrict your ability to dispose of your Equity Shares.

61. Any future issuance of Equity Shares may dilute your shareholding and sale of our Equity Shares by our Promoter or other shareholders may adversely affect the trading price of the Equity Shares.

Any future equity issuances by us, including in a primary offering, may lead to the dilution of investors' shareholdings in our Company. Any future equity issuances by us or sales of our Equity Shares by our Promoter or other major shareholders may adversely affect the trading price of the Equity Shares. In addition, any perception by investors that such issuances or sales might occur could also affect the trading price of our Equity Shares.

62. *There are restrictions on daily weekly monthly movement in the price of the equity shares, which may adversely affect the shareholder's ability to sell for the price at which it can sell, equity shares at a particular point in time.*

Once listed, we would be subject to circuit breakers imposed by the stock exchange, which does not allow transactions beyond specified increases or decreases in the price of the Equity Shares. This circuit breaker operates independently of the index-based market-wide circuit breakers generally imposed by SEBI. The percentage limit on circuit breakers is said by the stock exchange based on the historical volatility in the price and trading volume of the Equity Shares. The stock exchange does not inform us of the percentage limit of the circuit breaker in effect from time to time, and may change it without our knowledge. This circuit breaker limits the upward and downward movements in the price of the Equity Shares. As a result of the circuit breaker, no assurance may be given regarding your ability to sell your Equity Shares or the price at which you may be able to sell your Equity Shares at any particular time.

63. *Investors may be subject to Indian taxes arising out of capital gains on the sale of the Equity Shares*

Under current Indian tax laws and regulations, unless specifically exempted, capital gains arising from the sale of equity shares in an Indian company are generally taxable in India. A securities transaction tax ("STT") is levied on and collected by an Indian stock exchange on which equity shares are sold. Any capital gain exceeding Rs.1,00,000, realized on the sale of equity shares held for more than 12 months immediately preceding the date of transfer, which are sold using any other platform other than on a recognized stock exchange and on which no STT has been paid, are subject to long gains tax in India.

Term capital The Finance Act, 2019 amended the Indian Stamp Act, 1899 with effect from July 1, 2020 and clarified that, in the absence of a specific provision under an agreement, the liability to pay stamp duty in case of sale of securities through stock exchanges will be on the buyer, while in other cases of transfer for consideration through a depository, the onus will be on the transferor. The stamp duty for transfer of securities other than debentures on a delivery basis is specified at 0.015% and on a nondelivered basis is specified at 0.003% of the consideration amount. The Finance Act, 2020, has, among others things, provided a number of amendments to the direct and indirect tax regime, including, without limitation, a simplified alternate direct tax regime and that dividend distribution tax will not be payable in respect of dividends declared, distributed or paid by a domestic company after March 31, 2020, and accordingly, that such dividends not be exempt in the hands of the shareholders, both resident as well as non-resident, and that such dividends likely be subject to tax deduction at source. The Company may or may not grant the benefit of a tax treaty (where applicable) to a non-resident shareholder for the purposes of deducting tax at source from such dividend. Investors should consult their own tax advisors about the consequences of investing or trading in the Equity Shares.

Further, any gain realized on the sale of listed equity shares held for a period of 12 months or less will be subject to short term capital gains tax in India. In cases where the seller is a non-resident, capital gains arising from the sale of the equity shares will be partially or wholly exempt from taxation in India in cases where the exemption from taxation in India is provided under a treaty between India and the country of which the seller is resident. Historically, Indian tax treaties do not limit India's ability to impose tax on capital gains. As a result, residents of other countries may be liable for tax in India as well as in their own jurisdiction on a gain upon the sale of the equity shares.

Further, we cannot predict whether any tax laws or other regulations impacting it will be enacted, or predict the nature and impact of any such laws or regulations or whether, if at all, any laws or regulations would have a material adverse effect on our business, financial condition, results of operations and cash flows. The Government of India had announced the union budget for financial year 2023 and the Finance Act, 2023 received assent from the President of India on March 31, 2023. There is no certainty on the impact that the Finance Act, 2023 may have on our business and operations or in the industry we operate in.

64. *Significant differences exist between Indian GAAP and other accounting principles, such as US GAAP and IFRS, which may be material to investors assessments of Our Company's financial condition. Our failure to successfully*

adopt IFRS may have an adverse effect on the price of our Equity Shares. The proposed adoption of IFRS could result in our financial condition and results of operations appearing materially different than under Indian GAAP.

Our restated financial statements, including the financial statements provided in this Draft Red Herring Prospectus, are prepared in accordance with Indian GAAP. We have not attempted to quantify the impact of IFRS or U.S. GAAP on the financial data included in this Draft Red Herring Prospectus, nor do we provide a reconciliation of our financial statements to those of U.S. GAAP or IFRS. U.S. GAAP and IFRS differ in significant respects from Indian GAAP. For details, refer chapter titled “*Presentation of Financial Industry and Market Data*” beginning on Page 20 of this Draft Red Herring Prospectus.

Accordingly, the degree to which the Indian GAAP financial statements included in this Draft Red Herring Prospectus will provide meaningful information is entirely dependent on the reader’s level of familiarity with Indian accounting practices. Any reliance by persons not familiar with Indian accounting practices on the financial disclosures presented in this Draft Red Herring Prospectus should accordingly be limited. India has decided to adopt the “Convergence of its existing standards with IFRS” and not the “International Financial Reporting Standards” (“**IFRS**”), which was announced by the MCA, through the press note dated January 22, 2010. These “IFRS based / synchronized Accounting Standards” are referred to in India as IND (AS). Public companies in India, including our Company, may be required to prepare annual and interim financial statements under IND (AS). The MCA, through a press release dated February 25, 2011, announced that it will implement the converged accounting standards in a phased manner after various issues, including tax related issues, are resolved. Further, MCA Notification dated February 16, 2015, has provided an exemption to the Companies proposing to list their shares on the SME Exchange as per Chapter IX of the SEBI ICDR Regulations and hence the adoption of IND (AS) by a SME exchange listed Company is voluntary. Accordingly, we have made no attempt to quantify or identify the impact of the differences between Indian GAAP and IFRS or to quantify the impact of the difference between Indian GAAP and IFRS as applied to its financial statements. There can be no assurance that the adoption of IND-AS will not affect our reported results of operations or financial condition. Any failure to successfully adopt IND-AS may have an adverse effect on the trading price of our Equity Shares. Currently, it is not possible to quantify whether our financial results will vary significantly due to the convergence to IND (AS), given that the accounting principles laid down in the IND (AS) are to be applied to transactions and balances carried in books of accounts as on the date of the applicability of the converged standards, i.e., IND (AS) and for future periods.

Moreover, if we volunteer for transition to IND (AS) reporting, the same may be hampered by increasing competition and increased costs for the relatively small number of IND (AS)-experienced accounting personnel available as more Indian companies begin to prepare IND (AS) financial statements. Any of these factors relating to the use of converged Indian Accounting Standards may adversely affect our financial condition.

65. Foreign investors are subject to foreign investment restrictions under Indian law that limits our ability to attract foreign investors, which may adversely impact the market price of the Equity Shares.

Under the foreign exchange regulations currently in force in India, transfers of shares between non-residents and residents are freely permitted (subject to certain exceptions) if they comply with the pricing guidelines and reporting requirements specified by the RBI. If the transfer of shares, which are sought to be transferred, is not in compliance with such pricing guidelines or reporting requirements or fall under any of the exceptions referred to above, then the prior approval of the RBI will be required. Additionally, shareholders who seek to convert the Rupee proceeds from a sale of shares in India into foreign currency and repatriate that foreign currency from India will require a no objection/ tax clearance certificate from the income tax authority. There can be no assurance that any approval required from the RBI or any other government agency can be obtained on any particular terms or at all.

EXTERNAL RISKS

66. A slowdown in economic growth in India could cause our business to suffer.

Our performance and the growth of our business are necessarily dependent on the health of the overall Indian economy. Any slowdown or perceived slowdown in the Indian economy or future volatility in global commodity prices could adversely affect our business. Additionally, an increase in trade deficit, a downgrading in India’s sovereign debt rating or a decline in India’s foreign exchange reserves could negatively affect interest rates and liquidity, which could

adversely affect the Indian economy and our business. Any downturn in the macroeconomic environment in India could also adversely affect our business, financial condition, results of operations and prospects.

India's economy could be adversely affected by a general rise in interest rates or inflation, adverse weather conditions affecting agriculture, commodity and energy prices as well as various other factors. A slowdown in the Indian economy could adversely affect the policy of the GOI towards our industry, which may in turn adversely affect our financial performance and our ability to implement our business strategy.

The Indian economy is also influenced by economic and market conditions in other countries, particularly emerging market conditions in Asia. A decline in India's foreign exchange reserves and exchange rate fluctuations may also affect liquidity and interest rates in the Indian economy, which could adversely impact our financial condition. A loss of investor confidence in other emerging market economies or any worldwide financial instability may adversely affect the Indian economy, which could materially and adversely affect our business, financial condition, results of operations and prospects.

Further, other factors which may adversely affect the Indian economy are scarcity of credit or other financing in India, resulting in an adverse impact on economic conditions in India and scarcity of financing of our expansions; volatility in, and actual or perceived trends in trading activity on, India's principal stock exchanges; changes in India's tax, trade, fiscal or monetary policies, like application of GST; political instability, terrorism or military conflict in India or in countries in the region or globally, including in India's various neighbouring countries; occurrence of natural or man-made disasters; infectious disease outbreaks or other serious public health concerns; prevailing regional or global economic conditions, including in India's principal export markets; and other significant regulatory or economic developments in or affecting India or its financial services sectors.

67. Global economic, political and social conditions may harm our ability to do business, increase our costs and negatively affect our stock price.

Global economic and political factors that are beyond our control, influence forecasts and directly affect performance. These factors include interest rates, rates of economic growth, fiscal and monetary policies of governments, inflation, deflation, foreign exchange fluctuations, consumer credit availability, fluctuations in commodities markets, consumer debt levels, unemployment trends and other matters that influence consumer confidence, spending and tourism. Increasing volatility in financial markets may cause these factors to change with a greater degree of frequency and magnitude, which may negatively affect our stock prices.

68. Our business is affected by global economic conditions, especially in the geographies we cater to, which may have an adverse effect on our business, financial condition, results of operations and prospects.

The Indian market and the Indian economy are influenced by economic and market conditions in other countries, particularly emerging market countries in Asia. Financial turmoil in Asia, U.S. and elsewhere in the world in recent years has affected the Indian economy. Although economic conditions are different in each country, investors' reactions to developments in one country can have adverse effects on the securities of companies in other countries, including India. Financial disruptions may occur again and could harm our business, financial condition and results of operations.

The global credit and equity markets have experienced substantial dislocations, liquidity disruptions and market corrections in recent years. Financial markets and the supply of credit could continue to be negatively impacted by ongoing concerns surrounding the sovereign debts and/or fiscal deficits of several countries in Europe, the possibility of further downgrades of, or defaults on, sovereign debt, concerns about a slowdown in growth in certain economies and uncertainties regarding the stability and overall standing of the European Monetary Union.

A loss of investor confidence in the financial systems of other emerging markets may cause increased volatility in the Indian financial markets and indirectly in the Indian economy in general. Any worldwide financial instability could influence the Indian economy. In response to such developments, legislators and financial regulators in the United States, Europe and other jurisdictions, including India, have implemented several policy measures designed to add stability to the financial markets. In addition, any increase in interest rates by the United States Federal Reserve will lead to an increase in the borrowing costs in the United States which may in turn impact global borrowing as well.

Furthermore, in several parts of the world, there are signs of increasing retreat from globalization of goods, services and people, as pressure for the introduction of a protectionist regime is building and such developments could adversely affect Indian exports. However, the overall impact of these and other legislative and regulatory efforts on the global financial markets is uncertain, and they may not have the intended stabilizing effects. In the event that the current adverse conditions in the global credit markets continue or if there is any significant financial disruption, this could have an adverse effect on our business, financial condition and results of operations.

In February 2022, hostilities between Russia and the Ukraine commenced, which has led stock, commodities and foreign exchange markets worldwide to fluctuate. In addition, the market price of oil has risen sharply since the commencement of hostilities in the Ukraine, which may have an inflationary effect in India and other countries. A prolonged war or a protracted period of hostilities in the Ukraine may lead to global economic disturbances.

If we are unable to successfully anticipate and respond to changing economic and market conditions, our business, financial condition, results of operations and prospects may be adversely affected.

69. Changing regulations in India could lead to new compliance requirements that are uncertain.

The regulatory and policy environment in which we operate is evolving and is subject to change. The GoI may implement new laws or other regulations and policies that could affect our business in general, which could lead to new compliance requirements, including requiring us to obtain approvals and licenses from the Government and other regulatory bodies, or impose onerous requirements.

The regulatory and policy environment in which we operate is evolving and is subject to change. The GoI may implement new laws or other regulations and policies that could affect our business in general, which could lead to new compliance requirements, including requiring us to obtain approvals and licenses from the Government and other regulatory bodies, or impose onerous requirements.

Uncertainty in the applicability, interpretation or implementation of any amendment to, or change in, governing law, regulation or policy in the jurisdictions in which we operate, including by reason of an absence, or a limited body, of administrative or judicial precedent may be time consuming as well as costly for us to resolve and may impact the viability of our current business or restrict our ability to grow our business in the future. We may incur increased costs and other burdens relating to compliance with such new requirements, which may also require significant management time and other resources, and any failure to comply may adversely affect our business, financial condition, results of operations and prospects.

70. Natural calamities, climate change and health epidemics could adversely affect the Indian economy and our business, financial condition, and results of operations. In addition, hostilities, terrorist attacks, civil unrest and other acts of violence could adversely affect our business, financial condition and results of operations.

Our operations including our manufacturing facilities and research and development activities may be damaged or disrupted as a result of natural calamities. Such events may lead to the disruption of information systems and telecommunication services for sustained periods. They also may make it difficult or impossible for employees to reach our business locations. Damage or destruction that interrupts our provision of services could adversely affect our reputation, our relationships with our customers, our Senior Management team's ability to administer and supervise our business or it may cause us to incur substantial additional expenditure to repair or replace damaged equipment or rebuild parts of our facilities. Any of the above factors may adversely affect our business, financial condition and results of operations.

India has experienced natural calamities such as earthquakes, tsunamis, floods etc. In recent years, the extent and severity of these natural disasters determine their impact on the Indian economy. Prolonged spells of abnormal rainfall or other natural calamities could have a negative impact on the Indian economy, which could adversely affect our business, prospects, financial condition and results of operations as well as the price of the Equity Shares.

71. Inflation in India could have an adverse effect on our profitability and if significant, on our financial condition.

Inflation is crucial to determine one's purchasing power. In other words, inflation is a measure that causes the prices of both goods and services to rise over time and buyers will feel the pinch as it affects their personal finance, particularly spending and buying habits. Any factor that causes prices of goods and services to rise in the market and create instability in consumption leads to inflation. There are two indices that are used to measure inflation in India — the consumer price index (CPI) and the wholesale price index (WPI). These two-measure inflation on a monthly basis taking into account different approaches to calculate the change in prices of goods and services.

India's retail inflation, which is measured by the consumer price index (CPI), eased to 5.02% in Sep. 2023, from 6.83% in Aug. this year, according to the latest data from the Ministry of Statistics and Programme Implementation. In the last two years, CPI hit the highest of 7.79% in April 2022, and the lowest of 4.06% in Jan. 2021. The Wholesale Price Index (WPI), which calculates the overall prices of goods before selling at retail prices, is at (-)0.52% in Aug., (-)1.36% in July 2023, (-)4.12% in June, (-)3.48% in May, and (-)0.92% in April 2023.

India's retail inflation eased to a three-month low of 5.02% in Sep. 2023. The CPI reading continues to cross the Reserve Bank of India's upper tolerance medium-term target of 4% within a band of 4+/- 2%. The RBI projects the headline inflation or the CPI at 5.4% for 2023-24. The real GDP growth is projected at 6.5% with Q1 at 8.0% during the period. Meanwhile, the Sep. 2023 inflation in the U.S. suggests that the consumer price index increased 3.7% year-over-year. The nation's GDP accelerated to 2.1% in the second quarter. Although the RBI has enacted certain policy measures designed to curb inflation, these policies may not be successful. There can be no assurance that we will be able to pass on any additional expenses to our customers or that our revenue will increase proportionately corresponding to such inflation. Accordingly, high rates of inflation in India could have an adverse effect on our business, financial condition and results of operations.

72. The extent and reliability of Indian infrastructure, to the extent insufficient, could adversely impact our business, financial condition and results of operations.

India's physical infrastructure is less developed than that of many developed nations. Any congestion or disruption with its port, rail and road networks, electricity grid, communication systems or any other public facility could disrupt our normal business activity. Any deterioration of India's physical infrastructure would harm the national economy, disrupt the transportation of goods and supplies including our chemical products, and add costs to doing business in India. These problems could interrupt our business operations, which could have adverse effect on our business, financial condition and results of operations.

73. Foreign investors are subject to foreign investment restrictions under Indian laws that may limit our ability to attract foreign investors, which may have a material adverse impact on the market price of the Equity Shares.

Under the foreign exchange regulations currently in force in India, transfers of shares between non-residents and residents are freely permitted (subject to certain exceptions) if they comply with the pricing guidelines and reporting requirements specified by the RBI. For further details, see "*Restrictions on Foreign Ownership of Indian Securities*" on page 294 of this Draft Red Herring Prospectus. If the transfer of shares is not in compliance with such pricing guidelines or reporting requirements or falls under any of the exceptions referred to above, then the prior approval of the RBI will be required. Additionally, shareholders who seek to convert the Rupee proceeds from a sale of shares in India into foreign currency and repatriate that foreign currency from India will require a no objection or a tax clearance certificate from the income tax authority. Further, in accordance with Press Note No. 3 (2020 Series), dated April 17, 2020, issued by the DPIIT, Government of India, investments where the beneficial owner of the Equity Shares is situated in or is a citizen of a country which shares land border with India, can only be made through the Government approval route, as prescribed in FDI Policy. These investment restrictions shall also apply to subscribers of offshore derivative instruments. We cannot assure you that any required approval from the RBI or any other governmental agency can be obtained on any particular terms or at all.

74. Changing laws, rules and regulations and legal uncertainties, including adverse application of tax laws, may adversely affect our business, financial condition and results of operations.

The regulatory and policy environment in which we operate is evolving and subject to change. Our business and financial performance could be adversely affected by unfavourable changes in or interpretations of existing, or the

promulgation of new, laws, rules and regulations applicable to us and our business. In such instances, and including the instances mentioned below, our business, results of operations and prospects may be adversely impacted, to the extent that we are unable to suitably respond to and comply with any such changes in applicable law and policy. Any political instability in India, such as corruption, scandals and protests against certain economic reforms, which have occurred in the past, could slow the pace of liberalization and deregulation. The rate of economic liberalization could change, and specific laws and policies affecting foreign investment, currency exchange rates and other matters affecting investment in India could change as well.

Additionally, the Government of India has introduced (a) the Code on Wages, 2019; (b) the Code on Social Security, 2020; (c) the Occupational Safety, Health and Working Conditions Code, 2020; and (d) the Industrial Relations Code, 2020 which consolidate, subsume and replace numerous existing central labour legislations. While the rules for implementation under these codes have not been notified, the implementation of such laws could increase our employee and labour costs, thereby adversely impacting our results of operations, cash flows, business and financial performance.

The application of various Indian tax laws, rules and regulations to our business, currently or in the future, is subject to interpretation by the applicable taxation authorities. For instance, companies can voluntarily opt in favour of a concessional tax regime (subject to no other special benefits/exemptions being claimed), which reduces the rate of income tax payable to 22% subject to compliance with conditions prescribed, from the erstwhile 25% or 30% depending upon the total turnover or gross receipt in the relevant period. Any such future amendments may affect our other benefits such as exemption for income earned by way of dividend from investments in other domestic companies and units of mutual funds, exemption for interest received in respect of tax-free bonds, and long-term capital gains on equity shares if withdrawn by the statute in the future, and the same may no longer be available to us. Any adverse order passed by the appellate authorities/ tribunals/ courts would have an effect on our profitability.

Further, the GoI has announced the union budget for Fiscal 2024, pursuant to which the Finance Bill, 2023 (“Finance Bill”), has introduced various amendments. The Finance Bill has received assent from the President of India on March 31, 2023, and has been enacted as the Finance Act, 2023. We cannot predict whether any amendments made pursuant to the Finance Act, 2023 would have an adverse effect on our business, financial condition and results of operations. Furthermore, changes in capital gains tax or tax on capital market transactions or the sale of shares could affect investor returns. As a result, any such changes or interpretations could have an adverse effect on our business and financial performance.

There can be no assurance that the GoI will not implement new regulations and policies requiring us to obtain approvals and licenses from the GoI or other regulatory bodies, or impose onerous requirements and conditions on our operations. Any such changes and the related uncertainties with respect to the applicability, interpretation and implementation of any amendment or change to governing laws, regulation or policy, including by reason of an absence, or a limited body, of administrative or judicial precedent in the jurisdictions in which we operate may be time consuming as well as costly for us to resolve and may impact the viability of our current business or restrict our ability to grow our business in the future. It may also have a material adverse effect on our business, financial condition, cash flows and results of operations. In addition, we may have to incur expenditures to comply with the requirements of any new regulations, which could materially harm our results of operations or cash flows. Any unfavourable changes to the laws and regulations applicable to us could also subject us to additional liabilities.

We are unable to determine the impact of any changes in or interpretations of existing, or the promulgation of, new, laws, rules and regulations applicable to us and our business. If that was to occur it could result in us, our business, operations or group structure being deemed to be in contravention of such laws and/or may require us to apply for additional approvals. We may incur increased costs and other burdens relating to compliance with such new requirements, which may also require significant management time and other resources, and any failure to comply may adversely affect our business, results of operations and prospects. Uncertainty in the applicability, interpretation or implementation of any amendment to, or change in, governing law, regulation or policy, including by reason of an absence, or a limited body, of administrative or judicial precedent may be time consuming as well as costly for us to resolve and may impact the viability of our current business or restrict our ability to grow our business in the future.

75. *A third-party could be prevented from acquiring control of us post this issue, because of anti-takeover provisions under Indian Law.*

As a listed Indian entity, there are provisions in Indian law that may delay, deter or prevent a future takeover or change in control of our Company. Under the SEBI SAST Regulations, an acquirer has been defined as any person who, directly or indirectly, acquires or agrees to acquire shares or voting rights or control over a company, whether individually or acting in concert with others. Although these provisions have been formulated to ensure that interests of investors/shareholders are protected, these provisions may also discourage a third party from attempting to take control of our Company subsequent to completion of the Issue. Consequently, even if a potential takeover of our Company would result in the purchase of the Equity Shares at a premium to their market price or would otherwise be beneficial to our shareholders, such a takeover may not be attempted or consummated because of SEBI SAST Regulations.

76. Financial instability in other countries may cause increased volatility in Indian financial markets.

The Indian financial market and the Indian economy are influenced by economic and market conditions in other countries, particularly in emerging market in Asian countries. Financial turmoil in Asia, Europe, the United States and elsewhere in the world in recent years has affected the Indian economy. Although economic conditions are different in each country, investors' reactions to developments in one country can have an adverse effect on the securities of companies in other countries, including India. A loss in investor confidence in the financial systems of other emerging markets may cause increased volatility in Indian financial markets and, indirectly, in the Indian economy in general. Any global financial instability, including further deterioration of credit conditions in the U.S. market, could also have a negative impact on the Indian economy. Financial disruptions may occur again and could harm our results of operations and financial condition.

The Indian economy is also influenced by economic and market conditions in other countries. This includes, but is not limited to, the conditions in the United States, Europe and certain economies in Asia. Financial turmoil in Asia and elsewhere in the world in recent years has affected the Indian economy. Any worldwide financial instability may cause increased volatility in the Indian financial markets and, directly or indirectly, adversely affect the Indian economy and financial sector and its business.

Although economic conditions vary across markets, loss of investor confidence in one emerging economy may cause increased volatility across other economies, including India. Financial instability in other parts of the world could have a global influence and thereby impact the Indian economy. Financial disruptions in the future could adversely affect our business, prospects, financial condition and results of operations. The global credit and equity markets have in the past experienced substantial dislocations, liquidity disruptions and market corrections.

DETAILS OF THE MARKET MAKING AGREEMENT

In accordance with Regulation 261 of the SEBI ICDR Regulations, we have entered into an agreement with the Book Running Lead Manager and the Market Maker (duly registered with NSE to fulfil the obligations of Market Making) dated March 26, 2024 to ensure compulsory Market Making for a minimum period of three years from the date of listing of equity shares issued in this issue.

Shreni Shares Limited registered with NSE Emerge will act as the Market Maker and has agreed to receive or deliver of the specified securities in the market making process for a period of three years from the date of listing of our Equity Shares or for a period as may be notified by any amendment to SEBI ICDR Regulations.

The Market Maker shall fulfil the applicable obligations and conditions as specified in the SEBI ICDR Regulations, as amended from time to time and the circulars issued by NSE and SEBI in this matter from time to time.

Following is a summary of the key details pertaining to the Market Making arrangement:

1. The Market Maker shall be required to provide a 2-way quote for 75% of the time in a day. The same shall be monitored by the Stock Exchange. The spread (difference between the sell and buy quote) shall not be more than

10% or as specified by the Stock Exchange from time to time Further, the Market Maker shall inform the exchange in advance for each and every black out period when the quotes are not being issued by the Market Maker.

2. The prices quoted by the Market Maker shall be in compliance with the Market Maker Spread requirements and other particulars as specified or as per the requirements of NSE and SEBI from time to time.
3. The minimum depth of the quote shall be ₹1,00,000. However, the investors with holdings of value less than ₹1.00 Lakh shall be allowed to Issue their holding to the Market Maker in that scrip provided that he sells his entire holding in that scrip in one lot along with a declaration to the effect to the selling broker. Based on the IPO price of ₹ [●]/- per share the minimum application lot size is [●] Equity Shares thus minimum depth of the quote shall be [●] until the same, would be revised by NSE.
4. After a period of three (3) months from the market making period, the market maker would be exempted to provide quote if the Equity Shares of market maker in our Company reaches to 25%. Or upper limit (Including the 5% of Equity Shares ought to be allotted under this Issue). Any Equity Shares allotted to Market Maker under this Issue over and above 25% equity shares would not be taken into consideration of computing the threshold of 25%. As soon as the Shares of market maker in our Company reduce to 24%, the market maker will resume providing 2-way quotes.
5. There shall be no exemption/threshold on downside. However, in the event the market maker exhausts his inventory through market making process, the concerned stock exchange may intimate the same to SEBI after due verification.
6. On the first day of the listing, there will be pre-opening session (call auction) and there after the trading will happen as per the equity market hours. The circuits will apply from the first day of the listing on the discovered price during the pre-open call auction. The securities of the company will be placed in Special Pre-Open Session (SPOS) and would remain in Trade for Trade settlement for 10 days from the date of listing of Equity shares on the Stock Exchange.
7. There will be special circumstances under which the Market Maker may be allowed to withdraw temporarily/fully from the market for instance due to system problems, any other problems. All controllable reasons require prior approval from the Exchange, while force-majeure will be applicable for non-controllable reasons. The decision of the Exchange for deciding controllable and non- controllable reasons would be final.
8. The Inventory Management and Buying/Selling Quotations and its mechanism shall be as per the relevant circulars issued by SEBI and NSE from time to time.
9. Execution of the order at the quoted price and quantity must be guaranteed by the Market Maker, for the quotes given by them.
10. There would not be more than five Market Makers for the Company's Equity Shares at any point of time and the Market Makers may compete with other Market Makers for better quotes to the investors.
11. The shares of the company will be traded in continuous trading session from the time and day the company gets listed on NSE EMERGE and market maker will remain present as per the guidelines mentioned under NSE and SEBI circulars.
12. There will be special circumstances under which the Market Maker may be allowed to withdraw temporarily/ fully from the market – for instance due to system problems, any other problems. All controllable reasons require prior approval from the Exchange, while force-majeure will be applicable for non-controllable reasons. The decision of the Exchange for deciding controllable and non-controllable reasons would be final.
13. The price band shall be 20% and the Market Maker Spread (difference between the sell and the buy quote) shall be within 10% or as intimated by Exchange from time to time.

14. The Market Maker shall have the right to terminate said arrangement by giving one month notice or on mutually acceptable terms to the Company, who shall then be responsible to appoint a replacement Market Maker.
15. In case of termination of the abovementioned Market Making Agreement prior to the completion of the compulsory Market Making period, it shall be the responsibility of the Company to arrange for another Market Maker(s) in replacement during the term of the notice period being served by the Market Maker but prior to the date of releasing the existing Market Maker from its duties in order to ensure compliance with the requirements of Regulation 261 of the SEBI ICDR Regulations. Further, the Company reserve the right to appoint other Market Maker(s) either as a replacement of the current Market Maker or as an additional Market Maker subject to the total number of Designated Market Makers does not exceed 5 (five) or as specified by the relevant laws and regulations applicable at that particular point of time.
16. **Risk containment measures and monitoring for Market Maker:** NSE will have all margins which are applicable on the Main Board viz., Mark-to-Market, Value-At-Risk (VAR) Margin, Extreme Loss Margin, Special Margins and Base Minimum Capital etc. NSE can impose any other margins as deemed necessary from time-to-time.
17. **Punitive Action in case of default by Market Maker:** NSE will monitor the obligations on a real time basis and punitive action will be initiated for any exceptions and / or non-compliances. Penalties / fines may be imposed by the Exchange on the Market Maker, in case he is not able to provide the desired liquidity in a particular security as per the specified guidelines. These penalties / fines will be set by the Exchange from time to time. The Exchange will impose a penalty on the Market Maker in case he is not present in the market (issuing two-way quotes) for at least 75% of the time. The nature of the penalty will be monetary as well as suspension in market making activities / trading membership. The Department of Surveillance and Supervision of the Exchange would decide and publish the penalties / fines / suspension for any type of misconduct / manipulation / other irregularities by the Market Maker from time to time.
18. **Price Band and Spreads:** SEBI Circular bearing reference no: CIR/MRD/DP/ 02/2012 dated January 20, 2012, has laid down that for Issue size up to ₹250 Crores, the applicable price bands for the first day shall be:
- In case equilibrium price is discovered in the Call Auction, the price band in the normal trading session shall be 5% of the equilibrium price.
 - In case equilibrium price is not discovered in the Call Auction, the price band in the normal trading session shall be 5% of the Issue price.

Additionally, the trading shall take place in TFT segment for first 10 days from commencement of trading. The price band shall be 20% and the Market Maker Spread (difference between the sell and the buy quote) shall be within 10% or as intimated by Exchange from time to time.

19. The following spread will be applicable on the NSE Emerge:

Sr. No.	Market Price Slab (in ₹)	Proposed spread (in % to sale price)
1.	Up to 50	9
2.	50 to 75	8
3.	75 to 100	6
4.	Above 100	5

20. Pursuant to SEBI Circular number CIR/MRD/DSA/31/2012 dated November 27, 2012, limits on the upper side for Market Maker during market making process has been made applicable, based on the issue size and as follows:

Issue Size	Buy quote exemption threshold (Including mandatory initial inventory of 5% of the Issue Size)	Re-Entry threshold for buy quote (Including mandatory initial inventory of 5% of the Issue Size)
Up to ₹20 Crore	25%	24%

Issue Size	Buy quote exemption threshold (Including mandatory initial inventory of 5% of the Issue Size)	Re-Entry threshold for buy quote (Including mandatory initial inventory of 5% of the Issue Size)
₹20 Crore to ₹50 Crore	20%	19%
₹50 Crore to ₹80 Crore	15%	14%
Above ₹80 Crore	12%	11%

21. The Market Making arrangement, trading and other related aspects including all those specified above shall be subject to the applicable provisions of law and / or norms issued by SEBI/ NSE from time to time.
22. All the above-mentioned conditions and systems regarding the Market Making Arrangement are subject to change based on changes or additional regulations and guidelines from SEBI and Stock Exchange from time to time.

⁽²⁾ The amount to be utilised for general corporate purposes alone shall not exceed 25% of the Gross Proceeds.

The fund requirements, the deployment of funds and the intended use of the Net Proceeds as described herein are based on our current business plan and circumstances, management estimates, prevailing market conditions and other external commercial and technical factors including interest rates, exchange rate fluctuations and other charges, which are subject to change from time to time. However, such fund requirements and deployment of funds have not been verified or appraised by any bank, financial institution, or any other external agency or party. We may have to revise our funding requirements and deployment schedule on account of a variety of factors such as our financial and market condition, business and strategy, competition, contractual terms and conditions and negotiation with lenders, variation in cost estimates and other external factors such as changes in the business environment and interest or exchange rate fluctuations, Environmental conditions and relation with foreign countries which may not be within the control of our management. This may entail rescheduling or revising the planned expenditure and funding requirements, including the expenditure for a particular purpose at the discretion of our management, subject to compliance with applicable laws.

For further details on the risks involved in our proposed fund utilization as well as executing our business strategies, please refer the section titled “Risk Factors” on page 32 of this Draft Red Herring Prospectus.

Our Company proposes to deploy the entire Net Proceeds towards the aforementioned Objects during Fiscal 2024-25. In the event that the estimated utilization of the Net Proceeds in scheduled fiscal year is not completely met, due to the reasons stated above, the same shall be utilized in the next fiscal year i.e. Fiscal 2025-2026, as may be determined by the Board, in accordance with applicable laws. If the actual utilization towards any of the Objects is lower than the proposed deployment, such balance will be used towards general corporate purposes, to the extent that the total amount to be utilized towards general corporate purposes is within the permissible limits in accordance with the SEBI ICDR Regulations. Further, in case of variations in the actual utilization of funds earmarked for the purposes set forth above, increased fund requirements for a particular purpose may be financed by surplus funds, if any, available in respect of the other purposes for which funds are being raised in the Issue, subject to compliance with applicable laws.

All quotations mentioned in this section are valid as on the date of this Draft Red Herring Prospectus. However, we have not entered into any definitive agreements with any of these vendors and there can be no assurance that the same vendor would be engaged to eventually supply the plant and machineries at the same costs. We are yet to place orders for any of the components of the Proposed Objects. The Proposed Objects may be subject to the risk of unanticipated delays in implementation, cost overruns and other risks and uncertainties. For further details, see “Risk Factors” on page 32 of this Draft Red Herring Prospectus.

The quotation received from the vendor mentioned above is valid as on the date of this Draft Red Herring Prospectus. For further details, see ***“Risk Factors– We have not yet placed orders in relation to the funding Capital expenditure through civil work required for Expanding a manufacturing unit at the existing location situated at Wankaner, Gujarat which is proposed to be financed from the Issue proceeds of the IPO. In the event of any delay in placing the orders, or in the event the vendors are not able to provide the equipment in a timely manner, or at all, may result in time and cost over-runs and our business, prospects and results of operations may be adversely affected. Our proposed capacity expansion plans are subject to the risk of unanticipated delays in implementation due to factors including delays in construction, obtaining regulatory approvals in timely manner and cost overruns”.***

Objectives of Capital Expenditure towards construction of factory unit:

The rationale behind expanding manufacturing unit right behind the existing manufacturing unit II at Gujarat Wankaner is that currently we have the installation of 3 downdraft kilns at the manufacturing unit I at Pune which has a capacity of firing less than the capacity of the existing machines that produces its main products in its day-to-day operations, Besides that, there being restriction of space at the Pune plant and non-availability of affordable land in MIDC Pune, there is no scope for the Company to expand the firing capacity at the Manufacturing Unit I at Pune plant. Further, We have additional open space in our existing manufacturing unit II to add an additional shed and install additional machineries to increase our production output.

- **Backward Integration in The Plant:** In line with our focus to provide products solutions and to develop better control on our supply chain and improve our margins, we intend to focus on backward integration at our manufacturing facilities. This will help us to improve our cost efficiency, reduce dependency on third party suppliers and provide better control on production time and quality of components used in the manufacturing of products.
- **Centralize Manufacturing activities:** This concentration of our manufacturing activities under a single shed would enable us to achieve greater efficiency in reducing time taken for and the cost of manufacturing our products, from design to commercial production and, in our in-house testing and quality assurance processes, resulting in higher profit margins.
- **Expansion of our production capacity:** To cater to the growing demand from our existing customers and to meet requirements of new customers, we intend to expand our manufacturing capacities for existing products that we are in the process of developing and commercializing.

2. Funding of Capital expenditure towards purchase of Plant and Machineries for Expanding and setting up a new manufacturing unit at the existing location situated at Wankaner, Gujarat;

We will continue to expand our operational capabilities and capacity to the extent it assists us in improving quality metrics and overall performance and in reducing our cost of production. Our strategy to expand our business requires us to invest in additional Plant and Machinery and to increase the production capacity to meet the clients demand for decreasing the lead times and to meet the industry demands of Refineries, Petrochemical, Fertilizer & Steel Industries and also to cater to other refractory manufacturers who are unable to meet or cater to the industry demands. We intend to increase our production capacity by way of installation of new plant and machineries at our new factory unit on 34,445 Sq. Ft. in our existing premises located at RS. No 105 P 11, Guntha, Jetparda Taluka, Wankaner, Morbi District, Gujarat-363621 India.

We understand that the said installation shall allow us to be technologically advanced and meet functional efficiencies. Relating to the relevant government approval, required for installation of new plant and machineries at our manufacturing facility, please see chapter titled, *“Government and Statutory Approvals”* on page 238 of this Draft Red Herring Prospectus. We will continue to pursue such opportunities where we believe they will add value to our business, our stakeholders and our customers.

Our Board in its meeting dated March 23, 2024 took note that an amount of ₹ 250.98 Lakhs is proposed to be utilised for the purchase of Plant and Machineries as detailed below from the Net Proceeds. Our Company has received quotations from various suppliers for such machineries and is yet to place 100% orders or enter into definitive agreements for purchase of the machineries. According to our expansion strategy, we believe this will allow us to function effectively and efficiently while meeting our growing company requirements. The break-down of the estimated costs are set forth below:

We propose to import/acquire following machineries for our existing manufacturing facility along with the detailed description of the plant and machineries to be acquired:

(i) Muffle Furnace

The Muffle furnace is an important testing equipment in the laboratory for testing important parameters of our Refractory Products such as thermal shock, thermal spalling, etc. It is also used for conducting various Research & Development activities wherein we can fire our material in the laboratory using muffle furnace to stimulate the production results in quick turnaround time.

(ii) Friction Screw Press Machine

The Friction Screw Light Weight press machine is used for producing the insulating bricks for which a very light load of up to 60MT is put to press the bricks. These machines are best suitable for making good quality insulating bricks.

(iii) Abrasion Resistant Testing Machine

Abrasion resistant testing machine is used in the laboratory to test the abrasion resistant of the bricks against coarse service environment. This test is an important parameter asked by our client when buying our material. Hence, having an inhouse abrasion resistance testing machine will ensure a truly complete in house testing facility to our clients thereby increasing the confidence of our clients in our quality. This test machine uses coarse silica sand which flows in a very fast speed on a single point in the bricks for a couple of minutes to check if there is any erosion on the bricks. If there is no erosion, that means the brick is of very good quality and abrasion resistant.

(iv) RUL & Creep Machine

RUL & Creep testing machine is not available with any manufacturer in India. This testing machine tests the strength of the bricks under load and heat simultaneously and simulates the environment where our bricks will be installed. It's an important testing parameter which Company wants to develop in house to increase the value of the In house laboratory.

(v) Feeding Machine

Feeding machine is an automated belt system wherein the raw material will be loaded into the pan and the belt will transfer the raw material into the press machine automatically to press the bricks. This will not only reduce the manpower but will also increase the efficiency of the production by correctly feeding the same weight of raw material everytime into the press machine.

(vi) Pan Mixer

With an increase in the press machines, we will also have to increase the pan mixers to mix our various raw materials to feed the press machines.

(vii) Bending Machine

Bending machine will be used for making anchors in the new Wankaner plant. This is apart of our mould making activity and will be an investment to increase our productivity in making Anchors and reduce our dependability on other third party vendors.

The Details of all the machineries proposed to be imported and break-down of estimated costs are set forth below :

*Excluding Taxes. Tax payable on such machineries will be paid from our internal accruals. These are subject to additional costs including freight, installation and commissioning costs, transportation costs, packaging and

forwarding costs, insurance, customs, duties and other government levies, as applicable shall be paid out of Internal Accruals.

#Exchange rate for the above purchase order from Luoyang Kunsheng Instrument Equipment Co. Ltd and Zhengzhou Xing & Kai Trading Co. Ltd is considered as 1 USD = ₹ 83. Additional costs, if any, due to exchange rate fluctuations shall be borne by company from our internal accruals.

Notes:

- a) We have considered the above quotations for the budgetary estimate purpose and have not placed orders for them. The actual cost of procurement and actual supplier/dealer may vary.
- b) All quotations received from the vendors mentioned above are valid as on the date of this Draft Red Herring Prospectus. However, we have not entered into any definitive agreements with any of these vendors and there can be no assurance that the same vendors would be engaged to eventually supply the machineries/ equipment or at the same costs.
- c) The machinery/equipment models and quantity to be purchased are based on the present estimates of our management. The Management shall have the flexibility to revise such estimates (including but not limited to change of vendor or any modification/addition/deletion of machineries or equipment) at the time of actual placement of the order. In such case, the Management can utilize the surplus of proceeds, if any, arising at the time of actual placement of the order, to meet the cost of such other machinery, equipment or utilities, as required. Furthermore, if any surplus from the proceeds remains after meeting the total cost of machineries, equipment and utilities for the aforesaid purpose, the same will be used for our general corporate purposes, subject to limit of 25% of the amount raised by our Company through this Issue.
- d) We are not acquiring any second-hand machinery.
- e) The quotations relied upon by us in arriving at the above cost are valid for a specific period of time and may lapse after the expiry of the said period. Consequent upon which, there could be a possible escalation in the cost of machineries proposed to be acquired by us at the actual time of purchase, resulting in increase in the estimated cost. Further, cost will be escalated on account of Packing & Forwarding, Transportation, Transit Insurance, Octroi / Entry tax if any etc. Such cost escalation would be met out of our internal accruals.

3. Repayment/prepayment of all or certain borrowings of our Company

Our Board in its meeting dated March 23, 2024 took note that an amount of ₹700.00 Lakhs is proposed to be utilised for repayment/ prepayment of certain borrowings availed by our Company from the Net Proceeds. Our Company has entered into financial arrangements from time to time, with Bank of Baroda. The outstanding loan facilities entered into by our Company include secured and unsecured borrowing in the form of Loan against property of our Company and personal guarantees of the Directors and Promoters. For further details, please refer “Financial Indebtedness” on page 216 of this Draft Red Herring Prospectus. As on December 31, 2023, the aggregate outstanding secured borrowings of our Company, is ₹2,232.72 Lakhs. Our Company proposes to utilise an estimated amount of ₹700.00 Lakhs from the Net Proceeds towards part or full repayment and/or pre-payment of borrowings availed by us.

Given the nature of these borrowings and the terms of repayment or prepayment, the aggregate outstanding amounts under these borrowings may vary after payment of due instalments. In light of the above, at the time of filing the Draft Red Herring Prospectus, the table below shall be suitably updated to reflect the revised amounts or loan as the case may be which have been availed by us.

We believe that such repayment and/or pre-payment will help reduce our outstanding indebtedness, debt servicing costs assist us in maintaining a favourable debt-to-equity ratio and enable utilization of some additional amount from our internal accruals for further investment in our business growth and expansion. Additionally, we believe that since our debt-equity ratio will improve significantly, it will enable us to raise at competitive rates in the future to fund potential business development opportunities and plans to grow and expand our business in the future. The following table provides the details of outstanding borrowings availed of by our Company which are proposed to be repaid or repaid, in full or in part, from the Net Proceeds:

4. Purchase of Commercial vehicle

In addition to the capacity addition in manufacturing facility, we will also invest in a new commercial Vehicle. This vehicle will be used to supply full load truck consignment of our goods to customers and further reduce dependency on third party logistic companies. We currently already have one such owned vehicle. However, this Vehicle will be able to carry higher capacity of goods as per permissible payload to carry.

Our Board in its meeting dated March 23, 2024 took note that an amount of ₹ 11.00 Lakhs is proposed to be utilised for purchase of commercial vehicle from the Net Proceeds. Our Company has received quotations from various suppliers for such vehicles and is yet to place any orders or enter into definitive agreements for purchase of such vehicles. Our Company intends to utilise ₹ 11.00 Lakhs from the Net Proceeds to purchase these vehicles. The break-down of such estimated costs are set forth below:

Explanation of KPIs:

(1) Revenue from operations means the revenue from operations as appearing in the restated financial information.

(2) EBITDA is calculated as Profit before tax + Depreciation + Interest Expenses.

(3) EBITDA Margin is calculated as EBITDA divided by Revenue from Operations.

(4) PAT Margin is calculated as PAT for the year divided by revenue from operations.

(5) Return on Equity is calculated by comparing the proportion of net income against the amount of average shareholder equity.

*For September 30, 2023, closing shareholder equity has been considered.

(6) Debt to Equity ratio is calculated as Total Debt divided by equity.

(7) Current Ratio is calculated by dividing Current Assets to Current Liabilities.

b) Description on the historic use of the KPIs by our Company to analyse, track or monitor the operational and/or financial performance of our Company

In evaluating our business, we consider and use certain KPIs, as presented above, as a supplemental measure to review and assess our financial and operating performance. The presentation of these KPIs is not intended to be considered in isolation or as a substitute for the Financial Information. We use these KPIs to evaluate our performance. Some of these KPIs are not defined under applicable Accounting Standards and are not presented in accordance with applicable Accounting Standards. These KPIs have limitations as analytical tools. Further, these KPIs may differ from the similar information used by other companies and hence their comparability may be limited. Although these KPIs are not a measure of performance calculated in accordance with applicable accounting standards, our Company's management believes that it provides an additional tool for investors to use in evaluating our ongoing results, when taken collectively with financial measures prepared in accordance with applicable Accounting Standards.

INDUSTRY OVERVIEW

The information in this chapter has been extracted from the websites of and publicly available documents from various sources. The data may have been re-classified by us for the purpose of presentation. Neither we nor any other person connected with this Issue has independently verified the information provided in this chapter. Industry sources and publications, referred to in this chapter, generally state that the information contained therein has been obtained from sources generally believed to be reliable but their accuracy, completeness and underlying assumptions are not guaranteed and their reliability cannot be assured, and, accordingly, investment decisions should not be based on such information.

GLOBAL ECONOMIC OVERVIEW

The baseline forecast is for global growth to slow from 3.5 percent in 2022 to 3.0 percent in 2023 and 2.9 percent in 2024, well below the historical (2000–19) average of 3.8 percent. Advanced economies are expected to slow from 2.6 percent in 2022 to 1.5 percent in 2023 and 1.4 percent in 2024 as policy tightening starts to bite. Emerging market and developing economies are projected to have a modest decline in growth from 4.1 percent in 2022 to 4.0 percent in both 2023 and 2024. Global inflation is forecast to decline steadily, from 8.7 percent in 2022 to 6.9 percent in 2023 and 5.8 percent in 2024, due to tighter monetary policy aided by lower international commodity prices. Core inflation is generally projected to decline more gradually, and inflation is not expected to return to target until 2025 in most cases.

Monetary policy actions and frameworks are key at the current juncture to keep inflation expectations anchored. It emphasizes the complementary role of monetary policy frameworks, including communication strategies, in helping achieve disinflation at a lower cost to output through managing agents' inflation expectations. Given increasing concerns about geo-economic fragmentation.

Resilient Global Economy Is Limping Along, with Growing Divergences

The global economy continues to recover slowly from the blows of the pandemic, Russia's invasion of Ukraine, and the cost-of-living crisis. In retrospect, the resilience has been remarkable. Despite the disruption in energy and food markets caused by the war, and the unprecedented tightening of global monetary conditions to combat decades-high inflation, the global economy has slowed, but not stalled. Yet growth remains slow and uneven, with growing global divergences. The global economy is limping along, not sprinting.

According to the projections, global growth will slow from 3.5 percent in 2022 to 3 percent this year and 2.9 percent next year, a 0.1 percentage point downgrade for 2024 from

our July projections. This remains well below the historical average. Headline inflation continues to decelerate, from 9.2 percent in 2022, on a year-over-year basis, to 5.9 percent this year and 4.8 percent in 2024. Core inflation, excluding food and energy prices, is also projected to decline, albeit more gradually than headline inflation, to 4.5 percent in 2024.

As a result, projections are increasingly consistent with a “soft landing” scenario, bringing inflation down without a major downturn in activity, especially in the United States, where the forecast increase in unemployment is very modest, from 3.6 to 3.9 percent by 2025.

Growing Global Divergences

After a strong initial rebound from the depths of the COVID-19 pandemic, the pace of recovery has moderated. Several forces are holding back the recovery. Some reflect the long-term consequences of the pandemic, Russia’s war in Ukraine, and increasing geo-economic fragmentation. Others are more cyclical, including the effects of monetary policy tightening necessary to reduce inflation, withdrawal of fiscal support amid high debt, and extreme weather events. Despite signs of economic resilience earlier this year and progress in reducing headline inflation, economic activity is still generally falling short of pre-pandemic (January 2020) projections, especially in emerging market and developing economies (Figure 1.1, panel 1).

The strongest recovery among major economies has been in the United States, where GDP in 2023 is estimated to exceed its pre-pandemic path. The euro area has recovered, though less strongly—with output still 2.2 percent below

pre-pandemic projections, reflecting greater exposure to the war in Ukraine and the associated adverse terms-of-trade shock, as well as a spike in imported energy prices. In China, the pandemic-related slowdown in 2022 and the property sector crisis contribute to the larger output losses of about 4.2 percent, compared with pre-pandemic predictions. Other emerging market and developing economies have seen even weaker recoveries, especially low-income countries, where output losses average more than 6.5 percent. Higher interest rates and depreciated currencies have exacerbated the difficulties of low-income countries, placing more than half either at high risk of distress or already in distress. Overall, global output for 2023 is estimated at 3.4 percent (or about \$ 3.6 trillion in 2023 prices) below pre-pandemic projections. Private consumption has also recovered faster in advanced economies than in emerging market and developing economies, owing to an earlier reopening in the former group facilitated by greater availability of effective vaccines, stronger safety nets, more ample policy stimulus, and greater feasibility of remote work. These factors supported livelihoods during the pandemic, and household consumption is now broadly back to pre-pandemic trends. Among advanced economies, private consumption has been stronger in the United States than in the euro area, with households receiving larger fiscal transfers early in the pandemic and spending the associated savings more quickly; being better insulated from the rise in energy prices resulting from the war in Ukraine; and feeling relatively confident amid historically tight US labour markets, which have supported real disposable incomes (Figure 1.1, panel 2). Among emerging market and developing economies, the consumption shortfall is particularly large in China, reflecting tight restrictions on mobility during the COVID-19 crisis.

Investment, on the other hand, has uniformly fallen short of pre-pandemic trends across regions. Businesses have shown less enthusiasm for expansion and risk taking amid rising interest rates, withdrawal of fiscal support, dimmer prospects for product demand, stricter lending conditions, and growing uncertainties 75 million to 95 million more people were living in extreme poverty in 2022 compared with pre-pandemic estimates. Spikes in food prices and related insecurities following Russia’s invasion of Ukraine, as well as bouts of extreme weather, have accentuated these difficulties. The global average temperature in July 2023 was the highest on record for any month, amid reports of catastrophic flooding, heat waves, and wildfires in many regions. Overall, the global prevalence of undernourishment is significantly higher than before the pandemic (FAO and others 2023).

Resilient Start to 2023, Signs of Slowdown

Despite these persistent challenges, several headwinds to global growth subsided earlier this year. The World Health Organization announced in May that it no longer considered COVID-19 a global health emergency, and infections and hospitalizations appear to remain relatively limited, despite a recent uptick in some regions. Supply chains, which the pandemic disrupted, have largely normalized, with shipping costs and suppliers' delivery times back to pre-pandemic levels. And global financial conditions eased after Swiss and US authorities took strong action in March to contain turbulence in their banking sectors.

Amid these conditions, global GDP expanded by 3.4 percent in the second quarter of 2023 compared with a year earlier outperforming forecasts, including those in the April 2023 WEO. The resilience reflected strong consumption amid tight labour markets in the United States and robust activity in economies with large travel and tourism sectors, such as Italy, Mexico, and Spain. These developments offset a slowdown in more interest-rate-sensitive manufacturing sectors.

China: Slower Growth

China's growth momentum is fading following a COVID-19 reopening surge in early 2023. Growth slowed from 8.9 percent in the first quarter of 2023 (seasonally adjusted annualized quarterly rate) to 4.0 percent in the second quarter. With ample economic slack and declining energy and food prices, inflation fell to an estimated 0.2 percent (year over year) in the second quarter of 2023. Country Garden China's largest property developer and a major beneficiary of government support—is facing severe liquidity stress, a sign that real estate distress is spreading to stronger developers, despite policy easing measures. Meanwhile, real estate investment and housing prices continue to decline, putting pressure on local governments' revenues from land sales and threatening already fragile public finances.

Commodity exporters and countries that are part of the Asian industrial supply chain are the most exposed to China's loss of momentum.

Tighter Monetary Policy, Tighter Credit

Acute stress in the banking sector has receded. The March 2023 banking scare remained contained and limited to problematic regional banks in the United States and Credit Suisse a Swiss globally systemically important bank on account of swift reaction by authorities in both countries. However, rapid rate hikes in major advanced economies over the past 18 months, a necessary response to rapidly rising inflationary pressures, have resulted in a tight monetary policy stance real rates above neutral rates that is expected to endure well into 2025.

INDIAN ECONOMY OVERVIEW

Introduction

Strong economic growth in the first quarter of FY23 helped India overcome the UK to become the fifth-largest economy after it recovered from the COVID-19 pandemic shock. Real GDP at constant prices in the second quarter of 2022–23 is estimated at US\$ 1.94 trillion (Rs. 160.06 trillion), showing a growth of 7.2% as compared to the First Revised Estimates of GDP for the year 2021–22 of US\$ 1.81 trillion (Rs. 149.26 trillion), indicating a strong start for India's recovery from the pandemic. Given the release of pent-up demand and the widespread vaccination coverage, the contact-intensive services sector will probably be the main driver of development in 2022–2023. In FY22, India's service exports stood at US\$ 254.4 billion. Furthermore, India's overall exports (services and merchandise) was estimated at US\$ 770.18 billion in FY23. Rising employment and substantially increasing private consumption, supported by rising consumer sentiment, will support GDP growth in the coming months.

Future capital spending of the government in the economy is expected to be supported by factors such as tax buoyancy, the streamlined tax system with low rates, a thorough assessment and rationalisation of the tariff structure, and the digitization of tax filing. In the medium run, increased capital spending on infrastructure and asset-building projects is set to increase growth multipliers, and with the revival in monsoon and the Kharif sowing, agriculture is also picking up momentum. The contact-based services sector has largely demonstrated promise to boost growth by unleashing the pent-up demand over the period of April–December 2022. The sector's success is being captured by a number of HFIs (High-Frequency Indicators) that are performing well, indicating the beginnings of a comeback.

India has emerged as the fastest-growing major economy in the world and is expected to be one of the top three economic powers in the world over the next 10–15 years, backed by its robust democracy and strong partnerships.

India's appeal as a destination for investments has grown stronger and more sustainable as a result of the current period of global unpredictability and volatility, and the record amounts of money raised by India-focused funds in 2022 are evidence of investor faith in the "Invest in India" narrative.

Market Size

India's nominal gross domestic product (GDP) at current prices is estimated to be at US\$ 3.31 trillion (Rs. 272.41 trillion) in FY22. Additionally, the Nominal GDP at current prices in Q3 of 2022–23 was US\$ 874.84 billion (Rs. 71.82 trillion), as against US\$ 792.3 billion (Rs. 65.05 trillion) in 2021–22, estimating a growth of 10.4%. With 115 unicorns valued at more than US\$ 350 billion, as of February 2023, India presently has the third-largest unicorn base in the world. The government is also focusing on renewable sources by achieving 40% of its energy from non-fossil sources by 2030. India is committed to achieving the country's ambition of Net Zero Emissions by 2070 through a five-pronged strategy, 'Panchamrit'. Moreover, India ranked 3rd in the renewable energy country attractive index.

According to the McKinsey Global Institute, India needs to boost its rate of employment growth and create 90 million non-farm jobs between 2023 and 2030 in order to increase productivity and economic growth. The net employment rate needs to grow by 1.5% per annum from 2023 to 2030 to achieve 8–8.5% GDP growth between 2023 and 2030. India's current account deficit (CAD), primarily driven by an increase in the trade deficit, stood at US\$ 1.3 billion, 0.2% of GDP in the fourth quarter of FY23.

Exports fared remarkably well during the pandemic and aided recovery when all other growth engines were losing steam in terms of their contribution to GDP. Going forward, the contribution of merchandise exports may waver as several of India's trade partners witness an economic slowdown. According to Mr. Piyush Goyal, Minister of

Commerce and Industry, Consumer Affairs, Food and Public Distribution and Textiles, Indian exports are expected to reach US\$ 1 trillion by 2030.

Recent Developments

India is primarily a domestic demand-driven economy, with consumption and investments contributing to 70% of the economic activity. With an improvement in the economic scenario and the Indian economy recovering from the Covid-19 pandemic shock, several investments and developments have been made across various sectors of the economy. According to World Bank, India must continue to priorities lowering inequality while also putting growth-oriented policies into place to boost the economy. In view of this, there have been some developments that have taken place in the recent past. Some of them are mentioned below.

- As of January 6, 2023, India's foreign exchange reserves stood at US\$ 561,583 million.
- 1,261 deals were recorded of more than US\$ 46 billion of Private Equity (PE) – Venture Capitalist (VC) investments in 2022. 111 mega transactions (rounds of US\$ 100 million or more) totalling US\$ 31 billion were completed in 2022.
- Merchandise exports in March 2023 stood at US\$ 38.38 billion, with total merchandise export of US\$ 447.46 billion during the period of April-March 2023. The overall exports (merchandise and service exports) in 2022-23 was estimated at US\$ 770.18, exhibiting a positive growth of 13.84%.
- India ranks 3rd position in the global number of scientific publications further improving India's Global Innovation Index (GII) rank from 81st in 2014 to 40th in 2022.
- PMI Services remained comfortably in the expansionary zone at 57.8 in the month of June 2023.
- In June 2023, the gross Goods and Services Tax (GST) revenue collection stood at US\$ 19.63 billion (Rs.1,61,497 crore), of which CGST is US\$ 3.77 billion (Rs. 31,013 crore), SGST is US\$ 4.65 billion (Rs. 38,292 crore), IGST is US\$ 9.76 billion (Rs. 80,292 crore).
- Between April 2000 – March 2023, cumulative FDI equity inflows to India stood at US\$ 9919.63 billion.
- In May 2023, the overall IIP (Index of Industrial Production) stood at 145. The Indices of Industrial Production for the mining, manufacturing and electricity sectors stood at 128.1, 142.3 and 201.6, respectively, in May 2023.
- According to data released by the Ministry of Statistics & Programme Implementation (MoSPI), India's Consumer Price Index (CPI) based retail inflation reached 4.81% in June 2023.
- In FY23, the Foreign Portfolio Investment (FPI) outflows stood at US\$ 14.81 billion (Rs. 1.21 trillion). As per depository data, Foreign Portfolio Investors (FPIs) invested Rs. 22,000 crore (US\$ 2.67 billion) in India during the first week of July 2023.
- The wheat procurement during RMS 2022-23 was estimated to be 262 lakh metric tonnes and the rice procured in KMS 2022-23 was 624.18 lakh metric tonnes (518 LMT for Kharif crop and 106.18 LMT for Rabi crop). Moreover, in the budget 2022-23, direct payment of (Maximum Selling Price) MSP was launched that estimated to be US\$ 31.74 billion (Rs. 2.37 trillion) in order to boost farmers' income.

Government Initiatives

Over the years, the Indian government has introduced many initiatives to strengthen the nation's economy. The Indian government has been effective in developing policies and programmes that are not only beneficial for citizens to improve their financial stability but also for the overall growth of the economy. Over recent decades, India's rapid economic growth has led to a substantial increase in its demand for exports. Besides this, a number of the government's flagship programmes, including Make in India, Start-up India, Digital India, the Smart City Mission, and the Atal Mission for Rejuvenation and Urban Transformation, is aimed at creating immense opportunities in India. In this regard, some of the initiatives taken by the government to improve the economic condition of the country are mentioned below:

- From April 1st, 2023, Foreign Trade Policy 2023 was unveiled to create an enabling ecosystem to support the philosophy of 'Atma Nirbhar Bharat' and 'Local goes Global'.
- In order to enhance India's manufacturing capabilities by increasing investment and production in the sector, the government of India has introduced the Production Linked Incentive Scheme (PLI) for Pharmaceuticals.
- Prime Minister's Development Initiative for North-East Region (PM-DevINE) was announced in the Union Budget 2022-23 with a financial outlay of US\$ 182.35 million (Rs. 1,500 crore).
- Prime Minister Mr. Narendra Modi has inaugurated a new food security scheme for providing free food grains to Antyodaya Anna Yojna (AAY) & Primary Household (PHH) beneficiaries, called Pradhan Mantri Garib Kalyan Ann Yojana (PMGKAY) from 1st January 2023.
- The Amrit Bharat Station scheme for Indian Railways envisages the development of stations on a continuous basis with a long-term vision, formulated on 29th December 2022 by the Ministry of Railways.
- On 7th October 2022, the Department for Promotion of Industry and Internal Trade (DPIIT) launched Credit Guarantee Scheme for Start-ups (CGSS) aiming to provide credit guarantees up to a specified limit by start-ups, facilitated by Scheduled Commercial Banks, Non-Banking Financial Companies and Securities and Exchange Board of India (SEBI) registered Alternative Investment Funds (AIFs).
- Telecom Technology Development Fund (TTDF) Scheme was launched in October 2022 by the Universal Service Obligation Fund (USOF), a body under the Department of Telecommunications. The objective is to fund R&D in rural-specific communication technology applications and form synergies among academia, start-ups, research institutes, and the industry to build and develop the telecom ecosystem.
- Home & Cooperation Minister Mr. Amit Shah laid the foundation stone and performed Bhoomi Pujan of Tanot Mandir Complex Project under Border Tourism Development Programme in Jaisalmer in September 2022.
- In August 2022, Mr. Narendra Singh Tomar, Minister of Agriculture and Farmers Welfare inaugurated four new facilities at the Central Arid Zone Research Institute (CAZRI), which has been rendering excellent services for more than 60 years under the Indian Council of Agricultural Research (ICAR).
- In August 2022, a Special Food Processing Fund of US\$ 242.72 million (Rs. 2,000 crore) was set up with National Bank for Agriculture and Rural Development (NABARD) to provide affordable credit for investments in setting up Mega Food Parks (MFP) as well as processing units in the MFPs.
- In July 2022, Deendayal Port Authority (DPA) announced plans to develop two Mega Cargo Handling Terminals on a Build-Operate-Transfer (BOT) basis under Public-Private Partnership (PPP) Mode at an estimated cost of Rs. 5,963 crore (US\$ 747.64 million).
- In July 2022, the Union Cabinet chaired by Prime Minister Mr. Narendra Modi, approved the signing of the Memorandum of Understanding (MoU) between India & Maldives. This MoU will provide a platform to tap the benefits of information technology for court digitization and can be a potential growth area for IT companies and start-ups in both countries.
- India and Namibia entered a Memorandum of Understanding (MoU) on wildlife conservation and sustainable biodiversity utilization on July 20, 2022, for establishing the cheetah into the historical range in India.
- In July 2022, the Reserve Bank of India (RBI) approved international trade settlements in Indian rupees (INR) in order to promote the growth of global trade with emphasis on exports from India and to support the increasing interest of the global trading community.
- The Agnipath Scheme aims to develop a young and skilled armed force backed by an advanced warfare technology scheme by providing youth with an opportunity to serve Indian Army for a 4-year period. It is introduced by the Government of India on 14 June 2022.
- In June 2022, Prime Minister Mr. Narendra Modi inaugurated and laid the foundation stone of development projects worth Rs. 21,000 crore (US\$ 2.63 billion) at Gujarat Gaurav Abhiyan at Vadodara.

- Mr. Rajnath Singh, Minister of Defence, launched 75 newly developed Artificial Intelligence (AI) products/technologies during the first-ever 'AI in Defence' (AIDef) symposium and exhibition organized by the Ministry of Defence in New Delhi on 11 July 2022.
- In June 2022, Prime Minister Mr. Narendra Modi laid the foundation stone of 1,406 projects worth more than Rs. 80,000 crore (US\$ 10.01 billion) at the ground-breaking ceremony of the UP Investors Summit in Lucknow. The Projects encompass diverse sectors like Agriculture and Allied industries, IT and Electronics, MSME, Manufacturing, Renewable Energy, Pharma, Tourism, Defence & Aerospace, and Handloom & Textiles.
- The Indian Institute of Spices Research (IISR) under the Indian Council for Agricultural Research (ICAR) inked a Memorandum of Understanding (MoU) with Lysterra LLC, a Russia-based company for the commercialization of bio capsule, an encapsulation technology for bio-fertilization on 30 June 2022.
- As of April 2022, India signed 13 Free Trade Agreements (FTAs) with its trading partners including major trade agreements like the India-UAE Comprehensive Partnership Agreement (CEPA) and the India-Australia Economic Cooperation and Trade Agreement (IndAus ECTA).
- 'Mission Shakti' was applicable with effect from 1st April 2022, aimed at strengthening interventions for women's safety, security and empowerment.
- The Union Budget of 2022-23 was presented on February 1, 2022, by the Minister for Finance & Corporate Affairs, Ms. Nirmala Sitharaman. The budget had four priorities PM Gati Shakti, Inclusive Development, Productivity Enhancement and Investment, and Financing of Investments. In the Union Budget 2022-23, effective capital expenditure is expected to increase by 27% at US\$ 142.93 billion (Rs. 10.68 trillion) to boost the economy. This will be 4.1% of the total Gross Domestic Production (GDP).
- Strengthening of Pharmaceutical Industry (SPI) was launched in March 2022 by the Ministry of Chemicals & Fertilisers to provide credit linked capital and interest subsidy for Technology Upgradation of MSME units in pharmaceutical sector, as well as support of up to Rs. 20 crore (US\$ 2.4 million) each for common facilities including Research centre, testing labs and ETPs (Effluent Treatment Plant) in Pharma Clusters, to enhance the role of MSMEs.
- Under PM Gati Shakti Master Plan, the National Highway Network will develop 25,000 km of new highways network, which will be worth Rs. 20,000 crore (US\$ 2.67 billion). In 2022-23. Increased government expenditure is expected to attract private investments, with a production-linked incentive scheme providing excellent opportunities. Consistently proactive, graded, and measured policy support is anticipated to boost the Indian economy.
- In February 2022, The Ministry of Social Justice & Empowerment launched the Scheme for Economic Empowerment of Denotified/Nomadic/Semi Nomadic tribal communities (DNTs) (SEED) to provide basic facilities like good quality coaching, and health insurance. livelihoods initiative at a community level and financial assistance for the construction of houses.
- In February 2022, Minister for Finance and Corporate Affairs Ms. Nirmala Sitharaman said that productivity linked incentive (PLI) schemes would be extended to 14 sectors to achieve the mission of Atma Nirbhar Bharat and create 60 lakh jobs with an additional production capacity of Rs. 30 trillion (US\$ 401.49 billion) in the next five years.
- In the Union Budget of 2022-23, the government announced funding for the production-linked incentive (PLI) scheme for domestic solar cells and module manufacturing of Rs. 24,000 crore (US\$ 3.21 billion).
- In the Union Budget of 2022-23, the government announced a production-linked incentive (PLI) scheme for Bulk Drugs which was an investment of Rs. 2,500 crore (US\$ 334.60 million).
- In the Union Budget of 2022, Minister for Finance & Corporate Affairs Ms. Nirmala Sitharaman announced that a scheme for design-led manufacturing in 5G would be launched as part of the PLI scheme.
- In September 2021, Union Cabinet approved major reforms in the telecom sector, which are expected to boost employment, growth, competition, and consumer interests. Key reforms include rationalization of adjusted gross revenue, rationalization of bank guarantees (BGs), and encouragement of spectrum sharing.
- In the Union Budget of 2022-23, the government has allocated Rs. 44,720 crore (US\$ 5.98 billion) to Bharat Sanchar Nigam Limited (BSNL) for capital investments in the 4G spectrum.
- Minister for Finance & Corporate Affairs Ms. Nirmala Sitharaman allocated Rs. 650 crore (US\$ 86.69 million) for the Deep Ocean mission that seeks to explore vast marine living and non-living resources. Department of Space (DoS) has got Rs. 13,700 crore (US\$ 1.83 billion) in 2022-23 for several key space missions like Gaganyaan, Chandrayaan-3, and Aditya L-1 (sun).

- In May 2021, the government approved the production-linked incentive (PLI) scheme for manufacturing advanced chemistry cell (ACC) batteries at an estimated outlay of Rs. 18,100 crore (US\$ 2.44 billion); this move is expected to attract domestic and foreign investments worth Rs. 45,000 crore (US\$ 6.07 billion).
- Minister for Finance & Corporate Affairs Ms. Nirmala Sitharaman announced in the Union Budget of 2022-23 that the Reserve Bank of India (RBI) would issue Digital Rupee using blockchain and other technologies.
- In the Union Budget of 2022-23, Railway got an investment of Rs. 2.38 trillion (US\$ 31.88 billion) and over 400 new high-speed trains were announced. The concept of "One Station, One Product" was also introduced.
- To boost competitiveness, Budget 2022-23 has announced reforming the 16-year-old Special Economic Zone (SEZ) act.
- In June 2021, the RBI (Reserve Bank of India) announced that the investment limit for FPI (foreign portfolio investors) in the State Development Loans (SDLs) and government securities (G-secs) would persist unaffected at 2% and 6%, respectively, in FY22.
- In November 2020, the Government of India announced Rs. 2.65 trillion (US\$ 36 billion) stimulus package to generate job opportunities and provide liquidity support to various sectors such as tourism, aviation, construction, and housing. Also, India's cabinet approved the production-linked incentives (PLI) scheme to provide ~Rs. 2 trillion (US\$ 27 billion) over five years to create jobs and boost production in the country.
- Numerous foreign companies are setting up their facilities in India on account of various Government initiatives like Make in India and Digital India. Prime Minister of India Mr. Narendra Modi launched the Make in India initiative with an aim to boost the country's manufacturing sector and increase the purchasing power of the average Indian consumer, which would further drive demand and spur development, thus benefiting investors. The Government of India, under its Make in India initiative, is trying to boost the contribution made by the manufacturing sector with an aim to take it to 25% of the GDP from the current 17%. Besides, the government has also come up with the Digital India initiative, which focuses on three core components: the creation of digital infrastructure, delivering services digitally, and increasing digital literacy.
- On January 29, 2022, the National Asset Reconstruction Company Ltd (NARCL) will acquire bad loans worth up to Rs. 50,000 crore (US\$ 6.69 billion) about 15 accounts by March 31, 2022. India Debt Resolution Co. Ltd (IDRCL) will control the resolution process. This will clean up India's financial system and help fuel liquidity and boost the Indian economy.
- National Bank for Financing Infrastructure and Development (NaBFID) is a bank that will provide non-recourse infrastructure financing and is expected to support projects from the first quarter of FY23; it is expected to raise Rs. 4 trillion (US\$ 53.58 billion) in the next three years.
- By November 1, 2021, India and the United Kingdom hope to begin negotiations on a free trade agreement. The proposed FTA between these two countries is likely to unlock business opportunities and generate jobs. Both sides have renewed their commitment to boost trade in a manner that benefits all.
- In August 2021, Prime Minister Mr. Narendra Modi announced an initiative to start a national mission to reach the US\$ 400 billion merchandise export target by FY22.
- In August 2021, Prime Minister Mr. Narendra Modi launched a digital payment solution, e-RUPI, a contactless and cashless instrument for digital payments.
- In April 2021, Dr . Ahmed Abdul Rahman AlBanna, Ambassador of the UAE to India and Founding Patron of IFIICC, stated that trilateral trade between India, the UAE and Israel is expected to reach US\$ 110 billion by 2030.
- India is expected to attract investment of around US\$ 100 billion in developing the oil and gas infrastructure during 2019-23.
- The Government of India is expected to increase public health spending to 2.5% of the GDP by 2025.

Road Ahead

In the second quarter of FY23, the growth momentum of the first quarter was sustained, and high-frequency indicators (HFIs) performed well in July and August of 2022. India's comparatively strong position in the external sector reflects the country's generally positive outlook for economic growth and rising employment rates. India ranked fifth in foreign direct investment inflows among the developed and developing nations listed for the first quarter of 2022.

India's economic story during the first half of the current financial year highlighted the unwavering support the government gave to its capital expenditure, which, in FY23 (until August 2022), stood 46.8% higher than the same period last year. The ratio of revenue expenditure to capital outlay decreased from 6.4 in the previous year to 4.5 in the current year, signalling a clear change in favour of higher-quality spending. Stronger revenue generation because

of improved tax compliance, increased profitability of the company, and increasing economic activity also contributed to rising capital spending levels.

Since India's resilient growth despite the global pandemic, India's exports climbed at the second-highest rate with a year-over-year (YoY) growth of 8.39% in merchandise exports and a 29.82% growth in service exports till April 2023. With a reduction in port congestion, supply networks are being restored. The CPI-C inflation reduction from June 2022 already reflects the impact. In June 2023 (Provisional), CPI-C inflation was 4.81%, down from 7.01% in June 2022. With a proactive set of administrative actions by the government, flexible monetary policy, and a softening of global commodity prices and supply-chain bottlenecks, inflationary pressures in India look to be on the decline overall.

GLOBAL MANUFACTURING INDUSTRY

What is a manufacturing business model?

In simple words, a manufacturing business model refers to the way a manufacturer creates value and structures its operations to transform raw materials and components into finished products through a series of design, production, and logistics processes to create and deliver value to its customers as well as capture value for itself and its stakeholders. Business models are integral to a manufacturer's success and competitive edge as they provide a roadmap for creating value, generating revenue, managing costs, and adapting to a dynamic business environment. Manufacturing firms that strategically design and execute innovative business models are better positioned for long-term success.

A generic manufacturing business model can be described in terms of nine key building blocks that interact to configure different organisational resources, activities, and partners to create and deliver products and services to one or more customer segments through the proper channels and relations within a reasonable cost and gaining acceptable revenue and profits. These building blocks include Customer segments that represent the different groups of customers a manufacturing business serves with its products and services. These customer groups could include industrial clients, wholesalers, retailers, or end consumers. Identifying and understanding the specific needs and characteristics of each of these customer groups is crucial for tailoring the manufacturer's value propositions accordingly and for effectively configuring the required resources, activities, and partners for the design, manufacturing, and delivery of such value propositions through the proper channels. The value proposition that stands for the unique value (benefits) a manufacturing business can offer to its customers in terms of new product designs and features, superior quality and performance, mass customisation or personalisation options, or other value-added factors such as complementary services that set a manufacturer's products apart from those of its competitors.

Channels that determine the most effective ways to reach and sell to customers. These channels might involve direct sales, distribution through retailers, e-commerce platforms, or partnerships with other businesses. Channels also consider the supply chain and logistics aspects integral for delivering complete and timely product orders.

Customer relationships that outline how a manufacturing business will engage with its customers. This could include customer support, warranty services, and other post-sales interactions during a product's middle- and end-of-life as well as regular communications to understand and meet evolving customer needs.

Revenue streams that specify the sources of revenue for the manufacturing business. This could include product sales, maintenance contracts, licensing fees, or any other ancillary services that can contribute to the income streams.

Key resources that account for the critical resources and assets required to operate a manufacturing business from raw materials to production facilities and equipment to skilled labour.

Key activities that define the design, engineering, and manufacturing processes needed to conceptualise and develop a product.

Key partners that can enhance the manufacturing capabilities of the business or provide access to key resources and assets. These alliances might include suppliers, distributors, or joint ventures.

Cost structure that outlines the major costs associated with running a manufacturing business, including raw materials, labour, facilities, distribution, and overhead costs.

What is manufacturing business model innovation?

Manufacturing business model innovation refers to the process of strategically reimagining and redesigning one or more of the nine building blocks of a manufacturing firm's business model and/or the architecture linking this departure from traditional manufacturing approaches, encompassing significant changes in how a manufacturer designs, produces, sells, and supports its products along their lifecycles. Key areas for manufacturing business model

innovation related to the nine building blocks of a generic manufacturing business model include but are not limited to:

New customer-centricity approaches place a strong emphasis on understanding and meeting the targeted customer segments' needs and engaging customers in value co-creation and co-innovation activities to ensure that the offered products and services align with their expectations.

New value propositions focus on creating new mass-customised or personalised sustainable products, enhancing existing ones with new sustainable and smart features, or providing additional services to these to better meet evolving customer needs.

New sales channels such as online marketplaces and social media channels sell directly to consumers and bypass traditional retail channels, thus leading to better shopping experiences.

building blocks by looking at innovative ways of creating, delivering, and capturing new forms of value, enhancing competitiveness, and adapting to changing market and consumer dynamics^{5 6}. It involves a systematic and radical

New customer relationships prioritise the customer through distinctive loyalty programmes, special promotions, and unique shopping experiences, tailored with customer data insights, which demonstrate a deeper understanding of customer pains.

New revenue streams beyond selling physical products explore new recurring income sources based on the offering of services and solutions, for instance, maintenance, upgrades, and performance-based contracts as well as leveraging data monetisation opportunities.

New resources management practices based on the circular economy principles minimise the impact of finite resource consumption and create truly sustainable business models and value propositions.

New activities optimisation efforts enhance efficiency, boost productivity, minimise waste, reduce costs, and improve product quality.

New partnership schemes based on collaborations with other manufacturers, suppliers, or even competitors create synergies and unlock new value propositions by integrating complementary products and/or services.

New cost structures analyse and better manage the various costs incurred in the design, manufacturing, and delivery of products and services to enhance profitability.

What are the challenges of manufacturing business model innovation?

While manufacturing business model innovation can bring about positive changes as discussed, it also comes with its set of challenges. Here are some common hurdles that manufacturing firms may face when attempting to innovate their business models:

Resistance to change is one of the primary challenges to manufacturing business model innovation as employees may be hesitant to adopt new technologies or ways of working.

High initial costs that come with the implementation of new technologies or processes that can require a significant upfront investment. Integration with legacy systems as new technologies may not be easily compatible.

Skills gaps as the adoption of advanced technologies may require new skill sets not available in the workforce.

Data security concerns as production equipment becomes more connected through the Internet of Things (IoT) and other digital technologies, there are increased concerns about cyber threats.

Regulatory compliance as new business models may require manufacturing firms to navigate complex regulatory landscapes, which can slow down the pace of innovation.

Uncertain return on investment (ROI) as manufacturing firms may hesitate to invest in new technologies without a clear understanding of the long-term benefits and financial returns.

Cultural shift towards a true culture of innovation can be difficult since it requires not only changes in processes and technologies but also a shift in the organisational mindset, embracing experimentation, learning from failures, and continuous improvement.

Lack of standardisation can complicate the adoption process of new technologies.

Market acceptance when introducing new products or services through innovative business models may face challenges in gaining customers' and partners' acceptance. Long implementation timelines as significant changes in business models can take time. Overcoming these challenges requires strategic planning, effective change management, and a commitment to fostering a culture of innovation within a manufacturing firm.

INDIAN MANUFACTURING INDUSTRY

Introduction

Manufacturing is emerging as an integral pillar in the country's economic growth, thanks to the performance of key sectors like automotive, engineering, chemicals, pharmaceuticals, and consumer durables. The Indian manufacturing industry generated 16-17% of India's GDP pre-pandemic and is projected to be one of the fastest growing sectors.

The machine tool industry was literally the nuts and bolts of the manufacturing industry in India. Today, technology has stimulated innovation with digital transformation a key aspect in gaining an edge in this highly competitive market.

Technology has today encouraged creativity, with digital transformation being a critical element in gaining an advantage in this increasingly competitive industry. The Indian manufacturing sector is steadily moving toward more automated and process-driven manufacturing, which is projected to improve efficiency and enhance productivity.

India has the capacity to export goods worth US\$ 1 trillion by 2030 and is on the road to becoming a major global manufacturing hub.

With 17% of the nation's GDP and over 27.3 million workers, the manufacturing sector plays a significant role in the Indian economy. Through the implementation of different programmes and policies, the Indian government hopes to have 25% of the economy's output come from manufacturing by 2025.

India now has the physical and digital infrastructure to raise the share of the manufacturing sector in the economy and make a realistic bid to be an important player in global supply chains.

A globally competitive manufacturing sector is India's greatest potential to drive economic growth and job creation this decade. Due to factors like power growth, long-term employment prospects, and skill routes for millions of people, India has a significant potential to engage in international markets. Several factors contribute to their potential. First off, these value chains are well positioned to benefit from India's advantages in terms of raw materials, industrial expertise, and entrepreneurship.

Second, they can take advantage of four market opportunities: expanding exports, localising imports, internal demand, and contract manufacturing. With digital transformation being a crucial component in achieving an advantage in this fiercely competitive industry, technology has today sparked creativity. Manufacturing sector in India is gradually shifting to a more automated and process driven manufacturing which is expected to increase the efficiency and boost production of the manufacturing industry.

India is gradually progressing on the road to Industry 4.0 through the Government of India's initiatives like the National Manufacturing Policy which aims to increase the share of manufacturing in GDP to 25 percent by 2025 and the PLI scheme for manufacturing which was launched in 2022 to develop the core manufacturing sector at par with global manufacturing standards.

Manufacturing has emerged as one of the high growth sectors in India. Prime Minister of India, Mr Narendra Modi, launched the 'Make in India' program to place India on the world map as a manufacturing hub and give global recognition to the Indian economy. Government aims to create 100 million new jobs in the sector by 2022.

Market Size

Manufacturing exports have registered highest ever annual exports of US\$ 447.46 billion with 6.03% growth during FY23 surpassing the previous year (FY22) record exports of US\$ 422 billion. By 2030, Indian middle class is expected to have the second-largest share in global consumption at 17%.

India's gross domestic product (GDP) at current prices stood at Rs. 51.23 lakh crore (US\$ 694.93 billion) in the first quarter of FY22, as per the provisional estimates of gross domestic product for the first quarter of 2021-22. The manufacturing GVA at current prices was estimated at US\$ 77.47 billion in the third quarter of FY22 and has contributed around 16.3% to the nominal GVA of during the past ten years. India has potential to become a global manufacturing hub and by 2030, it can add more than US\$ 500 billion annually to the global economy. As per the economic survey reports, estimated employment in manufacturing sector in India was 5.7 crore in 2017-18, 6.12 crore in 2018-19 which was further increased to 6.24 crore in 2019-20. India's display panel market is estimated to grow from ~US\$ 7 billion in 2021 to US\$ 15 billion in 2025. As per the survey conducted by the Federation of Indian Chambers of Commerce and Industry (FICCI), capacity utilisation in India's manufacturing sector stood at 72.0% in the second quarter of FY22, indicating significant recovery in the sector.

Investment

Some of the major investments and developments in this sector in the recent past are:

- According to Department for Promotion of Industry and Internal Trade (DPIIT), India received a total foreign direct investment (FDI) inflow of US\$ 58.77 billion in FY22.
- Between April 2000-September 2022:
 - ✓ The automobile sector received FDI inflows of US\$ 33,774 million.
 - ✓ The chemical manufacturing sector (excluding fertilisers) received FDI inflows worth US\$ 20,759 million.
 - ✓ The drug and pharmaceutical manufacturing sector received FDI inflows worth US\$ 20,104 million.
 - ✓ The Food Processing Industries received FDI inflows worth US\$ 11,514 million.
- The combined index of eight core industries stood at 144.6 for Apr-Feb 2023 against 134.1 for Apr-Feb 2022.
- The Index of Industrial (Production IIP) from April-February 2023 stood at 137.1.
- In FY23, the Manufacturing Purchasing Managers' Index (PMI) in India stood at 55.6.
- In FY23 (until September 2022), export of top 10 major commodities (Engineering goods, Petroleum products, Gems and Jewellery, Organic and Inorganic chemicals, Drugs and Pharmaceuticals, Electronic goods, RMG of all Textiles, Cotton Yarn/Fabs/ Madeups , Rice, Plastic and Linoleum) stood at US\$ 187.2 billion.
- In FY23 (until February 2023), EPFO added 131 lakh net subscribers. The Employees' Provident Fund Organisation (EPFO) added 1,396,185 in February 2023.
- In October 2021, information technology major Zoho, announced that it will invest Rs. 50–100 crore (US\$ 6.7-13.4 million) and form a new company, that will focus on research and development (R&D) in the manufacturing sector.
- In August 2021, Wistron Corp. collaborated with India's Optimus Electronics to manufacture products such as laptops and smartphones, giving a major boost to the 'Make in India' initiative and electronics manufacturing in the country.
- In April 2021, Samsung started manufacturing mobile display panels at its Noida plant and plans to ramp up manufacturing IT display panels soon.
- Samsung Display Noida, which has invested Rs. 4,825 crore (US\$ 650.42 million) to move its mobile and IT display manufacturing plant from China to Uttar Pradesh, has received special incentives from the state government.
- In April 2021, Bharti Enterprises Ltd. and Dixon Technologies (India) Ltd., formed a joint venture to take advantage of the government's PLI scheme for the manufacturing of telecom and networking products.

Government Initiatives

The Government of India has taken several initiatives to promote a healthy environment for the growth of manufacturing sector in the country. Some of the notable initiatives and developments are:

- In the Union Budget 2023-24:

- ✓ Startups incorporated within a time-period and meeting other conditions can deduct up to 100% of their profits; the end of this period has been extended from March 31, 2023 to March 31, 2024. In addition, the period within which losses of startups may be carried forward has been extended from seven to ten years.
- ✓ As per the Union Budget 2023 – 23, the income tax rate for new co-operative societies engaged in manufacturing activities has been lowered from 22% to 15% (plus 10% surcharge).
- ✓ The upper limit on turnover for MSMEs to be eligible for presumptive taxation has been raised from Rs. 2 crore (US\$ 2,43,044) to Rs. 3 crore (US\$ 3,64,528). The upper limit on gross receipts for professionals eligible for presumptive taxation has been raised from Rs. 50 lakh (US\$ 60,754) to Rs. 75 lakh (US\$ 91,132).
- ✓ Expenditure on fertilizer subsidy is estimated at Rs. 1,75,100 crore (US\$ 21.2 billion) in 2023-24. This is a decrease of Rs. 50,120 crore (US\$ 6.09 billion) (22.3%) from the revised estimate of 2022-23. Fertilizer subsidy for 2022-23 was increased substantially in response to a sharp increase in international prices of raw materials used in the manufacturing of fertilizers.
- ✓ The Centre will facilitate one crore farmers to adopt natural farming. For this, 10,000 Bio-Input Resource Centres will be set-up, creating a national-level distributed micro-fertilizer and pesticide manufacturing network.
- ✓ To avoid cascading of taxes on blended compressed natural gas, excise duty on GST-paid compressed bio-gas contained in it has been exempted from excise duty. Customs duty exemption has been extended to import of capital goods and machinery required for manufacture of lithium-ion cells for batteries used in electric vehicles.
- ✓ To further deepen domestic value addition in manufacture of mobile phones, the finance minister announced relief in customs duty on import of certain parts and inputs like camera lens. The concessional duty on lithium-ion cells for batteries will continue for another year. Basic customs duty on parts of open cells of TV panels has been reduced to 2.5%. The Budget also proposes changes in the basic customs duty to rectify inversion of duty structure and encourage manufacturing of electrical kitchen chimneys.
- ✓ Basic customs duty on seeds used in the manufacture of Lab Grown Diamonds has also been reduced.
- Ministry of Defence has set a target of achieving a turnover of US\$ 25 billion in aerospace and defence Manufacturing by 2025, which includes US\$ 5 billion exports. Till October 2022, a total of 595 Industrial Licences have been issued to 366 companies operating in Defence Sector.
- A new category of capital procurement ‘Buy {Indian-IDD (Indigenously Designed, Developed and Manufactured)}’ has been introduced in Defence Procurement Procedure (DPP)-2016.
- By 2030, the Indian government expects the electronics manufacturing sector to be worth US\$ 300 billion.
- Initiatives like Make in India, Digital India and Startup India have given the much needed thrust to the Electronics System Design and Manufacturing (ESDM) sector in India.
- Moreover, the government’s endeavours such as Modified Special Incentive Scheme (M-SIPS), Electronics Manufacturing Clusters, Electronics Development Fund and National Policy on Electronics 2019 (NPE 2019) have been a huge success.
- The Scheme for Promotion of Manufacturing of Electronic Components and Semiconductors (SPECS) has been notified with an aim to strengthen the value chain for the manufacturing of electronic products in India.
- In the Union Budget 2022-23:
 - ✓ Ministry of Defence has been allocated Rs. 525,166 crore (US\$ 67.66 billion)
 - ✓ The government allocated Rs. 2,403 crore (US\$ 315 million) for Promotion of Electronics and IT Hardware Manufacturing.
- The PLI for semiconductor manufacturing is set at Rs. 760 billion (US\$ 9.71 billion), with the goal of making India one of the world’s major producers of this crucial component.
- The government approved a PLI scheme for 16 plants for key starting materials (KSMs)/drug intermediates and active pharmaceutical ingredients (APIs). The establishment of these 16 plants would result in a total investment of Rs. 348.70 crore (US\$ 47.01 million) and generation of ~3,042 jobs. The commercial development of these plants is expected to begin by April 2023.
- In September 2022, the National Logistics Policy was launched by Prime Minister Mr. Narendra Modi which ensures quick last mile delivery, end transport-related challenges.

- In November 2021, the Experts' Advisory Committee (EAC) of the Department for Promotion of Industry and Internal Trade approved Rs. 3 crore (US\$ 403,293.54) for the Atal Incubation Centre (AIC), Pondicherry Engineering College Foundation (PECF), under the Start-up India Seed Fund scheme.
- In September 2021, Prime Minister Mr. Narendra Modi approved the production-linked incentive (PLI) scheme in the textiles sector—for man-made fibre (MMF) apparel, MMF fabrics and 10 segments/products of technical textiles—at an estimated outlay of Rs. 10,683 crore (US\$ 1.45 billion).
- India outlines a plan in August 2021 to reach its goal of US\$ 1 trillion in manufactured goods exports.
- In July 2021, the government launched six technology innovation platforms to develop technologies and thereby, boost the manufacturing sector in India to compete globally.
- To propagate Make in India, in July 2021, the Defence Ministry issued a tender of Rs. 50,000 crore (US\$ 6.7 billion) for building six conventional submarines under Project-75 India.
- In May 2021, the government approved a PLI scheme worth Rs. 18,000 crore (US\$ 2.47 billion) for production of advanced chemical cell (ACC) batteries; this is expected to attract investments worth Rs. 45,000 crore (US\$ 6.18 billion) in the country, and further boost capacity in core component technology and make India a clean energy global hub.
- In India, the market for grain-oriented electrical steel sheet manufacturing is witnessing high demand from power transformer producers, due to the rising demand for electric power and increasing adoption of renewable energy in the country.
- The Mega Investment Textiles Parks (MITRA) scheme to build world-class infrastructure will enable global industry champions to be created, benefiting from economies of scale and agglomeration. Seven Textile Parks will be established over three years.
- The government proposed to make significant investments in the construction of modern fishing harbours and fish landing centres, covering five major fishing harbours in Kochi, Chennai, Visakhapatnam, Paradip, and Petua ghat, along with a multipurpose Seaweed Park in Tamil Nadu. These initiatives are expected to improve exports from the textiles and marine sectors.
- The 'Operation Green' scheme of the Ministry of the Food Processing Industry, which was limited to onions, potatoes and tomatoes, has been expanded to 22 perishable products to encourage exports from the agricultural sector. This will facilitate infrastructure projects for horticulture products.

Road Ahead

India is an attractive hub for foreign investments in the manufacturing sector. Several mobile phone, luxury and automobile brands, among others, have set up or are looking to establish their manufacturing bases in the country. The manufacturing sector of India has the potential to reach US\$ 1 trillion by 2025. The implementation of the Goods and Services Tax (GST) will make India a common market with a GDP of US\$ 2.5 trillion along with a population of 1.32 billion people, which will be a big draw for investors. The Indian Cellular and Electronics Association (ICEA) predicts that India has the potential to scale up its cumulative laptop and tablet manufacturing capacity to US\$ 100 billion by 2025 through policy interventions.

One of the initiatives by the Government of India's Ministry for Heavy Industries & Public Enterprises is SAMARTH Udyog Bharat 4.0, or SAMARTH Advanced Manufacturing and Rapid Transformation Hubs. This is expected to increase competitiveness of the manufacturing sector in the capital goods market. With impetus on developing industrial corridors and smart cities, the Government aims to ensure holistic development of the nation. The corridors would further assist in integrating, monitoring and developing a conducive environment for the industrial development and will promote advance practices in manufacturing.

GLOBAL REFRACTORY INDUSTRY

Refractories refer to ceramic materials that are resistant to extremely high temperatures and endure physical wear and corrosion produced by chemical agents. Refractories are made from natural and artificial materials, mainly non-metallic or mixtures of compounds and minerals. Since they are more heat resistant than metals, they are used to line the hot surfaces found within many industrial processes, including the manufacturing of petrochemical goods and the refining of gasoline.

The main types of refractories are shaped and unshaped refractories. Shaped refractories refer to refractories with a predetermined form when given to the user. These are known as bricks. Brick forms are classified into two types namely regular shapes and unique shapes. Most refractory producers agree to a standard form typically suited to kilns and furnaces of the same kind. Refractories are acidic, neutral, and basic in nature and the refractory minerals includes bauxite, alumina, kaolin, magnesia, graphite, and zircon. Iron and steel, power generation, non-ferrous metals, cement, glass and other sectors are the end user of refractories.

The global refractories market grew from \$26.55 billion in 2022 to \$27.91 billion in 2023 at a compound annual growth rate (CAGR) of 5.1%. The Russia-Ukraine war disrupted the chances of global economic recovery from the COVID-19 pandemic, at least in the short term. The war between these two countries has led to economic sanctions on multiple countries, a surge in commodity prices, and supply chain disruptions, causing inflation across goods and services and affecting many markets across the globe. The refractories market is expected to grow to \$31.25 billion in 2027 at a CAGR of 2.9%.

The refractories market research report is one of a series of new reports that provides refractories market statistics, including refractories industry global market size, regional shares, competitors with a refractories market share, detailed refractories market segments, market trends and opportunities, and any further data you may need to thrive in the refractories industry. This refractories market research report delivers a complete perspective of everything you need, with an in-depth analysis of the current and future scenario of the industry.

Technological advancement is a key trend in the refractory market. Artificial intelligence and machine learning are used to produce refractories to gain efficiency. Images and other data collected during in-situ analysis can be input into machine learning (ML) models. These models provide insights that allow companies to make accurate predictions on the product's running time and the parameters and conditions (such as temperature) inside the reactor that is optimal for receiving the desired product, whether steel, glass, or cement while keeping the refractory layer to a minimum. RHI Magnesita, an Austria-based supplier of refractory products, systems, and services, uses AI to learn from production data. Its Automated Process Optimization (APO) system collects all available data regarding a specific manufacturing process and provides predictions about refractory material maintenance and replacement.

In June 2020, Morgan Advanced Materials, a UK-based manufacturing company that manufactures products using carbon, advanced ceramics, and composites, acquired Carbo San Luis for an undisclosed amount. The acquisition is to ensure the continued growth and development of the business. Carbo San Luis is an Argentina-based company specializing in manufacturing and selling insulating, refractory, and abrasion-resistant materials for all industries.

Asia-Pacific was the largest region in the refractories market in 2022. The regions covered in the refractories market report are Asia-Pacific, Western Europe, Eastern Europe, North America, South America, Middle East and Africa.

The countries covered in the refractories market report are Australia, Brazil, China, France, Germany, India, Indonesia, Japan, Russia, South Korea, UK and USA.

Growing demand for iron and steel is driving the refractories market. The demand for iron and steel is growing due to expanded infrastructure building and the growing car and railway industries. The rising demand for energy-efficient steel-making techniques for refractories is estimated to grow. Refractories are crucial lining materials for furnace working interfaces and backup zones during iron and steel manufacturing. According to India Brand Equity

Foundation (IBEF), steel consumption is predicted to rise by 17% to 110 million tonnes in FY22, owing to increased construction activity. Therefore, the increasing demand for steel and iron drives the market for refractories.

The refractories market consists of sales of alumina, silica, and magnesia. Values in this market are ‘factory gate’ values, that is the value of goods sold by the manufacturers or creators of the goods, whether to other entities (including downstream manufacturers, wholesalers, distributors and retailers) or directly to end customers. The value of goods in this market includes related services sold by the creators of the goods.

The market value is defined as the revenues that enterprises gain from the sale of goods and/or services within the specified market and geography through sales, grants, or donations in terms of the currency (in USD, unless otherwise specified).

The revenues for a specified geography are consumption values that are revenues generated by organizations in the specified geography within the market, irrespective of where they are produced. It does not include revenues from resales along the supply chain, either further along the supply chain or as part of other products.

INDIAN REFRACTORY INDUSTRY

Refractory materials are used in various fields of the national economy, such as iron and steel, nonferrous metal, glass, cement, ceramics, petrochemical, machinery, boiler, light industry, electric power, military industry, etc. It is an essential basic material to ensure the production and operation of the above-mentioned industries and the development of technology.

What are Refractory Materials?

Refractory materials generally refer to inorganic nonmetal materials with a refractory degree of 15800°C or above. Refractory materials include natural ores and various products made for certain purposes and requirements through certain processes, which have certain high-temperature mechanical properties and good volume stability. They are the necessary materials for various high-temperature equipment.

Types of Refractory Materials and Their Applications are as follows:

1. Fired Refractory Products

Fired refractory products are refractory materials obtained by kneading, molding, drying, and high-temperature firing of granular and powdery refractory raw materials and binders.

2. Non-Fired Refractory Products

Non-fired refractory products are refractory materials that are made of granular, powdered refractory materials and suitable binders but are directly used without being fired.

3. Special Refractory

Special refractory is a kind of refractory material with special properties made of one or more high melting point oxides, refractory non-oxides, and carbon.

4. Monolithic Refractory (Bulk Refractory Or Refractory Concrete)

Monolithic refractories refer to refractory materials with a reasonable gradation of granular, powdery refractory raw materials, binders, and various admixtures that are not fired at high temperatures and are used directly after mixing molding, and grilling material.

5. Functional Refractory Materials

Functional refractory materials are fired or non-fired refractory materials that are mixed with granulated and powdered refractory raw materials and binders to form a certain shape and have specific smelting applications.

6. Clay Bricks

Clay bricks are aluminum silicate refractory materials composed of mullite, glass phase, and cristobalite with an Al₂O₃ content of 30% to 48%.

Applications of Clay Bricks

Clay bricks are a widely used refractory material. They are often used in masonry blast furnaces, hot blast stoves, glass kilns, rotary kilns, etc.

7. High Alumina Bricks

High alumina bricks refer to refractory materials with an Al₂O₃ content of more than 48%, mainly composed of corundum, mullite, and glass.

Applications of High Alumina Bricks

It is mainly used in the metallurgy industry to build the plug and nozzle of a blast furnace, hot air furnace, electric furnace roof, steel drum, pouring system, etc.

8. Silica Bricks

Thanks for the comments for pointing out the error in this part. Silicon and silica are two different substances, among which silicon exists as a single element in nature and has a brittle crystal structure. Silica is different. It is composed of silicon and oxide. Its crystal structure is very hard, and its melting point is around 1700°C. Silica brick is a good refractory material. The SiO₂ content of silica bricks is above 93%, and other components include phosphorous quartz, cristobalite, residual quartz, glass, etc.

Applications of Silica Bricks

Silica bricks are mainly used to build the partition walls of the coking oven carbonization and combustion chambers, open-hearth heat storage chambers, high-temperature bearing parts of hot blast stoves, and vaults of other high-temperature kilns.

9. Magnesium Bricks

Magnesium bricks are alkaline refractory materials made from sintered magnesia or fused magnesia as raw materials, which are press-molded and sintered.

Applications of Magnesium Bricks

Magnesium bricks are mainly used in open-hearth furnaces, electric furnaces, and mixed iron furnaces.

10. Corundum Bricks

Corundum brick refers to refractory with alumina content $\geq 90\%$ and corundum as the main phase.

Applications of Corundum Bricks

Corundum bricks are mainly used in blast furnaces, hot blast stoves, refining outside the furnace, and sliding nozzles.

11. Ramming Material

The ramming material refers to a bulk material formed by a strong ramming method, which is composed of a certain size of refractory material, a binder, and an additive.

Applications of Ramming Material

The ramming material is mainly used for the overall lining of various industrial furnaces, such as open-hearth furnace bottoms, electric furnace bottoms, induction furnace lining, ladle linings, tapping troughs, etc.

12. Plastic Refractory

Plastic refractories are amorphous refractory materials that have good plasticity over a long period of time. It is composed of a certain grade of refractory, binder, plasticizer, water, and admixture.

Applications of Plastic Refractory

It can be used in various heating furnaces, soaking furnaces, annealing furnaces, and sintering furnaces.

13. Casting Material

The casting material is a kind of refractory with good fluidity, suitable for pouring molding. It is a mixture of aggregate, powder, cement, admixture, and so on.

Applications of Casting Material

The casting material is mostly used in various industrial furnaces. It is the most widely used monolithic refractory material.

OUR BUSINESS

This chapter should be read in conjunction with, and is qualified in its entirety by, the more detailed information about our Company and its financial statements, including the notes thereto, in the section titled “Risk Factors” and chapters titled “Restated Financial Statements” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” beginning on page 32, 212 and 219 respectively, of this Draft Red Herring Prospectus.

Unless otherwise indicated, the Restated Financial Statements included herein is based on our Restated Financial Statements for period ended September 30, 2023 and Financial Years ended on March 31, 2023, 2022 and 2021 included in this Draft Red Herring Prospectus. For further information, see “Restated Financial Statements” beginning on page 212 of this Draft Red Herring Prospectus.

OVERVIEW

Refractory Shapes Limited (“Company” or “Refractory Shapes”) is primarily engaged in the manufacturing of different types of Bricks, Castables, High Alumina Catalyst and Ceramic Balls which includes Pre Cast & Pre Fired Blocks (“PCPF”), Burner Blocks, Special shaped Refractory bricks, Dense & Insulating Castables & Mortars. Our Company was established in the year 1973 as a Proprietary Firm named as M/s. Refractory Shapes which was then converted into a Private Limited Company vide Certificate of Incorporation dated January 08, 1996, whose main object was to take over the running Business of M/s. Refractory Shapes, Further the Business was then taken over by Mr. Dayashankar Krishna Shetty and Ms. Pratibha Dayashankar Shetty vide a Deed of Assignment dated June 19, 1996.

On conversion of a Proprietary Firm into the Company, Mr. Dayashankar Krishna Shetty, one of the Promoters and Executive Director of our Company, introduced various new products which included Special Shaped and Custom-made Refractory shapes. Our Company is currently promoted by Mr. Dayashankar Krishna Shetty, Ms. Pratibha Dayashankar Shetty and Ms. Prajna Shravan Shetty. Our Promoters manage and control the major affairs of our Business Operations with their considerable experience in our Industry. For more details, please see the chapter titled, “Our Management” and “Our Promoter and Promoter Group” on page 185 and 204 of this Draft Red Herring Prospectus.

Our Company started developing and supplying products to Refineries and Steel Industries since its inception in 1973. In the year 2007 and 2011, Our Company had for the first time become an approved vendor with Engineer India Limited (“The EIL”) and also got enlisted with EIL for “High Alumina Refractory Bricks”, Our Company is the Original Equipment Manufacturer in many projects executed by EIL, which increased the opportunities of our Company in many green field projects, this EIL enlistment is re-validated every 3 years.

The tailored made products shaped by the Company finds its application in a diverse range of Industries, including Steel, Refineries, Fertilizers, Petrochemicals, Glass, Cement etc. The company's refractories are engineered to endure the harsh conditions of these industries, contributing to enhanced operational efficiency and extended equipment life. The tailored made finished goods provide diversity in the products being manufactured by our Company wherein modern manufacturing equipment are installed for scaling the manufacturing.

In addition to the manufacturing activity being carried out by the Company, Refractory Shapes is often involved in receiving orders for those items from clients which are not a part of Company’s operations in manufacturing activities. These items include Metallic Anchors which are used as support for installing refractory castables for which Raw Materials such as tabular alumina, low alumina bricks and insulation bricks, etc are required, For such orders, our company procures these items from their approved vendors and sells to the clients, hence, our Company is also involved in trading of the aforesaid products.

Also, Company offloads the finished products from the manufacturing quantity with its vendors to meet the delivery period of the client.

Following is the break-up of Trading and Manufacturing activities for the period ended September 30, 2023 and financial years ended March 31, 2023, 2022 and 2021 on the basis of the Audited Financial Statements:

(Rs. in Lakhs except percentages)

Note: As certified by M/s Satish Shetty & Co., Chartered Accountants through their certificate dated February 05, 2024.

Our Company has a fully equipped manufacturing plants situated at Pimpri Industrial Area, Pune, Maharashtra and Wankaner, Morbi district in Gujarat with Morden equipment and testing laboratory which is EIL enlisted for Refractory Castables & Bricks with additional unit to supply EIL Greenfield projects with total area of 34,788 sq. ft. in Pune and 1,74,246 sq. ft. in Gujarat. Currently, Our Company has also purchased additional 4 acres of land admeasuring to 1,74,240 sq. ft. near to its existing Wankaner, Gujarat unit.

Refractories are ceramic materials designed to withstand the very high temperatures encountered in modern manufacturing. More heat-resistant than metals, they are used to line the hot surfaces found inside many industrial processes. Refractory products generally fall into one of two broad categories: Precast shapes or unformed compositions, often called specialty or monolithic refractories. Our Company deals in Precast shapes, Then, there are refractory ceramic fibers, which resemble residential insulation, but insulate at much higher temperatures. Bricks and shapes are the more traditional form of refractories and historically have accounted for the majority of refractory production.

Refractories come in all shapes and sizes. They can be pressed or moulded for use in floors and walls, produced in interlocking shapes and wedges, or curved to fit the insides of boilers and ladles. While some refractory parts are small and possess a complex and delicate geometry; others, in the form of precast or fusion-cast blocks, are massive and may weigh several tons.

Refractory Bricks

Bricks are the most significant construction materials. As conventional bricks always tend to crack at high temperatures, they are replaced by refractory bricks. Refractory bricks are special types of bricks well-known for their unmatched ability to combat high temperatures. Some of the other names of these bricks are ceramic bricks or fire bricks.

Refractory bricks are generally pure white or yellowish-white in colour. They have excellent thermal resistance and great compressive strength. Their chemical composition drastically differs from the chemical composition of normal bricks. Refractory bricks contain around 25-99% alumina and 3-70% of silica and also contain oxides of magnesium, calcium, and potassium.

Refractory bricks find application in the construction of kilns, furnaces, etc.

Refractory Castables

Refractory Castables are heat resistant building materials used in building large furnaces (kilns) in factories that specialize in cement, fertilizer, chemical, and petrochemical production. Derived from a variety of different raw products, including bauxite, kaolin and silicon carbide.

Refractory Ceramic Balls

Refractory ceramic balls are made from industrial alumina and other raw refractory materials and processed by mixing, shaping and firing. The Refractory ceramic balls can be used as support and covering packings for catalyst in shift converter, reformer, hydro converter, desulfurizer, methanator can also be used as packings in hot blast heater and heat transformer in iron and steel industries.

We believe that having a diverse range of products in our Company gives us the chance to meet the various needs of customers based on their preferences. We are also engaged in trading of raw materials purchased, depending upon the surplus stock. However, it contributes only a smaller amount of revenue to the Company.

Our company have PAN India presence with our clientele base in 17 states and 2 Union territories for our domestic market based on sales made for the period ended September 30, 2023 and for the financial year ended March 31, 2023, 2022 and 2021. Our revenue from domestic sales was ₹ 1,917.91 Lakhs, ₹ 3,796.92 Lakhs, ₹ 2,550.32 Lakhs and ₹ 2,088.89 Lakhs, which contributed 100% for the period ended September 30, 2023 and for the financial year ended 2023, 2022 and 2021 of our Revenue from Operations.

To manage our sales on PAN India basis, we have dedicated Sales manager and Customer relation executives handling all the sales from the Registered Office. The Sales manager is primarily responsible for generating enquiries, soliciting orders from customers and conducting negotiations with them. They are also engaged in the marketing activities such as market research, information gathering, participating in exhibitions, conducting customer visits and liaising with the government bodies.

Our Company maintains a base of reliable suppliers who consistently provide raw material of appropriate quality as per our requirements. We usually do not enter into long-term supply contracts with any of our raw material suppliers. We have a carefully balanced proportion of import versus domestic purchase of raw materials considering factors such as quality, price, lead time, inventory levels, credit terms and most importantly end user approvals. In domestic market we majorly procure raw materials from Andhra Pradesh, Dadra & Nagar Haveli, Gujarat, Karnataka, Kerala, Maharashtra, Madhya Pradesh, Rajasthan, Telangana, Uttar Pradesh, West Bengal & Tamil Nadu and in the international market we procure our raw materials from France and China based on the purchases made for the period ended September 30, 2023 and for the financial years ended March 31, 2023, 2022 and 2021.

Our manufacturing facilities are equipped with the necessary tools, such as Muller mixer, Pan Mixer, Press Machines, Castable Mixer Machines, Nodulizers, Ball Mills, Pulverizers, High temperature kilns, etc and other handling equipment, to support a seamless manufacturing process. By following necessary safety standards and conducting safety meetings, we try to keep our workplace safe.

We have a pool of skilled masons, carpenters and experienced work force some of whom have been working in our organization for more than a decade, determining the refractory materials for the clients and manufacturing the same as per client's requirement. Besides this, they also assist our customers at all stages right from choosing the right material to manufacturing the products as per their design.

Explanation of KPIS:

- (1) Revenue from operations means the revenue from operations as appearing in the restated financial information.
- (2) 'EBITDA' is calculated as Profit before tax + Depreciation + Interest Expenses.
- (3) 'EBITDA Margin' is calculated as EBITDA divided by Revenue from Operations.
- (4) 'PAT Margin' is calculated as PAT for the period/year divided by revenue from operations.
- (5) ROE is calculated by dividing profit after tax to average shareholders' equity.
- (6) Return on capital employed is calculated by dividing net operating profit, or earnings before interest and taxes, by capital employed.
- (7) Debt-to-equity (D/E) ratio is used to evaluate a company's financial leverage and is calculated by dividing a company's total liabilities by its shareholder equity.
- (8) Current Ratio is calculated by dividing Current assets to Current Liabilities.
- (9) Net profit ratio is calculated by Net profit to Net sales.

OUR STRENGTHS

1. Vast experience and track record in the Industry

Our company has been in the manufacturing of different types of bricks, castables for more than 2 decades and manufacturing High Alumina Catalyst and Ceramic Balls since 2003. Mr. Dayashankar Krishna Shetty, one of the Promoters and Executive Director of the Company has a vast experience in the field of Refractories and entered into the field of manufacturing in the year 1996. Our Company is currently promoted by Mr. Dayashankar Krishna Shetty, Ms. Pratibha Dayashankar Shetty and Ms. Prajna Shraavan Shetty who manage and control the major affairs of our Business Operations with their considerable experience in this Industry.

2. Raw Material Excellence

One of the key factors that sets our Company apart is its meticulous selection and processing of raw materials. The company produces and refractory aggregates from carefully chosen materials, giving it a competitive edge over other manufacturer. This attention to details ensures that the raw materials used in each product are of the highest quality.

3. Having enlisted by Engineer India Limited ("EIL") as an Approved Vendor

Engineers India Limited (EIL) being a Government of India Undertaking is one of the largest Engineering Procurement Companies (EPC) in India. Almost all the Refineries, Petrochemical, Fertilizer Companies constructed in India have EIL as their EPC. To supply to any of the EIL projects, the company must be registered with EIL. EIL follows a very stringent approval process which takes minimum 6 months to 1 year or more for approval and the approval involves statutory, financial, legal, quality assurance compliances after which physical visit by the procurement team is done. The certificate is valid only for 2-3 years after which the same process is continued for revalidation. Hence, EIL Certification is an assurance to the end user as well that the Company/Manufacturer is adhering to the highest standards of manufacturing. Any complaints from the client for any EIL project is strictly taken up by EIL and that company is put into a holiday list by EIL. Thus, only a few reputed manufacturers including Refractory Shapes have been approved by EIL which speaks volumes for the reputation of the Company in the Refinery & Petrochemical Industry.

4. Wide & strong Customer base

Our company has PAN India presence. We have a wide customer base in all major states of India including Andhra Pradesh, Assam, Chhattisgarh, Delhi, Dadra & Nagar Haveli, Goa, Haryana, Jharkhand, Kerala, Madhya Pradesh, Karnataka, Maharashtra, Odisha, Punjab, Tamil Nadu, Telangana, Uttar Pradesh, West Bengal and Gujarat. This is a testament to our growing and wide customer base. Over the past few years, we have also developed granularity in the business and less dependency on top customers.

Our Company has set itself apart due to its openness to change and its ability to respond to the changes it sees in the industry.

5. Product & service quality along with Safety

We believe our long-term success depends on our ability to deliver excellence in both perceived and realized value of our products and services to our customers. In our culture, Safety is our first goal in what we do". We initiate a job, with a pre-shift stretching routine and a pre-shift briefing and also "Quality in everything we do" is the only acceptable behaviour. We recognize that quality is a never-ending process of improvement and our focus is directed towards achieving and exceeding customer expectations and conformance to their changing requirements. Strict procedures are scrupulously followed to ensure quality.

OUR STRATEGIES

1. Expansion of our Manufacturing Facility

Our Company became the OEM manufacturer in many projects executed by EIL. Owing to these voluminous orders, Our Company expanded the manufacturing unit to bring it closer to the source of its Raw Material in Gujarat. Thus, in 2020, Our Company expanded its manufacturing unit by purchasing a 1,74,246 sq. ft. land parcel at Wankaner in Morbi district in Gujarat to set up a greenfield manufacturing unit with modern equipment and a full-fledged testing laboratory. In 2022, Our Wankaner unit was enlisted by EIL for Refractory castables & Bricks, making it our additional unit for supply to EIL Greenfield projects. Additionally, we purchased another 1,74,240 sq. ft. of land parcel adjacent to our existing facility in Wankaner for Company's expansion in future.

2. Target new product & customer segments.

In order to expand Our product offerings and widen the customer base, Our Company is currently in process to get the Refractory Manufacturing unit approved by Reputed Licensors viz. KBR USA & Haldor Topsoe Denmark for our Refractory bricks & Castables, which will enhance Our capacity to produce high end products and enter into new customer centric products.

3. Introduce Innovative techniques

We are applying newer technologies into production to improve the efficiency of our manufacturing by using higher capacity press machines, automatic loading mechanism for our castable making machine. Also, to upgrade our laboratory, we shall install latest machines for testing our final products which will result into manufacturing innovative products with different variables and properties being produced as per the specifications in the different industry, which will result into expanding new product line. Our core business of refractory has created a culture of innovation and practical engineering solutions for its Customers.

4. Increase value addition by changing the Product mix

Many new products are introduced and modern manufacturing equipment were installed for scaling the manufacturing. Over the time, Our Company started developing many proprietary products which are being supplied to Refineries and Steel Industries which are giving much better performance. Depending on the requirement and the feedback

received from the client, we are engineering our raw material mix and developing special shapes while manufacturing products. Our products are not only cheaper as compared to import substitutes but are also giving good performance.

SWOT ANALYSIS

Strengths – Experienced workforce, Technical know-how of Business & long standing Reputation in the market for manufacturing quality refractories, ISO, NABL & EIL Vendor Approved.

Weakness- Due to lack of liquidity, expansion is slow. All expansion plans including purchase of land for manufacturing activities is done from internal accrued funds which takes time due to high cost of land. By the time the expansion is completed, the Company has to wait to generate internal funds for further manufacturing unit expansion.

Opportunities – National Steel Policy of India 2017 has directed Steel industries to triple the manufacturing capacity to support the development plan of Government of India. Hence, Refractory requirement has increased in Refineries, Fertilizer & Steel Industry in such a way that the demand was more than the supply. At the time of global pandemic, Covid-19, while following the Government guidelines, when all the industries were shut for more than 6 months, we were the only manufacturing unit in MIDC Pune to get the permission to continue to manufacture as our supplies included critical Input material for Refinery industries. Thus, with an increase in Demand, Government is also investing in expanding the Refineries and Steel plants and are scaling up their capacity. Hence, demand for Refractories are set to increase in coming years.

Threat - Cheap Refractory products being imported from China is leading to unfair competition in the market, which is a larger threat to the Company in terms of higher margins in the Profit of the competitors which leads to lower prices of the finished products in the overall industry.

GEOGRAPHICAL PRESENCE SALES

Our company is present across the length and breadth of the Country, We have our clientele present across 17 states and 2 Union territories in the domestic market based on sales made for the period ended September 30, 2023 and for the financial year ended March 31, 2023, 2022 and 2021. Our revenue from domestic sales was ₹ 1,917.91 Lakhs, ₹ 3,796.92 Lakhs, ₹ 2,550.32 Lakhs and ₹ 2,088.90 Lakhs. We have 100% sales from domestic market supplying majorly to Andhra Pradesh, Gujarat, Karnataka, Kerala, Maharashtra, Madhya Pradesh, Tamil Nadu, Uttar Pradesh, West Bengal, Assam, Chhattisgarh, Delhi, Goa, Jharkhand, Punjab, Odisha, Telangana, Dadra & Nagar Haveli, Haryana.

For the period ended September 30, 2023 and for the financial year ended 2023, 2022 and 2021, our Revenue from Operations was ₹ 1,917.91 Lakhs, ₹ 3,796.92 Lakhs, ₹ 2,550.32 Lakhs and ₹ 2,088.90 Lakhs, respectively. Our EBITDA (earnings before interest, depreciation and tax excluding other income) for the period ended September 30, 2023 and for the financial year ended 2023, 2022 and 2021 was ₹ 532.59 Lakhs, ₹ 387.72 Lakhs, ₹ 361.37 Lakhs and ₹ 234.49 Lakhs, respectively, while our profit after tax for the period ended September 30, 2023 and for the financial year ended 2023, 2022 and 2021 was ₹ 232.21 Lakhs, ₹ 191.74 Lakhs, ₹ 287.04 Lakhs and ₹ 156.39 Lakhs, respectively.

PRODUCT PORTFOLIO

Our Company is primarily engaged in the manufacturing of different types of Bricks, Castables, High Alumina Catalyst and Ceramic Balls which includes element holding Bricks, Refractory Bricks, Castables & Mortar for Refineries. The Company produces Special Shaped, Custom-made Refractory shapes of top quality with superior performance.

The tailored made products shaped by the Company find applications in a diverse range of Industries, including steel, cement, glass, petrochemicals, etc., Having a diversity of products in our Company gives us the chance to meet the needs of various Customers based on their preferences. We cater to different types of Industries, Petrochemicals, Refineries, Aluminium, Fertilizers, Iron and Steel and Glass.

The Company's product mix includes variations in the processes using different chemicals serving to different industries as per the needs and requirements.

Following are the Main Products and its Sub-Products manufactured by our Company:

A. CASTABLES:

1. Refralite – Medium and High Purity:

Refralite are a range of insulating castables to conserve heat in furnaces. They are light but strong and have low conductivity, serve as either hot face or back up insulating refractory lining.

These castables are produced in density range of 400 to 1600 kg/m³. They are available mainly in two different grades – medium purity and high purity. The high purity (Low Iron) variety is suitable for reducing environments.

2. Refracast – High Purity Dense Castable:

High Purity Dense Castables are refractory castables suitable for high temperature applications. These castables are available in various grades suitable for a specific range of operational conditions.

These refractory castables are hydraulic setting and can be casted or moulded to any shape and can also modified for gunning of furnace linings.

3. Refracrete – Medium Purity Dense Castable

Refracrete medium purity dense castables contain medium purity High Alumina Cement as the refractory Binder and castables are used for oxidising atmospheres.

These refractory castables are hydraulic setting and can be casted or moulded to any shape and can also be modified for gunning of furnace linings.

4. Refratab - High Purity Tabular Alumina Castable:

Refratab 94 and Refratab 97 are very high purity White Tabular Alumina based castables meant for critical applications in Fertilizer, Refinery, Petrochemical and Steel industries. These castables can withstand service temperature of upto 1850o C in carbon monoxide and hydrogen atmospheres.

These castables have high bulk density, high mechanical strength at all temperatures, excellent workability, good abrasion resistance, excellent resistance to thermal spalling and good volume stability.

Refratab 97L is a bubble Alumina based Insulating Castable, which is suitable for high temperature Application (upto 1800o C). This product has an extremely low level of impurity, high strength, low density and low thermal conductivity.

5. Reframon LC – Low Cement Castables

Low CaO content ensures high Refractoriness, excellent hot strength and MOR at all temperatures. Lower apparent Porosity after firing, offer better corrosion resistance, High Abrasion & spalling resistance and volume stability.

6. Refraplast – Refractory Plastic Castables

Plastic refractory castable is a mixture of refractory aggregate, binder and additives that can be molded like clay or putty. They are installed by hand or with use of Pneumatic Hammer to form the Refractory Mass. Once applied, plastic refractory hardens and forms a dense, durable lining which can be used in various applications and locations.

It has non wetting characteristics, thermal shock resistance, abrasion resistance, strong plasticity and good bonding performance.

7. Refracoat – Coting Material

Refractory Coating Material is specially meant for protection of linings- Fire Bricks, Monolithic, Castables, Ceramic Blankets and Shells in Furnaces, Boilers and various high temperature vessels.

Main Application:

- Reduces the effect of Thermal shock and to eliminate surface cracking phenomena, protects Refractories against aggressive effects of fuel oil, Gases and solid fuels.
- Provides Gas tight surface and reduces energy losses.
- Reduces slag adhesion.
- Increase in working life of Furnace
- Reduces cost of maintenance shutdown.
- Reduces fuel consumption.

Protection to Refractory linings

- Fire Bricks
- Castables
- Ramming Masses
- Ceramic Blanket & Modules
- Plastics and Steel Shells in variety of Furnaces
- Boilers and High Temperature Vessels

8. Refrachem- Special Castable

With the advancement in properties of castables by new techniques and innovations, superior grade castables which can be easily installed against shuttering, faster setting and strength development without the elaborate curing and heat dry out operations has facilitated industry applications in a significant way especially achieving a quicker turnaround.

With the use of special additives developed in house using our raw material base, superior bond in the matrix is achieved.

Refrachem Castables have excellent properties namely shorter drying time, better refractoriness, better chemical resistance, longer working life and shelf life.

B. BRICKS:

1. Kyanex -High Alumina Dense Refractory Shapes

Kyanex Shapes are highly volume stable at elevated temperatures. Besides, it has also very low impurities such as Iron Oxide, Titania and Alkalies. They have a very good resistance to thermal shocks. "Kyanex" an ideal choice for critical high temperature applications. Kyanex shapes ensures a dense uniform structure, after careful drying the shapes and sintering at high temperatures.

Kyanex is the best choice for Burner Blocks, Refractory Quarls, and Burner Throat Tiles as they must have a low Iron-Oxide to withstand spalling due to Carbon Monoxide attack. These shapes are also subjected to sharp thermal gradients, therefore they need to have excellent thermal spalling resistance. Hence shapes made out of Kyanex are ideally suited for the above application areas,

Also, our Element Holding Bricks offer low iron contamination in industry application.

2. Kyanex Super - High Alumina Dense Refractory Shapes

Kynex Super is manufactured from Tabular Alumina & our in house processed raw Materials, these dense bricks have unique characteristics due to the inherent micro structural characteristics of the raw material. They have excellent resistance to wear and thermal shock and are most suitable Refractory for Sulphur Recovery Unit. They are also used to manufacturing DOME Bricks, Hexagonal Tiles, Circle Bricks & High Alumina lumps for Secondary Reformer in Fertilizer Industries.

3. Reframul - Special Mullite Refractory Shapes

Reframul is ideal for applications in Glass Tank Furnace, Kiln Furnitures for firing ferrites, High Alumina Ceramics, Carbon Black Reactor, Cement Kiln, Burner Blocks. This has high bulk density and very low porosity making it highly volume stable.

Refractories made out of Reframul are best suited for reducing atmospheres and have resistance to slag and alkali attack. It has superior resistance to abrasion and thermal shocks. Reframul products can be used for a variety of high temperature applications where mechanical & thermal stability and resistance to creep and spalling are specified.

4. Refra Zirmul

Mullite combined with zircon offers superior refractories which are eminently suited for critical applications in Glass, Ceramic, Carbon Black, Ferrites industries. These possess high refractoriness, non wetting properties, thermal shock and abrasion resistance. These are custom made shapes with specially built in properties made with stringent quality control.

5. Refra SC – Silicon Carbide Bricks

Refra SC is a range of Oxide bonded Silicon Carbide Refractories for applications in Ceramic, Metallurgical & process Industries. Made from High purity refractory grade Silicon Carbide grains and proprietary ceramic bonds Refra SC products possess unique combination of physical and chemical properties making them ideal choice for a variety of high temperature applications.

6. Slip Cast Shapes

Many speciality application in Fertilizers, Refineries, Energy Industries, Carbon & Chemical Industries are in complicated shapes of High performance refractories like Ceramic Ferrules, Lances, Shrouds, Small dia tube which requires meticulous care in selection of raw material manufacture to achieve stringent properties especially dimensional tolerance, thermal shock resistance and high durability in services, Refractory Shapes makes these special shapes in 60% to 94% Alumina categories, Zircon meeting the stringent specification of the user industries.

7. Xlite Insulating Bricks – High Temperature Energy Efficient Shapes

Xlite Bricks are specially formulated with independent pores so as to ensure maximum insulating efficiency. These bricks are suitable for hot face insulation since gas permeation is prevented. Apart from low thermal conductivity, bricks have low density, high PCE and low iron content. Xlite is a unique development made with energy saving as the prime consideration. Xlite is a foamed sillimanite refractory incorporating the best insulation properties. It is highly stable at elevated temperatures; intricate shapes can be made of Xlite with close dimensional tolerances. They have greater strengths than any other insulation bricks of corresponding densities. Xlite can be safely used for service temperatures upto 1650° Degrees C for Hot face linings.

8. Refractory Shapes High Alumina Bricks

Refractory Shapes offer high quality fireclay and High Alumina Bricks ranging from 40% alumina to 85% alumina equivalent to JM series Refractory Bricks.

These bricks are manufactured as per standard specifications of clients.

C. CERAMIC BALLS:

1. Inert Catalyst Support Ceramic Balls

Ceramic Balls is our inhouse premium grade inert ceramic support media, allowing them to be used in applications having operating temperatures of upto 12000C. The high quality of our ceramic balls allows your catalyst to achieve optimum performance and an extended life.

Ceramic balls give excellent thermal shock resistance which is hard to come by for ceramic balls in general. They are free from impurities and have a leachable iron of less than 0.1%. Our products are carefully manufactured with extensive quality control at every stage of production to prevent our balls from chips, split, spalls, cracks or dust.

Ceramic Balls are vastly used in Petroleum, Petrochemical, Fertilizer Industries & Gas Industries.

OUR MANUFACTURING PROCESS

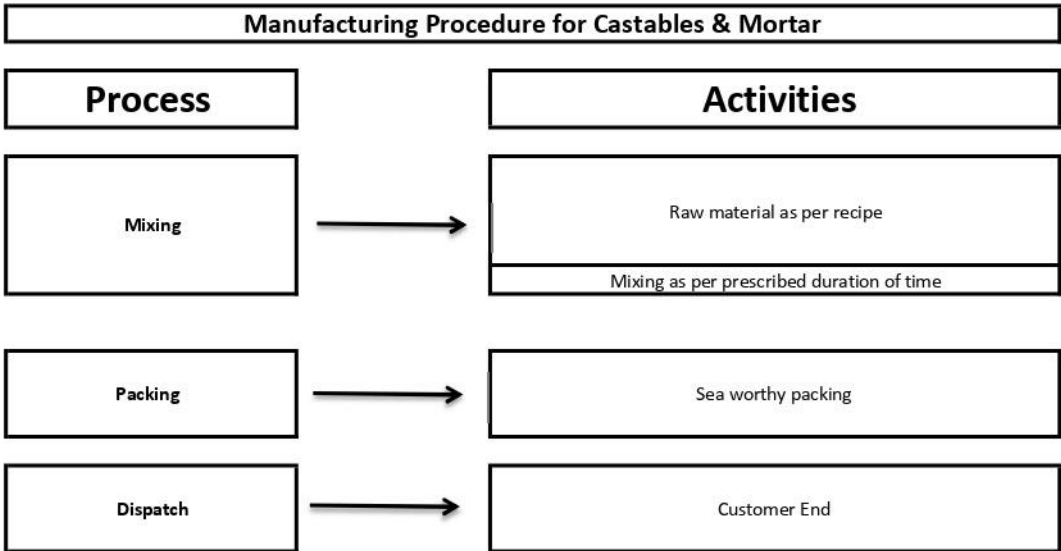

The manufacturing process begins with first receiving the order, the Quality Control (“QC”) department confirms the raw material to be used for the product. Thereafter the production team takes the recipe from the QC department for production. Various raw materials are mixed in the pan mixer machines and pressed in the pressed machines for making Bricks. In case of castable & mortar the various raw materials are mixed in the castable mixer machine and packed in bags and dispatched from the plant. In bricks, after pressing the mixed raw materials in the press machines, the bricks are fired in the high temperature kiln. In all stages of manufacturing, the QC department takes samples from the production team to check the quality before proceeding to the next step.

After firing the bricks, the material is again checked in the laboratory for physical & chemical properties. In majority of the orders, the material is tested in the presence of clients Third Party Inspection agency or by the client itself.

After the material is cleared in inspection, the material is packed as per client’s specification or standard packing procedure and dispatched from the plant.

Each step involved in our manufacturing process can be better understood by the following brief.

A. MANUFACTURING PROCESS OF CASTABLES & MORTARS:

1. MIXING OF RAW MATERIAL:

Our Manufacturing process starts with mixing of various Raw Materials including aggregates and tabular Alumina in proportions as per the Product Recipe as approved by our Internal Quality Control. Then the different raw materials are loaded into our automatic loading Castable Making Machine.

Mixing of Raw Material

2. MIXING AND PACKING OF CASTABLE:

The castable is mixed in the machine and packed into our 25 kgs bag.

Mixing and packing of Castable

3. TESTING OF FINISHED PRODUCT:

Our Final Product i.e. Castables are tested in our in house laboratory to check all parameters as per the specification before dispatch to our end customers.

Testing of finished product

B. MANUFACTURING PROCESS OF REFRACTORY BRICKS:

Manufacturing Procedure for Refractory Bricks	
Process	Activities
Mixing	Raw material as per recipe Bond Addition Binder Green Addition Water Addition Mixing as per prescribed duration of time
Pressing	Fill the mix in the mould cavity Compaction by 450 MT capacity press with proper stroke Eject the shaped products
Drying	Natural Drying: allow it to cure for 24-48 hrs in racks as per the requirement in natural atmosphere Oven Drying: Control drying up to 250° C in the oven for 28-48 hrs duration
Firing	Loading in the Furnace Heating up to 1480° C - 1580° C according to the material composition Raise the temperature as per prescribed ramp temperature up to target temperature
Cooling	Cooling will be natural up to room temperature to avoid thermal shock
Inspection	Dimension: as per customer drawing Physical Properties: to check Bulk Density, Cold Crushing Strength Chemical Properties: Alumina, Iron Thermal Properties: Permanent liner change, Thermal Spoiling
Packing	Sea worthy packing
Dispatch	Customer End

1. MIXING OF RAW MATERIALS:

Our manufacturing process starts with mixing of different raw materials including aggregates and tabular Alumina as per the recipe in our in-house Mixing Machine as per the prescribed duration of time. Binder Agents and Water Addition takes place while mixing.

Mixing of raw material

2. PRESSING OF MIXED RAW MATERIAL:

The mixed raw materials are then manually loaded into our automatic press machines for making the desired shaped bricks. The mould cavity is filled in with the mix and then compaction by 315 Metric Tonne capacity press with proper stroke takes place and shaped product is then ejected.

Pressing of mixed raw materials

3. DRYING:

Pressed shaped bricks are then set for drying. There are two methods for drying i.e. Natural Drying and Oven Drying. Natural drying allows it to cure 24-48 hours in racks as per the requirement in natural atmosphere whereas Oven drying controls the drying up to 250° C in the oven for 28-48 hours duration.

Natural Drying

Gas Oven Drying

4. FIRING:

After drying the bricks are then fired in our high temperature natural gas fired tunnel kiln. According to the material composition heating up to 1480°C – 1580°C takes place. The temperature of heat is raised as per the prescribed ramp temperature up to the target temperature.

Firing in our High Temperature Tunnel Kiln

5. COOLING:

Cooling of the bricks will be natural up to room temperature to avoid any thermal shock.

6. TESTING:

The bricks are then tested in our in-house laboratory for all parameters as per the customer specification and drawing. Inspection of products takes place in three categories:

- a) **Physical Properties:** To check Bulk Density, Cold Crushing Strength, Permanent Linear Change, Modulus of Rupture, Apparent Porosity, Water Absorption of the product.
- b) **Chemical Properties:** To check Alumina, Iron, Silica, Calcium, Soda, Potash, Phosphoric Pentoxide, Alkalies in the product.
- c) **Thermal Properties:** To check Thermal Conductivity, Thermal Spalling, Refractoriness Under Load, High Pressure Shock Test, Thermal Shock Test in the product.

Testing of finished product

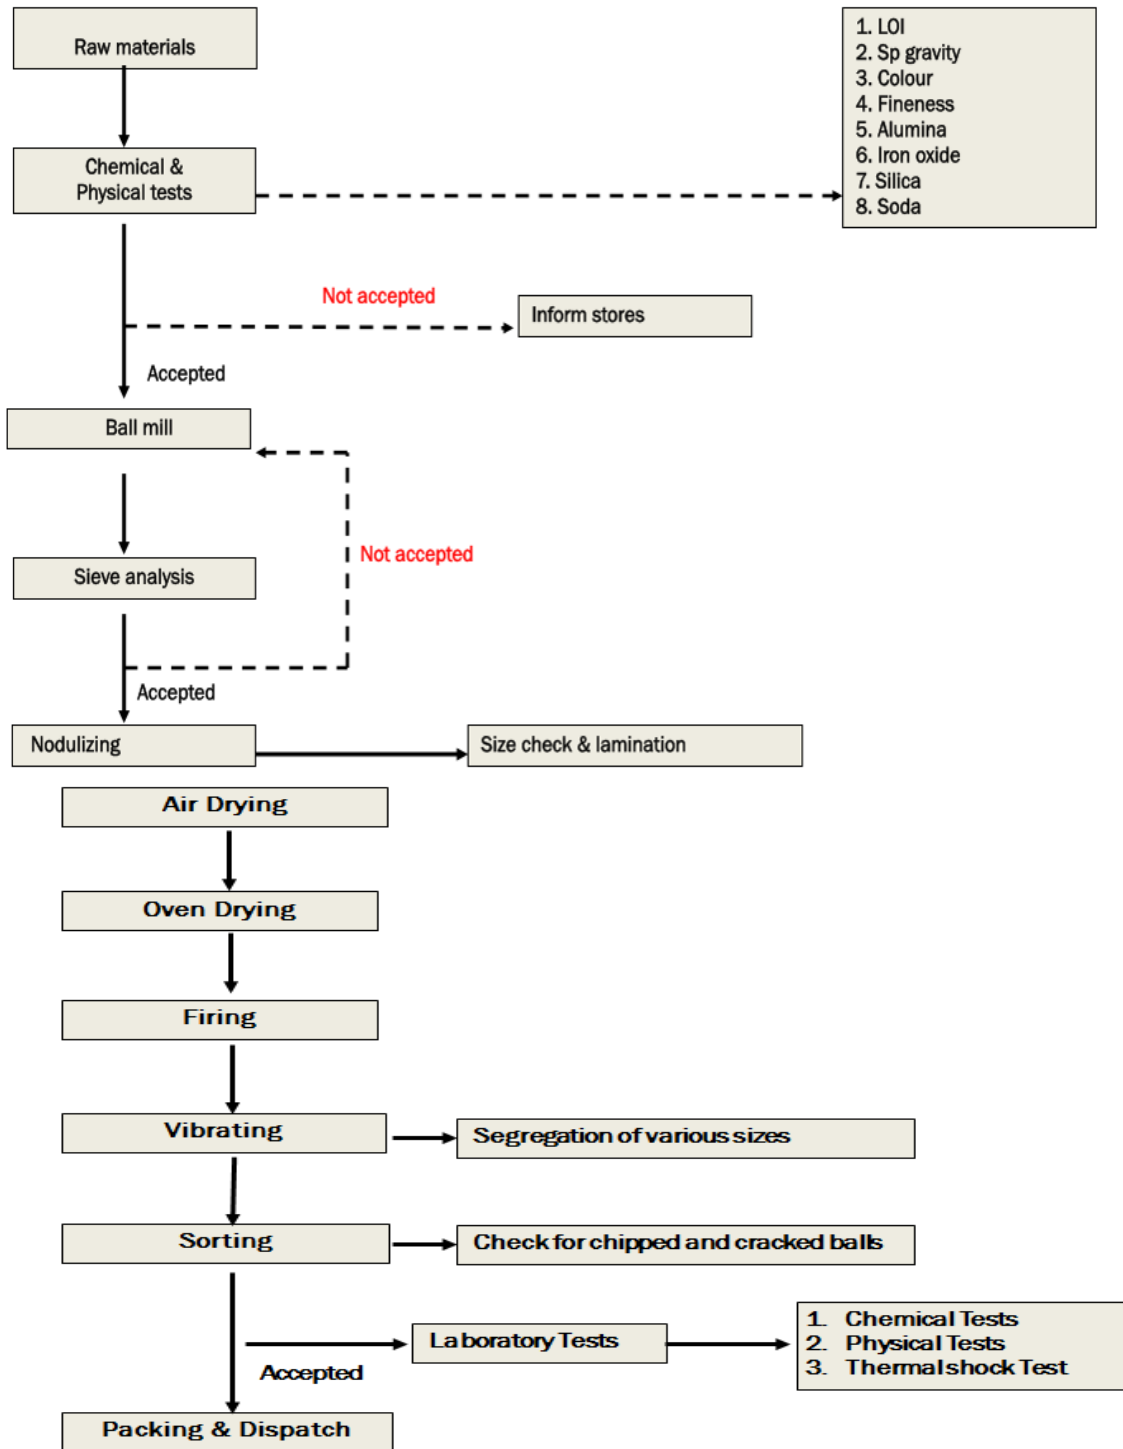

7. PACKING AND DISPATCH:

The material is then packed as per client's requirement and dispatched from the plant to end customers.

Packing and Dispatch in Truck / Container

C. MANUFACTURING PROCESS OF CERAMIC BALLS:

The raw material is procured from our supplier and after testing in our laboratory the same is accepted by the stores for production. The production department then processes the raw materials using Ball Mill/ Pulverizer machine into an acceptable mesh size as per Quality Control department. After that, the raw material is passed through a sieve and passed to the production department for making the ceramic balls using Nodulizing machines. The production department makes the balls using the nodulizing machines and make various sizes ranging from 3mm to 38mm diameter. The Ceramic balls are then naturally dried to remove the moisture and thereafter passed through our gas fired Oven and further fired in our High Temperature Tunnel Kiln.

After Firing the Ceramic Balls are passed through our vibrating machine to remove undersized & oversized balls and then manually sorted by laborers to remove any defected balls which are chipped, broken or deformed.

The material is then tested by the Quality Control department for all parameters and then give clearance post testing for packing and dispatch

1. RAW MATERIAL AND CHEMICAL AND PHYSICAL TEST FOR CERAMIC BALLS:

The Raw Material is procured from our approved supplier. Upon receipt of the raw material, our Quality control department checks the specification of the raw material received against our requirement. The laboratory checks the Loss On Ignition (LOI), Specific gravity, colour, Fineness, Alumina, Iron Oxide, Silica & Soda.

2. BALL MILL

After the quality control department gives the clearance, the material is further sent for crushing into our Ball Mill/ Pulverizer machine to make it into fine powder

3. SIEVE ANALYSIS

The fine powder is passed through our sieving machine to make small bags for nodulizing

4. NODULIZING - MAKING DIFFERENT SIZES

The Sieved balls are further passed through our various nodulizing machines to make different sizes of Ceramic Balls as per the specification of the client.

5. AIR DRYING

After Nodulizing, the balls are transferred into our plastic blue trays for natural air drying for removal of the moisture.

6. OVEN DRYING

After natural air drying, the ceramic balls are passed through our gas fired oven for complete removal of moisture from the balls.

7. FIRING

The Ceramic balls are further fired in our natural gas fired 65 meters Tunnel kiln.

8. MATERIAL VIBRATING, SORTING AND PACKING AND DISPATCH

Vibrating: The fired material is vibrated in our vibrating machine to remove undersized & oversized balls by putting metallic trays as per size of the balls being made.

Sorting: The balls are then manually sorted to remove chipped & broken balls. Thereafter the material is checked in our Quality control laboratory for chemical, physical & Thermal Properties as per our material specification and after inspection is completed the material is packed and dispatched from our plant.

TRADING PROCESS

In addition to the manufacturing activity being carried out by the Company, Refractory Shapes is often involved in receiving orders for those items from clients which are not a part of Company's operations in manufacturing activities. These items include Metallic Anchors which are used as support for installing refractory castables for which Raw Materials such as tabular alumina, low alumina bricks and insulation bricks, etc are required, For such orders, our company procures these items from their approved vendors and sells to the clients, hence, our Company is also involved in trading of the aforesaid products.

Metallic Anchors are used for installation of castables. The anchors are used as a support for our castables. They are welded into the steel shell on top of which the castables are installed. Refractory Shapes is not manufacturing Metallic items such as anchors and plates and is purchasing from our approved vendors. We purchase various types of Metallic Anchors such as SS 310, SS 304, SS 316L, Incolnel 625 ranging from 5mm to 10mm in diameter as per the design and supply in our name.

Following are some pictures of areas covered in our manufacturing facilities:

A. MANUFACTURING FACILITY (UNIT I)-

RSPL Entrance

Assembly Point

Raw material storing area

Magnet Separation Area
– to remove free iron particles from raw material

Ball mill-1- for crushing the raw material into fine powder

Ball mill-2 – for crushing raw material into powder

fine

Raw material sieving –(40 fine to 4#) – to remove lumps from the raw material

Muller mixer-1

**Muller mixer -2 –
– to mix different raw materials for making the material**

Muller mixer -3 –

Production office – production team maintains the files of daily production

Friction screw press(150 ton)

**Vibrating machine-for PCPF production
– this machine is used for making our pre cast & pre fired shaped bricks**

Maxibrator-for complicated production- intricate shapes checked of any size are made using our maxibrator machine wherein the mould is pressed in the maxibrator machine

Moulding department – the moulds are for the dimension prior to sending for Intricate shaped bricks are hand moulded.

Hydraulic press (50 ton)-for small product making– small size bricks are pressed in our hydraulic press of 50 ton capacity

Slipcasting area-ferrule making- slip casting method is pouring of the raw material into moulds for making tubes such as ferrule

Slip cast finishing area – the ferrules are manually given finishing touches to remove any undulations or discoloration moisture

Gas oven – the bricks are dried in our gas before going for firing to remove the

Before firing storing area – natural drying process

Kiln -A (4ton) – natural gas fired downdraft kiln for firing the material

Kiln -B (10ton)- natural gas fired downdraft kiln for firing the material

Kiln -D (7 ton)- natural gas fired downdraft firing the material

Fired material storing area – material is stored for inspection & packing

Packing area- material is packed as per clients specification

Laboratory

Lab inside- physical & chemical analysis

B. MANUFACTURING FACILITY (UNIT II):

Aerial view of our Gujarat plant

Loading and unloading of the packed material using forklift machine

Gujarat Plant Shed

In House Laboratory for testing all parameters

Chemical analysis & Physical properties checking

Press machine for making the bricks

Measuring the raw materials to load into the press machine

Loading the raw material into the castable machine

Loading the material into the tunnel kiln for firing

Nodulizing the balls

Checking the size of the balls

Nodulizing area

Raw material mixing area

Loading of the raw material into the mixing machine

Pulverizer machine for crushing the raw material into fine powder

Loading and unloading the bags using forklift machine

Forklift machine

Tunnel kiln loading and unloading

Brick pressing machines

Vibrating machines to remove undersize and oversize balls

3. The above information is certified by chartered engineer, Lalit Sarvaiya vide their certificate dated January 23, 2024

We intend to use the Net Proceeds for Funding Capital expenditure through civil work required for Expanding existing manufacturing unit and also towards purchase of certain machineries for expansion at our manufacturing facility at Wankaner, Gujarat.

The rationale behind expanding existing manufacturing unit at Gujarat Wankaner is that currently Company is operating with 3 downdraft kilns at our manufacturing unit I at Pune which has a capacity of firing less than that of the products being produced in the existing machines in its day-to-day operations. Apart from that there being restriction of space at the Pune plant and non-availability of affordable land in MIDC Pune, there is no scope for the Company to expand the firing capacity at the Manufacturing Unit I at Pune plant. we expanded our Manufacturing unit at Wankaner, Gujarat which has a continuous Tunnel Kiln having Firing capacity of 300 Metric Tonne per month. However, at the current scenario, for continuous operations at kiln Company has just 2 press machines which does not suffice the continuous kiln operations on a day-to-day basis. Hence, Company intends to expand the manufacturing unit through civil construction required to set up a factory shed and purchase plant and machineries for producing

different types of Bricks and Castables as per Client's requirements which provides uninterrupted operations at kiln resulting into increase in production capacity of the Company.

PRICING

We determine the prices for our products based on various parameters, including market demand, transportation costs, supply costs, inventory levels, credit terms. Our pricing decisions are made after considering the costs associated with product development, manufacturing, materials, labour, overhead, and other relevant expenses.

RAW MATERIAL PROCUREMENT

The principal raw materials required for our manufacturing process include Tabular Alumina, Clay, Different grades of Aggregates and Cement. Our Company maintains a base of reliable material suppliers who consistently provide materials of appropriate specifications as per our requirements.

The type of raw materials to be procured is identified by the Quality Control. Thereafter different vendors are contacted for the materials. A trial sample is requested by the vendor and tested by the QC to check if the properties match the requirement, Thereafter, a visit to the vendor is scheduled to check his manufacturing facility and financial capabilities to meet the supply demand, after physical survey, points are allotted to the vendor on various parameters and if they are passing the survey, the vendor is enlisted into the Company. the procurement requirement is given through email for quotation & delivery period, Once the quotation is finalized, purchase order is issued.

UTILITIES

Our Registered Office and Manufacturing Facilities are located in Mumbai, Pune and Gujarat respectively. They are well equipped with computer systems, internet connectivity, other communication equipment and other facilities which are required for our Business Operations to function smoothly. Our Office and Factories are well equipped with requisite utilities and facilities including the following:

Power

Our manufacturing process requires uninterrupted supply of Electricity & Gas in our manufacturing facilities. We consume a substantial amount of power and fuel for our Business Operations. Our power requirements are met through local authorities, both at our manufacturing facilities and registered office and the same is sufficient for our day-to-day functioning. To meet exigencies in case of power failure, we have also installed Deisel Generator sets at our manufacturing facilities.

Water

Potable water is needed in our manufacturing facilities. The PH value is tested in our laboratory. To meet drinking and sanitary water requirements, we utilise water supply from local authorities and obtain borewell facility for our Registered Office and Manufacturing Facility (Unit I) and For manufacturing (Unit II) we have installed a RO Plant to meet the PH Value for our requirement.

Fuel

We use Maharashtra natural gas i.e. in our Pune Manufacturing Unit & Gujarat Gas in our Gujarat Manufacturing Unit. Natural gas is a very clean fuel.

CUSTOMERS, SALES AND MARKETING

Our Business Operations and products primarily cater to the various Industries such as Refineries, Fertilizer & Steel Industries in India. Our Sales and Marketing strategy focuses on enhancing revenue streams by leveraging established relationships and building competitive advantage through a wide range of product offerings.

Our Customers are assured of buying the products from registered vendors only, Hence, the main strategy of our Company is to identify the clients and to approach them for enlisting our unit for their refractory requirements. For quoting and to be considered in greenfield projects, Our Company is enlisted as a manufacturing unit with EPC companies such as EIL. Also, for many projects, Licensors have insisted on buying Refractories from their Approved Vendors. Hence main strategy is to get our firm enlisted by all the licensors and end user clients.

Personal visit to clients leads to understanding of their working problem and what solution we can provide for the same. Hence personal connect with the client is very important, Also, for our products we are giving performance Bank Guarantee from Banks at 10% of the order value which gives an assurance to the client for the quality of our products. In addition, having an in house NABL approved laboratory leads to more value on the quality & marketing of our manufacturing unit as clients are assured that the QC team is well trained and knowledgeable on testing the quality of the product & whether it is matching the client's specification.

Our Company does personal visits by taking appointment with the responsible procurement department in the Refineries, Steel Industries & Fertilizer Industry to get more visibility with our end user clients. We are a well-known Company with all the Refineries, Fertilizer, Steel Industry Companies and with our Contemporaries.

With any new client, we first introduce ourselves about our Company and what we can make for the clients. Once the need is established, we have to register our Company as a vendor with the respective companies. All requirements in government Companies are floated through the GEM Portal. For private entities, the tenders are floated in their e-procurement site which goes through a reverse auction process. The bidders are technically qualified by the end user after which the lowest bidder is awarded the contract. For our proprietary items the end user is directly negotiating the final price and placing the orders.

LOGISTICS

Our suppliers directly deliver raw materials to our manufacturing facilities. We outsource the delivery of our products to either third-party logistic companies or as mutually agreed shipment terms as decided with the customers. We instruct the delivery companies to collect products from specified locations and deliver to our customers in accordance with their orders. We also intend to purchase one more commercial vehicle to reduce our dependency on third party logistic companies to deliver and procure small quantities of raw materials locally. We plan to fund Capital Expenditure towards purchase of commercial vehicle from the Net Proceeds of the issue. For details, also see "Objects of the Issue" on page 91.

COMPETITION

Over the Decade, diversified products were introduced by our Company and modern manufacturing equipment were installed for scaling the manufacturing. Over time, Our Company started developing many proprietary products which are supplied to Refineries and Steel Industries which provides better performance than import products.

In 2007, Our Company got enlisted with Engineers India Limited (“EIL”) for Dense Refractory Castable & Precast shapes which is the largest Engineering Procurement Contracting company also acting as a Licensor in many greenfield Refinery projects in India. Thus, Our Company is an Approved Vendor with EIL which gave a competitive edge to supply to many Green Field Projects. In 2011, Company also added Refractory bricks high temperature bricks in our enlistment as one of the few products and being one of the few Companies in India to be enlisted by EIL for High Alumina Refractory Bricks. Hence, Our Company became the OEM manufacturer in many projects executed by EIL.

One of the key factors that sets our Company apart is its meticulous selection and processing of raw materials. The company produces refractory aggregates from carefully chosen materials, giving it a competitive edge over other manufacturer. This attention to details ensure that the raw materials used in each product are of the highest quality.

INFORMATION TECHNOLOGY

We believe that an appropriate Information Technology Infrastructure is important in order to support the growth of our Business. Our manufacturing facility is connected to our central IT network that facilitates monitoring of our Operations and Management of supply chain. We make use of a well-integrated ERP system to operate efficiently and analyse data.

REPAIR AND MAINTENANCE

We conduct regular repair and maintenance programs for our manufacturing facilities. Our machinery and electrical repair teams carry out periodic maintenance and repair of the plants and machinery on an as-needed basis. In addition, our kilns are periodically inspected by engineers and technicians for repairs which are done in house by our engineers.

QUALITY CONTROL

Quality is a cornerstone of our Company’s Business Operations. The company follows stringent quality control procedures, leaving no room for compromise. Every Product is rigorously inspected to ensure it meets or exceeds the highest industry standards. Our in-house laboratory has been approved by NABL (ILAC-MRA).

Since decades of years, our Company is renowned for its Quality and Reliability. The Company produces Special Shapes, Custom made Refractory shapes of top quality with superior performance. The company has a fully equipped factories with latest equipment to produce Refractory Shapes and Castables of highest standards. This has enabled standardization and selecting quality system, the Company has been covered under ISO 9001:2015, ISO 14001:2015 and ISO 45001:2018.

We believe our long-term success depends on our ability to deliver excellence in both perceived and realized value of our products and services to our customers. In our culture, "Quality in everything we do" is the only acceptable behaviour. We recognize that quality is a never ending process of improvement and our focus is directed towards achieving and exceeding customer expectations and conformance to their changing requirements.

ENVIRONMENT, HEALTH & SAFETY

Our activities are subject to various environmental laws and regulations which govern, among other matters, air emissions, waste water discharges, the handling, storage and disposal of hazardous substances and wastes and employee health and employee safety. For further information, see “Key Industry Regulations and Policies” beginning on page 173 of this Draft Red Herring Prospectus. We continue to ensure compliance with applicable health and safety regulations and other requirements in our operations.

We have complied, and will continue to comply, with all applicable environmental and associated laws, rules and regulations. We have obtained, or are in the process of obtaining or renewing, all material environmental consents and licenses from the relevant governmental agencies that are necessary for us to carry on our business. For further information, see “Government and Other Statutory Approvals” beginning on page 238 of this Draft Red Herring Prospectus.

HUMAN RESOURCE

We believe that our employees are key contributors to our business success. We focus on attracting and retaining the best possible talent. We believe that a well-trained, motivated and satisfied employee base is key to our competitive advantage. We believe that we have a qualified and experienced employee base, managed by Medium and Senior Management Personnel.

As on September 30, 2023, we have employed 38 personnel (including workers) at our Manufacturing Plant and Registered Office. The permanent employees at our Plant include personnel in manufacturing activities such as machine operations, assembling, maintenance & electrical and testing of products, quality assurance, and receipt and dispatch of materials. We are having contract labourers in both our Manufacturing Facilities. The following table sets forth a breakdown of our permanent employees by function as on the date of September 30, 2023:

KEY INDUSTRY REGULATIONS AND POLICIES

The following description is a summary of the relevant regulations and policies as prescribed by the GoI and other regulatory bodies that are applicable to our business. The information detailed below has been obtained from various legislations, including rules and regulations promulgated by regulatory bodies, and the bye laws of the respective local authorities that are available in the public domain. The regulations set out below may not be exhaustive and are merely intended to provide general information to the shareholders and neither designed, nor intended to substitute for professional legal advice. For details of government approvals obtained by us, see the section titled “Government and Other Approvals” on page 238 of this Draft Red Herring Prospectus.

THE COMPANIES ACT

The consolidation and amendment in the law relating to the Companies Act, 1956 made way to the enactment of the Companies Act, 2013 and rules made thereunder.

The Companies Act primarily regulates the formation, financing, functioning and restructuring of Companies as separate legal entities. The Act provides regulatory and compliance mechanism regarding all relevant aspects including organizational, financial and managerial aspects of companies. The provisions of the Act state the eligibility, procedure and execution for various functions of the company, the relation and action of the management and that of the shareholders. The law laid down transparency, corporate governance and protection of shareholders & creditors. The Companies Act plays the balancing role between these two competing factors, namely, management autonomy and investor protection.

SEBI REGULATIONS

Securities And Exchange Board of India is the regulatory body for securities market transactions including regulation of listing and delisting of securities. It forms various rules and regulations for the regulation of listed entities, transactions of securities, exchange platforms, securities market and intermediaries thereto. Apart from other rules and regulations, listed entities are mainly regulated by the SEBI Act, 1992, Securities Contract Regulation Act, 1956, Securities Contracts (Regulation) Rules, 1957, SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018 and SEBI (Listing Obligations and Disclosure Requirement) Regulations, 2015, SEBI (Substantial Acquisition of Shares and Takeover) Regulations, 2011 and SEBI (Prohibition of Insider Trading) Regulations, 2015.

TAX RELATED REGULATIONS

Income Tax Act, 1961

Income Tax Act, 1961 is applicable to every Domestic / Foreign Company whose income is taxable under the provisions of this Act or Rules made under it depending upon its “Residential Status” and “Type of Income” involved. U/s 139(1) every Company is required to file its Income tax return for every Previous Year by 31st October of the Assessment Year. Other compliances like those relating to Tax Deduction at Source, Advance Tax, Minimum Alternative Tax and like are also required to be complied by every Company.

Goods and Service Tax Act, 2017

The Central Goods and Services Tax Act, 2017 is an Act to make a provision for levy and collection of tax on intra-State supply of goods or services or both by the Central Government and for matters connected therewith or incidental thereto. In line with CGST Act, each state Governments has enacted State Goods and Service Tax Act for respective states. Goods and Services Tax (GST) is a comprehensive indirect tax on manufacture, sale and consumption of goods and services throughout India to replace taxes levied by the central and state governments on goods as services. This method allows GST-registered businesses to claim tax credit to the value of GST they paid on purchase of goods or services or both as part of their normal commercial activity. The mechanism provides for two level taxation of interstate and intra state transactions. When the supply of goods or services happens within a state called as intra-state

transactions, then both the CGST and SGST will be collected. Whereas if the supply of goods or services happens between the states called as inter-state transactions and IGST will be collected. Exports are considered as zero-rated supply and imports are levied the same taxes as domestic goods and services adhering to the destination based taxation principle in addition to the Customs Duty which has not been subsumed in the GST.

Customs Act, 1962

The provisions of the Customs Act, 1962 and rules made there under are applicable at the time of import of goods i.e. bringing into India from a place outside India or at the time of export of goods i.e. taken out of India to a place outside India. Any Company requiring to import or export any goods is first required to get it registered and obtain an IEC (Importer Exporter Code) in terms of provisions of the Foreign Trade Development and Regulation Act, 1992. Imported goods in India attract basic customs duty, additional customs duty and cesses in terms of the provisions of the Customs Act, 1962, Customs Tariff Act, 1975 and the relevant provisions made thereunder. The rates of basic customs duty are specified under the Customs Tariff Act 1975. Customs duty is calculated on the assessable value of the goods. Customs duties are administered by Central Board of Indirect Taxes and Customs under the Ministry of Finance.

State Tax on Profession, Trades, Callings and Employment Rules, 1975

The professional tax slabs in India are applicable to those citizens of India who are either involved in any profession or trade. The State Government of each State is empowered with the responsibility of structuring as well as formulating the respective professional tax criteria and is also required to collect funds through professional tax. The professional taxes are charged on the incomes of individuals, profits of business or gains in vocations. The professional tax is charged as per the List II of the Constitution. The professional tax is classified under various tax slabs in India. The tax payable under the State Acts by any person earning a salary or wage shall be deducted by his employer from the salary or wages payable to such person before such salary or wages is paid to him, and such employer shall, irrespective of whether such deduction has been made or not when the salary and wage is paid to such persons, be liable to pay tax on behalf of such person and employer has to obtain the registration from the assessing authority in the prescribed manner.

BUSINESS/TRADE RELATED LAWS/REGULATIONS

National Steel Policy, 2017 (“NSP 2017”)

The NSP 2017, notified on May 8, 2017, seeks to enhance domestic steel consumption, ensure high quality steel production, and create a technologically advanced and globally competitive steel industry in India. As per the NSP 2017, the Ministry of Steel will facilitate research and development in the sector, through the establishment of Steel Research and Technology Mission of India (SRTMI). The initiative is aimed to spearhead research and development of national importance in the iron and steel sector, by utilizing tripartite synergy amongst industry, national research and development laboratories and academic institutes. The NSP 2017 covers, inter alia, steel demand, steel capacity, raw materials, including iron ore, iron ore pellets, manganese ore, chromite ore, ferro-alloys, land, water, power, infrastructure and logistics, and environmental management. Through policy measures the Ministry of Steel will ensure availability of raw materials such as iron ore, coking coal, natural gas, etc. at competitive rates. The NSP 2017 envisions that in the steel industry, an environment will be created to promote domestic steel and thereby create a scenario where production meets the anticipated pace of growth in consumption, through a technologically advanced and globally competitive steel industry.

The Indian Contract Act, 1872:

The Indian Contract Act, 1872 codifies the legal principles that governs both oral and written ‘contracts’ including express and implied contracts. The Act basically identifies the ingredients of a legally enforceable valid contract in addition to dealing with certain special type of contractual relationships like indemnity, guarantee, bailment, pledge, quasi contracts, contingent contracts etc. In India, Indian Contract Act, 1872 governs the Contract and its applicability extends to whole of India. It came into force on First day of September 1872. Section 2(h) defines —Contract as an agreement enforceable by law; in other words it is a) A Contract is an agreement; an agreement is a promise and a promise is an accepted proposal; b) An Agreement which is legally enforceable alone is a contract. Section 2(e) of the act defines the term ‘Agreement’ as, ‘every promise or every set of promises forming consideration for each other’. An Agreement is a promise or a commitment or set of reciprocal promises or commitments. An agreement involves an offer or proposal by one person and acceptance of such offer or proposal by another person. Section 2(b) defines term Promise i.e., —When a person to whom proposal is made signifies his assent thereto, the proposal is said to be accepted. Proposal when accepted becomes a promise. Section 2(d) defines Lawful Consideration as a mean for ‘compensation’ for doing or omitting to do an act or deed. It is also referred to as ‘quid pro quo’ viz ‘something in return for another thing’. Section 2(b) defines Promise as —A Proposal when accepted becomes a promisee. In simple words, when an offer is accepted it becomes promise. Section 2(c) defines Promisor and promisee as —When the proposal is accepted, the person making the proposal is called as promisor and the person accepting the proposal is

called as promisee. An agreement enforceable by law is a valid contract. In other words it satisfies all the requirements of a valid contract as laid down in section 10. If any of the essential requirements is missing it becomes a void contract.

Legal Metrology Act, 2009

The Legal Metrology Act, 2009, as amended (the “Metrology Act”), was enacted with the objectives to establish and enforce standards of weights and measures, regulate trade and commerce in weights, measures and other goods which are sold or distributed by weight, measure or number and for matters connected therewith or incidental thereto. The Metrology Act states that any transaction/contract relating to goods/class of goods or undertakings shall be as per the weight/measurement/numbers prescribed by the Metrology Act. The specifications with respect to the exact denomination of the weight of goods to be considered in transactions are contained in rules by each state.

Industrial Disputes Act, 1947 (“ID Act”) and Industrial Dispute (Central) Rules, 1957

The ID Act and the Rules made thereunder provide for the investigation and settlement of industrial disputes. The ID Act was enacted to make provision for investigation and settlement of industrial disputes and for other purposes specified therein. Workmen under the ID Act have been provided with several benefits and are protected under various labour legislations, whilst those persons who have been classified as managerial employees and earning salary beyond prescribed amount may not generally be afforded statutory benefits or protection, except in certain cases. Employees may also be subject to the terms of their employment contracts with their employer, which contracts are regulated by the provisions of the Indian Contract Act, 1872.

The ID Act also sets out certain requirements in relation to the termination of the services of the workman. The ID Act includes detailed procedure prescribed for resolution of disputes with labour, removal and certain financial obligations up on retrenchment. The Industrial Dispute (Central) Rules, 1957 specify procedural guidelines for lock-outs, closures, lay-offs and retrenchment

LAWS RELATED TO ENVIRONMENTAL LAWS

National Environmental Policy, 2006

The dominant theme of this policy is that while conservation of environmental resources is necessary to secure livelihoods and well-being of all, the most secure basis for conservation is to ensure that people dependent on particular resources obtain better livelihoods from the fact of conservation, than from degradation of the resource.

Environment (Protection) Act, 1986 as amended (“EPA”)

The EPA has been enacted for the protection and improvement of the environment. It stipulates that no person carrying on any industry, operation or process shall discharge or emit or permit to be discharged or emitted any environmental pollutant in excess of such standards as may be prescribed. Further, no person shall handle or cause to be handled any hazardous substance except in accordance with such procedure and after complying with such safeguards as may be

prescribed. EPA empowers the Central Government to take all measures necessary to protect and improve the environment such as laying down standards for emission or discharge of pollutants, providing for restrictions regarding areas where industries may operate and generally to curb environmental pollution. Pollution control boards have been constituted in all states in India to exercise the powers and perform the functions provided for under these statutes for the purpose of preventing and controlling pollution. Companies are required to obtain consents of the relevant state pollution control boards for emissions and discharge of effluents into the environment.

Water (Prevention and Control of Pollution) Act, 1974 (the “Water Act”)

The Water Act provides for one Central Pollution Control Board, as well as state pollution control boards, to be formed to implement its provisions, including enforcement of standards for factories discharging pollutants into water bodies. The Water Act prohibits the use of any stream or well for the disposal of polluting matter, in violation of the standards set down by the State PCB. The Water Act also provides that the consent of the State PCB must be obtained prior to opening of any new outlets or discharges, which are likely to discharge sewage effluent. The Water Act prescribes specific amounts of fine and terms of imprisonment for various contraventions.

Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 (the“Hazardous Waste Rules”)

Under the Hazardous Waste Rules, “hazardous waste” inter alia means any waste which by reason of characteristics such as physical, chemical, biological, reactive, toxic, flammable, explosive or corrosive, causes danger or is likely to cause danger to health or environment, whether alone or in contact with other wastes or substances. Every occupier and operator of a facility generating hazardous waste must obtain authorization has been relevant state pollution control board. Further, the occupier, importer or exporter is liable for damages caused to the environment or third party resulting from the improper handling and management and disposal of hazardous waste and must pay any financial penalty that may be levied by the respective state pollution control board.

The Air (Prevention and Control of Pollution) Act, 1981

The Air (Prevention and Control of Pollution) Act of 1981, or the Air Act, in short, was a law passed by the Parliament of India to prevent and control the harmful effects of air pollution in India. This act is seen as the first concrete step taken by the government of India to combat air pollution. Section 2(a) defines an ‘air pollutants’ as any solid liquid or gaseous substance which may cause harm or damage the environment, humans, plants, animals or even damage property. A 1987 amendment to the act also added ‘noise’ in the list of harmful substances. The air act defines ‘air pollution’ as the presence of any dangerous pollutant that makes the air unbreathable. Section 2 (g) of the Act also set up the Central Pollution Control Board (CPCB) whose powers extended to the whole of India. To carry out the directives of the CPCB the act also called for the setting up of the State Pollution Control Board (SPCB) for the individual states of India. The failure to comply with the Central Pollution Control Board directives would result in imprisonment of 1 year. It can be extended to 6 years with a fine with the additional fine of 5000 Rs per day added provided the directives are still not met. The key features of the Act include: -Advising Central Government of Air and Air Pollution related issues; -Research about the causes and impact of Air Pollution; -Spread awareness to stop air pollution; -To establish central and State Boards and empower them to monitor air quality and control pollution. ANNEXURE IV (A)

STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES & NOTES TO RESTATED FINANCIAL STATEMENTS

1 COMPANY INFORMATION

Refractory Shapes Limited (Formerly Known as Refractory Shapes Private Limited) was incorporated on 8th January, 1996 and having its registered office at B 201, Rustomjee Central Park, Chakala, Andheri-Kurla Road, Andheri (East), Mumbai-400069. The Company is primarily engaged in the business of manufacturing of various types of refractory products mainly used in the Refineries, Fertilizer Companies and Steel Industries. The Company has been converted from Private Limited Company to Public Limited Company vide necessary resolution passed by shareholders and the name of company is this day changed to **Refractory Shapes Limited** pursuant to issuance of Fresh Certificate of Incorporation on 2nd February, 2024. Now, the CIN is **U26921MH1996PLC096012**.

2 SIGNIFICANT ACCOUNTING POLICIES

a) Basis of Preparation

The Restated Summary Statement of Assets and Liabilities of the Company as at September 30, 2023, March 31, 2023, March 31, 2022 and March 31, 2021 and the related Restated Summary Statement of Profit and Losses and Cash Flows Statement for the period ended September 30, 2023, March 31, 2023, March 31, 2022 and March 31, 2021 have been compiled by management from the financial statements of the company for the period ended on September 30, 2023, March 31, 2023, March 31, 2022 and March 31, 2021.

These financial statements have been prepared and presented under the historical cost convention on the accrual basis of accounting and comply with the Accounting Standards specified to in section 133 of the Companies Act 2013, read with rule 7 of the Companies (Account) Rules, 2014, the relevant provisions of the Companies Act, 2013, pronouncements of the Institute of Chartered Accountants of India and other accounting principles generally accepted in India, to the extent applicable. The financial statements are presented as per schedule III to Companies Act, 2013

b) Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent liabilities on the date of the financial statements and the results of operations during the reporting periods. Although these estimates are based upon management's knowledge of current events and actions, actual results could differ from those estimates and revisions, if any, are recognised in the current and future periods.

c) Revenue Recognition

The Company follows the accrual method of accounting and all claims, receivable and liabilities are provided on that basis. All revenue is recognized on accrual basis except non-recruiting income is accounted otherwise.

Sale of goods

Sales are recognised, net of returns and trade discounts, on transfer of significant risks and rewards of ownership to the buyer. Sales excludes Goods & Service Tax

Revenue from sale of services is recognized net of goods and service tax and as and when the services are rendered.

Interest incomes/expenses are recognised using the time proportion method based on the rates implicit in the transaction.

d) Propert, Plant and Equipment

Property, plant and equipment are carried at cost less accumulated depreciation / amortisation and impairment losses, if any. The cost of Property, Plant and Equipment comprises its purchase price net of any trade discounts and rebates, any import duties and other taxes (other than those subsequently recoverable from the tax authorities), any directly attributable expenditure on making the asset ready for its intended use, other incidental expenses.

e) **Depreciation**

i. **Property, Plant & Equipment**

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value.

Depreciation on tangible fixed assets has been provided on the written down value method as per the useful lives as prescribed in Schedule II to the Companies Act, 2013.

Assets	Estimated uselives
Plant & Machinery	15 Years
Furniture & Fixtures	10 Years
Factory Premises (Owned)	30 Years
Office Equipment	5 Years
Computers	
End User Eq. (Laptop, PC)	3 Years
Server & Network	6 Years
Motor Vehicles	8 Years

ii. **Intangible Assets**

Intangible Assets are stated at acquisition cost, net of accumulated amortization and accumulated impairment losses, if any. Intangible Assets are amortized on straight line basis over a period of five years being the estimated useful life.

Intangible asset are recognised as per Accounting Standard 26 Intangible Asset.

An intangible asset is recognised if and only if

- (a) it is probable that the future economic benefits that are attributable to the asset will flow to the enterprise; and
- (b) the cost of the asset can be measured reliably.

f) **Inventories**

Inventories are valued at the lower of cost and the net realisable value after providing for obsolescence and other losses, where considered necessary. Cost is generally determined on weighted average basis except for inventory segregated for a specific order / project, in which case it is valued at their specific costs of purchase. Cost includes all charges in bringing the goods to the point of sale, including octroi and other levies, transit insurance and receiving charges.

g) **Foreign currency transactions**

Initial recognition:

Transactions in foreign currencies entered into by the Company are accounted at the exchange rates prevailing on the date of the transaction or at rates that closely approximate the rate at the date of the transaction.

Measurement at the balance sheet date:

Foreign currency monetary items (other than derivative contracts) of the Company, outstanding at the balance sheet date are restated at the year-end rates. Non-monetary items of the Company are carried at historical cost.

Treatment of exchange differences:

Exchange differences arising on settlement / restatement of foreign currency monetary assets and liabilities of the Company are recognised as income or expense in the Statement of Profit and Loss.

h) **Employee benefits**

Short-term employee benefits

All employee benefits payable within twelve months of rendering the service are classified as short term benefits. Such benefits include salaries, wages, leave encashment, incentives etc. and the same are recognised in the period in which the employee renders the related service.

Defined contribution plans

The Company's contribution to provident fund and Gratuity Fund of LIC is considered as defined contribution plans and are charged as an expense based on the amount of contribution required to be made and when services are rendered by the employees.

i) Taxation

Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the applicable tax rates and the provisions of the Income Tax Act, 1961 and other applicable tax laws.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax. Accordingly, MAT is recognised as an asset in the Balance Sheet when it is highly probable that future economic benefit associated with it will flow to the Company.

Deferred tax is recognised on timing differences, being the differences between the taxable income and the accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted as at the reporting date. Deferred tax liabilities are recognised for all timing differences. Deferred tax assets are recognised for timing differences of items other than unabsorbed depreciation and carry forward losses only to the extent that reasonable certainty exists that sufficient future taxable income will be available against which these can be realised. However, if there are unabsorbed depreciation and carry forward of losses and items relating to capital losses, deferred tax assets are recognised only if there is virtual certainty supported by convincing evidence that there will be sufficient future taxable income available to realise the assets. Deferred tax assets and liabilities are offset if such items relate to taxes on income levied by the same governing tax laws and the Company has a legally enforceable right for such set off. Deferred tax assets are reviewed at each balance sheet date for their realisability.

j) Provisions and contingencies

A provision is recognised when the Company has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits) are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates. Contingent liabilities are disclosed in the Notes. Contingent assets are not recognised in the financial statements.

k) Borrowing costs

Costs in connection with the borrowing of funds to the extent not directly related to the acquisition of qualifying assets are charged to the Statement of Profit and Loss over the tenure of the loan.

l) Earnings per Share

Basic earnings per share is computed by dividing the profit/(loss) after tax (including the post tax effect of extra ordinary items, if any) by the weighted average number of equity shares outstanding during the year.

Diluted earnings per share is computed using the weighted average number of equity shares that could have been issued on the conversion of all dilutive potential equity shares, if any.

m) Impairment of assets

The carrying values of assets/ cash generating units at each balance sheet date are reviewed for impairment. If any indication of impairment exists, the recoverable amount of such assets is estimated and impairment is recognised, if the carrying amount of these assets exceeds their recoverable amount. The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor.

n) Operating Cycle:

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of products / activities of the Company and the normal time between acquisition of assets and their realisation in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current. As a result, current assets comprise elements that are expected to be realised within 12 months after the reporting date and current liabilities comprise elements that are due for settlement within 12 months after the reporting date.

o) Changes in Accounting Policies in the Periods/ Years Covered in the Restated Financials

There are no changes in Significant Accounting Policies which needs to be adjusted in the Restated Summary Statements.

The definitions of ratio / formulas used for actual computation are as follows:

1. *Restated EBITDA = Restated PAT + Depreciation + Finance cost + Income tax-other income*
2. *EBITDA Margin = EBITDA/ Revenue from Operations*
3. *Restated Basic EPS (Before Bonus) (A/B) = Restated PAT/No of shares at the end of period*
4. *Restated Basic EPS (After Bonus) (A/C) = Restated PAT/No of shares after bonus*
5. *Return on Net Worth (%) (A/D) = Restated PAT/Net Worth restated*
6. *Net Assets value per Equity Share (Before Bonus) (D/B) = Net worth restated/No of equity shares at the end of the Period*
7. *Net Assets value per Equity Share (After Bonus) (D/C) = Net worth restated/No of equity shares after Bonus Impact*

Note: The company has allotted 1,57,00,000 Equity Shares as Bonus Share in the ratio of 1570:1 on December 20, 2023. As per Accounting Standard 20 (AS - 20), In case of a bonus issue or a share split, equity shares are issued to existing shareholders for no additional consideration. Therefore, the number of equity shares outstanding is increased without an increase in reserves. The number of equity shares outstanding before the

event is adjusted for the proportionate change in the number of equities shares outstanding as if the event had occurred at the beginning of the earliest period reported.

As per details available on the TRACES an aggregate outstanding amount of Rs. 8,69,463 /- is determined to be paid from Previous years till 2023-24 against M/s. Excel Micron Poona Private Limited (hereinafter referred to as the “Assessee”) as default on account of short payment and short deduction of TDS and late filing fees u/s 234E Interest u/s 220 and 221 of the Income Tax Act. Although no action in respect of recovery of same has been taken by the department till date, except for issue of communication notices, the department may at any time issue recovery notices in which event the same shall become payable.

2. A.Y. 2015-16:

The return of income of M/s. Excel Micron Poona Private Limited filed for the A.Y. 2015-16 had been selected for scrutiny through CASS and scrutiny was completed u/s. 143(3) of the Income Tax Act, 1961, on November 27, 2017. Later upon verification of records certain discrepancies were found in the assessed income owing to unallowable depreciation. Accordingly, the assessee was issued with a notice dated March 20, 2020 u/s. 148 of the Act and later upon after due proceedings and receipt of response from the assessee, the assessee was issued with an assessment order bearing no. **ITBA/AST/S/147/2021-22/1035998412(1)** dated September 29, 2021, passed u/s. 147 r.w.s. 144 r.w.s. 144B of the Act, raising a demand of Rs. 7,47,650/- for A.Y. 2015-16 and the same is pending to be paid.

Aggrieved by the order, the assessee herein filed an appeal u/s. 246A before the Joint Commissioner (Appeals) disputing the demand on the ground the disallowed depreciation on the basis of which the demand in dispute has been raised has already been added to the income of the A.Y. 2019-20. The appeal bearing no. NFAC/2014-15/10072974 dated October 29, 2021 is pending with the concerned authority.

5) Other Pending Litigation based on Materiality Policy of our Company

Ms. Kalpana K. Naik (Complainant) V/s. M/s. Excel Micron (Poona) Pvt. Ltd. (Respondent)

(Case No. 24/2021 filed under the provisions of Section 28(1) r/w. Item -9 & 10 of Schedule IV of Maharashtra Recognition of Trade Union & Prevention of Unfair Labour Practices Act, 1971 before the Maharashtra Industrial and Labour Court, Pune)

The Complainant herein was an employee of the Respondent from June 01, 2006 till March 04, 2009 and was allegedly terminated from the job vide oral order without service of any written notice and aggrieved by this the complainant herein raised an industrial dispute before the Conciliation Officer under the Industrial Disputes Act. The said dispute was referred to for adjudication to the 4th Labour Court, Pune bearing Ref.(IDA) No. 256/2009 wherein the respondent was directed to re-instate the complainant with continuity of Service & 50% back wages to which the respondent filed the Misc.(IDA) No. 12/2013 before the labour court, for restoration which was rejected by the court vide its order dated July 31, 2017. The Complainant later filed the matter with the Industrial Court Maharashtra, Pune vide Complainant No. 26/2019 CNR No. MHIC-12-000036-2019 wherein the respondent was held guilty and was directed to re-instate the Complainant.

However as per the complainant herein, the respondent has been untraceable since her termination in 2009 and said to have never attended the hearings of the concerned court and hence she could not be re-instated.

As alleged further, again in 2021, some lawyer has reopened the case to which the respondent herein has not replied as the case seems to be fake and the same is pending.

STOCK MARKET DATA OF EQUITY SHARES

This being an initial public offer of the Equity Shares of our Company, the Equity Shares are not listed on any stock exchange and accordingly, no stock market data is available for the Equity Shares.

MECHANISM FOR REDRESSAL OF INVESTOR GRIEVANCES

The Registrar Agreement provides for retention of records with the Registrar to the Issue for a period of three years from the date of listing and commencement of trading of the Equity Shares to enable the Bidders to approach the Registrar to the Issue for redressal of their grievances. The Registrar to the Issue shall obtain the required information from the SCSBs for addressing any clarifications or grievances of ASBA Bidders.

All grievances may be addressed to the Registrar to the Issue with a copy to the relevant Designated Intermediary with whom the ASBA Form was submitted, giving full details such as name of the sole or First Bidder, ASBA Form number, Bidder's DP ID, Client ID, PAN, address of Bidder, number of Equity Shares applied for, ASBA Account number in which the amount equivalent to the Bid Amount was blocked or the UPI ID (for UPI Bidders who make the payment of Bid Amount through the UPI Mechanism), date of ASBA Form and the name and address of the relevant Designated Intermediary where the Bid was submitted. Further, the Bidder shall enclose the Acknowledgment Slip or the application number from the Designated Intermediary in addition to the documents or information mentioned hereinabove. All grievances relating to Bids submitted through Registered Brokers may be addressed to the Stock Exchange with a copy to the Registrar to the Issue.

All grievances of the Anchor Investors may be addressed to the Registrar to the Issue, giving full details such as the name of the sole or First Bidder, Bid cum Application Form number, Bidders' DP ID, Client ID, PAN, date of the Bid cum Application Form, address of the Bidder, number of the Equity Shares applied for, Bid Amount paid on submission of the Bid cum Application Form and the name and address of the Book Running Lead Manager where the Bid cum Application Form was submitted by the Anchor Investor.

In case of any delay in unblocking of amounts in the ASBA Accounts exceeding Two Working Days from the Bid / Issue Closing Date, the Bidder shall be compensated at a uniform rate of ₹ 100 per day for the entire duration of delay exceeding Two Working Days from the Bid / Issue Closing Date by the intermediary responsible for causing such delay in unblocking. The BRLM shall, in their sole discretion, identify and fix the liability on such intermediary or entity responsible for such delay in unblocking.

The processing fees for applications made by UPI Bidders using the UPI Mechanism may be released to the remitter banks (SCSBs) only after such banks provide a written confirmation on compliance with SEBI Master Circular no. SEBI/HO/MIRSD/POD-1/P/CIR/2023/70 dated May 17, 2023 (to the extent applicable) and SEBI Master Circular no. SEBI/HO/CFD/PoD-2/P/CIR/2023/00094 dated June 21, 2023 (to the extent applicable).

In terms of SEBI circular SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021, as amended pursuant to SEBI

circular SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021, the SEBI circular SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022, and SEBI master circular no. SEBI/HO/CFD/PoD-2/P/CIR/2023/00094 dated June 21, 2023, and subject to applicable law, any ASBA Bidder whose Bid has not been considered for Allotment, due to failure on the part of any SCSB, shall have the option to seek redressal of the same by the concerned SCSB within three months of the date of listing of the Equity Shares. SCSBs are required to resolve these complaints within 15 days, failing which the concerned SCSB would have to pay interest at the rate of 15% per annum for any delay beyond this period of 15 days.

Further, the investors shall be compensated by the SCSBs in accordance with SEBI circular SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021 in the events of delayed unblock for cancelled/withdrawn/deleted applications, blocking of multiple amounts for the same UPI application, blocking of more amount than the application amount, delayed unblocking of amounts for nonallotted/partially-allotted applications, for the stipulated period. In an event there is a delay in redressal of the investor grievance in relation to unblocking of amounts, the BRLMs shall compensate the investors at the rate higher of ₹100 or 15% per annum of the application amount for the period of such delay. Further, in terms of SEBI circular no.

SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022, the payment of processing fees to the SCSBs shall be undertaken pursuant to an application made by the SCSBs to the BRLMs, and such application shall be made only after (i) unblocking of application amounts for each application received by the SCSB has been fully completed, and (ii) applicable compensation relating to investor complaints has been paid by the SCSB.

The following compensation mechanism has become applicable for investor grievances in relation to Bids made through the UPI Mechanism for public offers opening on or after May 1, 2021, for which the relevant SCSBs shall be liable to compensate the investor:

Scenario	Compensation amount	Compensation period
Delayed unblock for cancelled / withdrawn / deleted applications	₹100 per day or 15% per annum of the Bid Amount, whichever is higher	From the date on which the request for cancellation / withdrawal / deletion is placed on the bidding platform of the Stock Exchange till the date of actual unblock
Blocking of multiple amounts for the same Bid made through the UPI Mechanism	1. Instantly revoke the blocked funds other than the original application amount and 2. ₹100 per day or 15% per annum of the total cumulative blocked amount except the original Bid Amount, whichever is higher	From the date on which multiple amounts were blocked till the date of actual unblock
Blocking more amount than the Bid Amount	1. Instantly revoke the difference amount, i.e., the blocked amount less the Bid Amount and 2. ₹100 per day or 15% per annum of the difference amount, whichever is higher	From the date on which the funds to the excess of the Bid Amount were blocked till the date of actual unblock
Delayed unblock for non – Allotted / partially Allotted applications	₹100 per day or 15% per annum of the Bid Amount, whichever is higher	From the Working Day subsequent to the finalisation of the Basis of Allotment till the date of actual unblock

Further, in the event there are any delays in resolving the investor grievance beyond the date of receipt of the complaint from the investor, for each day delayed, the Book Running Lead Manager shall be liable to compensate the investor ₹ 100 per day or 15% per annum of the Bid Amount, whichever is higher. The compensation shall be payable for the period ranging from the day on which the investor grievance is received till the date of actual unblock.

Our Company, the BRLM and the Registrar to the Issue accept no responsibility for errors, omissions, commission or any acts of SCSBs including any defaults in complying with its obligations under applicable SEBI ICDR Regulations.

For helpline details of the Book Running Lead Manager pursuant to the SEBI/HO/CFD/DIL-2/OW/P/2021/2481/1/M dated March 16, 2021, see “*General Information – Book Running Lead Manager*” on page 67 of this Draft Red Herring Prospectus.

Further, the Bidder shall also enclose a copy of the Acknowledgment Slip duly received from the concerned Designated Intermediary in addition to the information mentioned hereinabove.

All grievances relating to Bids submitted with Registered Brokers may be addressed to the Stock Exchanges with a copy to the Registrar to the Issue. The Registrar to the Issue shall obtain the required information from the SCSBs and Sponsor Banks for addressing any clarifications or grievances of ASBA Bidders. Our Company, the BRLM and the Registrar to the Issue accept no responsibility for errors, omissions, commission or any acts of SCSBs including any defaults in complying with its obligations under the SEBI ICDR Regulations.

The Registrar to the Issue shall obtain the required information from the SCSBs and Sponsor Bank for addressing any clarifications or grievances of ASBA Applicants. Applicants can contact our Company Secretary and Compliance officer or the Registrar to the Issue in case of any pre-issue or post-issue related problems such as non-receipt of letters of Allotment, non-credit of Allotted Equity Shares in the respective beneficiary account, non-receipt of refund intimations and non-receipt of funds by electronic mode.

Anchor Investors are required to address all grievances in relation to the Issue to the Book Running Lead Manager.

Further, the Bidder shall also enclose a copy of the Acknowledgment Slip duly received from the concerned Designated Intermediary in addition to the information mentioned herein.

Our Company has also appointed Ms. Neelam Mandawat, Company Secretary and Compliance officer for the Issue. For details, see “*General Information*” beginning on page 67 of this Draft red Herring Prospectus.

Further, in accordance with SEBI ICDR Regulations the minimum application size in terms of number of specified securities shall not be less than ₹1.00 Lakh per application.

JOINT HOLDERS

Subject to the provisions contained in our Articles of Association, where two or more persons are registered as the holders of the Equity Shares, they shall be entitled to hold the same as joint tenants with benefits of survivorship.

JURISDICTION

The courts of Mumbai, Maharashtra, India will have exclusive jurisdiction in relation to this Issue.

The Equity Shares offered in the Issue have not been and will not be registered under the U.S. Securities Act or any state securities laws in the United States, and unless so registered, may not be offered or sold within the United States, except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and in accordance with any applicable U.S. state securities laws. Accordingly, the Equity Shares are being offered and sold outside the United States in ‘offshore transactions’ in reliance on Regulation S under the U.S. Securities Act and the applicable laws of the jurisdictions where such offers and sales are made.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and Bids may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

Bidders are advised to ensure that any Bid from them does not exceed investment limits or the maximum number of Equity Shares that can be held by them under applicable law. Further, each Bidder where required must agree in the Allotment Advice that such Bidder will not sell or transfer any Equity Shares or any economic interest therein, including any off-shore derivative instruments, such as participatory notes, issued against the Equity Shares or any similar security, other than in accordance with applicable laws.

NOMINATION FACILITY TO BIDDERS

In accordance with Section 72 of the Companies Act read with the Companies (Share Capital and Debentures) Rules, 2014, as amended, the sole Bidder, or the first Bidder along with other joint Bidders, may nominate any one person in whom, in the event of the death of sole Bidder or in case of joint Bidders, death of all the Bidders, as the case may be, the Equity Shares Allotted, if any, shall vest. A person, being a nominee, entitled to the Equity Shares by reason of the death of the original holder(s), shall be entitled to the same advantages to which he or she would be entitled if he or she were the registered holder of the Equity Share(s). Where the nominee is a minor, the holder(s) may make a nomination to appoint, in the prescribed manner, any person to become entitled to Equity Share(s) in the event of his or her death during the minority. A nomination shall stand rescinded upon a sale, transfer or alienation of Equity Share(s) by the person nominating. A buyer will be entitled to make a fresh nomination in the manner prescribed. Fresh nomination can be made only on the prescribed form available on request at our Registered Office or to the registrar and transfer agents of our Company.

Any person who becomes a nominee by virtue of the provisions of Section 72 of the Companies Act shall upon the production of such evidence as may be required by our Board, elect either:

- a) to register himself or herself as the holder of the Equity Shares; or
- b) to make such transfer of the Equity Shares, as the deceased holder could have made.

Further, our Board may at any time give notice requiring any nominee to choose either to be registered himself or herself or to transfer the Equity Shares, and if the notice is not complied with within a period of 90 days, our Board may thereafter withhold payment of all dividends, bonuses or other monies payable in respect of the Equity Shares, until the requirements of the notice have been complied with.

Since the Allotment of Equity Shares in the Issue will be made only in dematerialised mode there is no need to make a separate nomination with our Company. Nominations registered with respective Depository Participant of the Bidder would prevail. If the Bidder wants to change their nomination, they are requested to inform their respective Depository Participant.

Our Company shall comply with such disclosure and accounting norms as may be specified by SEBI from time to time.

OPTION TO RECEIVE EQUITY SHARES IN DEMATERIALIZED FORM

Allotment of Equity Shares to successful Bidders will only be in the dematerialized form. Bidders will not have the option of Allotment of the Equity Shares in physical form. The Equity Shares on Allotment will be traded only in the dematerialized segment of the Stock Exchange.

WITHDRAWAL OF THE ISSUE

Our Company in consultation with the BRLM, reserve the right to not to proceed with the Issue after the Issue Opening Date but before the Allotment. In such an event, our Company would issue a public notice in the newspapers in which the pre-Issue advertisements were published, within two (2) days of the Issue Closing Date or such other time as may be prescribed by SEBI, providing reasons for not proceeding with the Issue. The Book Running Lead Manager, through the Registrar to the Issue, shall notify the SCSBs to unblock the bank accounts of the ASBA Bidders within one (1) Working Day from the date of receipt of such notification. Our Company shall also inform the same to the Stock Exchanges on which Equity Shares are proposed to be listed.

The Book Running Lead Manager, through the Registrar to the Issue, shall notify the SCSBs and the Sponsor Banks (in case of UPI Bidders), to unblock the bank accounts of the ASBA Bidders within one Working Day from the date of receipt of such notification and also inform the Bankers to the Issue to process refunds to the Anchor Investors, as the case may be. The notice of withdrawal will be issued in the same newspapers where the pre-Issue advertisements have appeared, and the Stock Exchanges will also be informed promptly. In terms of the UPI Circulars, in relation to the Issue, the BRLM will submit reports of compliance with the applicable listing timelines and activities, identifying non-adherence to timelines and processes and an analysis of entities responsible for the delay and the reasons associated with it. Further, in case of any delay in unblocking of amounts in the ASBA Accounts (including amounts blocked through the UPI Mechanism) exceeding three Working Days from the Bid/ Issue Closing Date, the Bidder shall be compensated at a uniform rate of ₹100 per day for the entire duration of delay exceeding three Working Days from the Bid/ Issue Closing Date by the intermediary responsible for causing such delay in unblocking. The BRLM shall, in their sole discretion, identify and fix the liability on such intermediary or entity responsible for such delay in unblocking.

Notwithstanding the foregoing, this Issue is also subject to obtaining (i) the final listing and trading approvals of the Stock Exchange, which our Company shall apply for after Allotment, and (ii) the final ROC approval of the Prospectus after it is filed with the ROC. If our Company withdraws the Issue after the Issue Closing Date and thereafter determines that it will proceed with an Issue, our Company shall file a fresh Prospectus.

The above timetable other than the Bid/Issue Closing Date, is indicative and does not constitute any obligation or liability on our Company or the BRLM.

Any circulars or notifications from the SEBI after the date of this Draft Red Herring Prospectus may result in changes to the timelines. Further, the Issue procedure is subject to change to any revised circulars issued by the SEBI to this effect.

Whilst our Company shall ensure that all steps for the completion of the necessary formalities for the listing and the commencement of trading of the Equity Shares on the Stock Exchanges are taken within such time as prescribed by SEBI, the timetable may be extended due to various factors, such as extension of the Bid/Issue Period by our Company in consultation with the BRLM, revision of the Price Band or any delay in receiving the final listing and trading approval from the Stock Exchanges. In terms of the SEBI master circular no. SEBI/HO/CFD/PoD-2/P/CIR/2023/00094 dated June 21, 2023, our Company shall within three days from the closure of the Issue, refund the subscription amount received in case of non – receipt of minimum subscription or in case our Company fails to obtain listing or trading permission from the Stock Exchanges for the Equity Shares. The commencement of trading of the Equity Shares will be entirely at the discretion of the Stock Exchange and in accordance with the applicable laws. The Shareholder, severally and not jointly, has specifically confirmed that it shall extend such reasonable support and co-operation required by our Company and the BRLM for completion of the necessary formalities for listing and commencement of trading of the Equity Shares at the Stock Exchange within such time as prescribed by SEBI.

The Registrar to the Issue shall submit the details of cancelled/withdrawn/deleted applications to the SCSB's on daily basis within 60 minutes of the Bid closure time from the Bid/ Issue Opening Date till the Bid/Issue Closing Date by obtaining the same from the Stock Exchanges. The SCSB's shall unblock such applications by the closing hours of the Working Day.

In terms of the UPI Circulars, in relation to the Issue, the BRLMs will be required to submit reports of compliance with timelines and activities prescribed by SEBI in connection with the allotment and listing procedure within such time as prescribed by SEBI, identifying non-adherence to timelines and processes and an analysis of entities responsible for the delay and the reasons associated with it.

Submission of Bids (other than Bids from Anchor Investors)

Bid Period (except the Bid/Issue Closing Date)	
Submission and Revision in Bids	Only between 10.00 a.m. and 5.00 p.m. (Indian Standard Time (“IST”))
Bid/Issue Closing Date	
Submission and Revision in Bids*	Only between 10.00 a.m. and 3.00 p.m. IST

* UPI mandate end time and date shall be at 5.00 pm IST on Bid/Issue Closing Date.

On the Bid/Issue Closing Date, the Bids shall be uploaded until:

- i. 4.00 p.m. IST in case of Bids by QIBs and Non-Institutional Bidders, and
- ii. until 5.00 p.m. IST or such extended time as permitted by the Stock Exchange in case of Bids by RIBs.

On Bid/Issue Closing Date, extension of time will be granted by Stock Exchange only for uploading Bids received by RIBs after taking into account the total number of Bids received and as reported by the Book Running Lead Manager to the Stock Exchange.

It is clarified that Bids not uploaded on the electronic bidding system or in respect of which the full Bid Amount is not blocked by SCSBs or not blocked under the UPI Mechanism in the relevant ASBA Account, as the case may be, would be rejected.

Due to the limitation of time available for uploading the Bid-Cum- Application Forms on the Bid/Issue Closing Date, Bidders are advised to submit their applications one (1) day prior to the Bid/Issue Closing Date and, in any case, not later than 3.00 p.m. (IST) on the Bid/ Issue Closing Date. Any time mentioned in this Draft Red Herring Prospectus is IST. Bidders are cautioned that, in the event a large number of Bid-Cum- Application Forms are received on the Bid/ Issue Closing Date, as is typically experienced in public Issue, some Bid-Cum- Application Forms may not get uploaded due to the lack of sufficient time. Such Bid-Cum- Application Forms that cannot be uploaded will not be considered for allocation under this Issue. Applications will be accepted only on Working Days, i.e., Monday to Friday (excluding any public holidays). Neither our Company nor the BRLM is liable for any failure in uploading the Bid-Cum- Application Forms due to faults in any software/hardware system or otherwise; or blocking of application amount by SCSBs on receipt of instructions from the Sponsor Bank due to any errors, omissions, or otherwise non-compliance by various parties involved in, or any other fault, malfunctioning or breakdown in the UPI Mechanism.

Our Company in consultation with the Book Running Lead Manager, reserves the right to revise the Price Band during the Bid Period in accordance with the SEBI ICDR Regulations. The revision in the Price Band shall not exceed 20% on either side, i.e., the Floor Price can move up or down to the extent of 20% of the Floor Price and the Cap Price will be revised accordingly, but the Floor Price shall not be less than the Face Value of the Equity Shares.

In accordance with SEBI ICDR Regulations, QIBs and Non-Institutional Bidders are not allowed to withdraw or lower the size of their application (in terms of the quantity of the Equity Shares or the Application amount) at any stage. Retail Individual Bidders can revise or withdraw their Bid-Cum- Application Forms prior to the Bid/ Issue Closing Date. Allocation to Retail Individual Bidders, in this Issue will be on a proportionate basis.

In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical Bid-Cum- Application Form, for a particular Bidder, the details as per the file received from Stock Exchange may be taken as the final data for the purpose of Allotment. In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical or electronic Bid-Cum- Application Form, for a particular ASBA Bidder, the Registrar to the Issue shall ask the relevant SCSBs /RTAs / DPs / stock brokers, as the case may be, for the rectified data.

In case of revision in the Price Band, the Bid/Issue Period shall be extended for at least three additional Working Days after such revision, subject to the Bid/Issue Period not exceeding 10 Working Days. In cases of force majeure, banking strike or similar circumstances, our Company in consultation with the BRLM, for reasons to be recorded in writing, may extend the Bid/Issue Period for a minimum of three Working Days, subject to the Bid/ Issue Period not exceeding 10 Working Days. Any revision in Price Band, and the revised Bid/Issue Period, if applicable, shall be widely disseminated by notification to the Stock Exchanges, by issuing a public announcement and also by indicating the change on the respective websites of the BRLM and at the terminals of the Syndicate Members and by intimation to the Designated Intermediaries and the Sponsor Bank(s), as applicable. In case of revision of Price Band, the Bid Lot shall remain the same.

In case of discrepancy in data entered in the electronic book vis-à-vis data contained in the Bid cum Application Form for a particular Bidder, the details as per the Bid file received from the Stock Exchanges shall be taken as the final data for the purpose of Allotment.

MINIMUM SUBSCRIPTION

This Issue is not restricted to any minimum subscription level and is 100% underwritten. As per Section 39 of the Companies Act, 2013, if the stated minimum amount has not been subscribed and the sum payable on application is not received within a period of 30 days from the date of the Prospectus, the application money has to be returned within such period as may be prescribed. If our Company does not receive the 100% subscription of the issue through the Issue Document including devolvement of Underwriters, if any, within sixty (60) days from the date of closure of the issue, our Company shall forthwith refund the entire subscription amount received. If there is a delay beyond Two days after our Company becomes liable to pay the amount, our Company and every officer in default will, on and from the expiry of this period, be jointly and severally liable to repay the money, with interest or other penalty as prescribed under the SEBI Regulations, the Companies Act 2013 and applicable law.

In accordance with Regulation 260 of the SEBI (ICDR) Regulations, our Issue shall be hundred percent underwritten. Thus, the underwriting obligations shall be for the entire hundred percent of the issue through the Prospectus and shall not be restricted to the minimum subscription level. SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 1, 2018 read with its circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/50 dated April 3, 2019, has introduced an alternate payment mechanism using Unified Payments Interface ("**UPI**") and consequent reduction in timelines for listing in a phased manner. From January 1, 2019, the UPI Mechanism for RIBs applying through Designated Intermediaries was made effective along with the process and timeline of T+6 days. ("**UPI Phase I**"). The UPI Phase I was effective until June 30, 2019.

With effect from July 1, 2019, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/76 dated June 28, 2019, read with circular bearing number SEBI/HO/CFD/DIL2/CIR/P/2019/85 dated July 26, 2019 with respect to Bids by UPI Bidders through Designated Intermediaries (other than SCSBs), the existing process of physical movement of forms from such Designated Intermediaries to SCSBs for blocking of funds has been discontinued and only the UPI Mechanism for such Bids with timeline of T+6 days was mandated for a period of three months or launch of five main board public issues, whichever is later ("**UPI Phase II**"). Subsequently, however, SEBI vide its circular no. SEBI/HO/CFD/DCR2/CIR/P/2019/133 dated November 8, 2019 extended the timeline for implementation of UPI Phase II till March 31, 2020. However, given the prevailing uncertainty due to the COVID-19 pandemic, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2020/50 dated March 30, 2020, had decided to continue with the UPI Phase II till further notice. The final reduced timeline of T+3 days for the UPI Mechanism for applications by UPI Bidders ("**UPI Phase III**") and modalities of the implementation of UPI Phase III was notified by SEBI vide its circular no. SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023 and made effective on a voluntary basis for all issues opening on or after September 1, 2023 and on a mandatory basis for all issues opening on or after December 1, 2023. The Issue will be undertaken pursuant to the processes and procedures under UPI Phase III, subject to any circulars, clarification or notification issued by the SEBI from time to time.

The BRLMs shall be the nodal entity for any Issues arising out of the public issuance process. In terms of Regulation 23(5) and Regulation 52 of SEBI ICDR Regulations, the timelines and processes mentioned in SEBI RTA Master Circular, shall continue to form part of the agreements being signed between the intermediaries involved in the public issuance process and lead managers shall continue to coordinate with intermediaries involved in the said process.

Further, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021, as amended pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021 and SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022, has introduced certain additional measures for streamlining the process of initial public offers and redressing investor grievances, including the reduction of time period for unblocking of application monies from 15 days to four days. This circular is effective for initial public offers opening on/or after May 1, 2021, except as amended pursuant to SEBI circular SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021, and the provisions of this circular, as amended, are deemed to form part of this Draft Red Herring Prospectus.

Furthermore, pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/P/2022/45 dated April 5, 2022, all individual bidders in initial public offerings (opening on or after May 1, 2022) whose application sizes are up to ₹5.00 lakhs shall use the UPI Mechanism and shall also provide their UPI ID in the Bid cum Application Form submitted with Syndicate Members, Registered Brokers, Collecting Depository Participants and Registrar has introduced certain

additional measures for streamlining the process of initial public offers and redressing investor grievances. Pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/2022/75 dated May 30, 2022, applications made using the ASBA facility in initial public offerings shall be processed only after application monies are blocked in the bank accounts of investors (all categories).

In case of any delay in unblocking of amounts in the ASBA Accounts (including amounts blocked through the UPI Mechanism) exceeding three Working Days from the Bid/Issue Closing Date, in accordance with the SEBI master circular no. SEBI/HO/CFD/PoD-2/P/CIR/2023/00094 dated June 21, 2023, the Bidder shall be compensated at a uniform rate of ₹100 per day for the entire duration of delay exceeding three Working Days from the Bid/Issue Closing Date by the intermediary responsible for causing such delay in unblocking. The BRLM shall, in their sole discretion, identify and fix the liability on such intermediary or entity responsible for such delay in unblocking. Further, SEBI vide its master circular no. SEBI/HO/CFD/PoD-2/P/CIR/2023/00094 dated June 21, 2023, has reduced the timelines for refund of Application money to four days.

The BRLM shall be the nodal entity for any issues arising out of public issuance process.

Our Company and the BRLM, members of the syndicate do not accept any responsibility for the completeness and accuracy of the information stated in this section and the GID and are not liable for any amendment, modification or change in the applicable law which may occur after the date of this Draft Red Herring Prospectus. Bidders are advised to make their independent investigations and ensure that their Bids are submitted in accordance with applicable laws and do not exceed the investment limits or maximum number of the Equity Shares that can be held by them under applicable law or as specified in the Red Herring Prospectus and the Prospectus, when filed.

Further, our Company and the Members of the Syndicate are not liable for any adverse occurrences' consequent to the implementation of the UPI Mechanism for application in the Issue.

BOOK BUILDING PROCEDURE

In terms of Rule 19(2)(b) of the Securities Contracts (Regulation) Rules, 1957, as amended (the "SCRR") read with Regulation 252 of SEBI ICDR Regulations, the Issue is being made for at least 25% of the post- Issue paid-up Equity Share capital of our Company. The Issue is being made under Regulation 229 (2) of Chapter IX of SEBI ICDR Regulations via book building process wherein not more than 50% of the Issue shall be allocated on a proportionate basis to QIBs, provided that our Company and may, in consultation with the Book Running Lead Manager, allocate up to 60% of the QIB Portion to Anchor Investors on a discretionary basis in accordance with the SEBI ICDR Regulations, of which one-third shall be reserved for domestic Mutual Funds, subject to valid Bids being received from domestic Mutual Funds at or above the Anchor Investor Allocation Price. In the event of under-subscription, or non-allocation in the Anchor Investor Portion, the balance Equity Shares shall be added to the QIB Portion. Further, 5% of the QIB Portion (excluding the Anchor Investor Portion) shall be available for allocation on a proportionate basis only to Mutual Funds, and the remainder of the QIB Portion shall be available for allocation on a proportionate basis to all QIBs (other than Anchor Investors), including Mutual Funds, subject to valid Bids being received at or above the Issue Price. Further, not less than 15% of the Issue shall be available for allocation on a proportionate basis to Non-Institutional Investors and not less than 35% of the Issue shall be available for allocation to Retail Individual Bidders in accordance with the SEBI ICDR Regulations, subject to valid Bids being received at or above the Issue Price.

Subject to valid Bids being received at or above the Issue Price, under subscription, if any, in any category, except the QIB Portion, would be allowed to be met with spill-over from any other category or a combination of categories at the discretion of our Company in consultation with the Book Running Lead Manager, and the Designated Stock Exchange subject to receipt of valid Bids received at or above the Issue Price. However, undersubscription, if any, in the QIB Portion will not be allowed to be met with spill over from other categories or a combination of categories.

The Equity Shares, on Allotment, shall be traded only in the dematerialised segment of the Stock Exchange.

Bidders should note that the Equity Shares will be Allotted to all successful Bidders only in dematerialised form. The Bid cum Application Forms, which do not have the details of the Bidders' depository account, including DP ID, Client ID, UPI ID (in case of UPI Bidders using the UPI Mechanism) and PAN, shall be treated as incomplete and will be rejected. Bidders will not have the option of being Allotted Equity Shares in physical

form. However, they may get the Equity Shares rematerialised subsequent to Allotment of the Equity Shares in the Issue, subject to applicable laws.

However, they may get the Equity Shares rematerialised subsequent to Allotment of the Equity Shares in the Issue, subject to applicable laws. Phased implementation of UPI.

PHASED IMPLEMENTATION OF UNIFIED PAYMENTS INTERFACE

SEBI has issued the UPI Circulars in relation to streamlining the process of public issue of inter alia, equity shares. Pursuant to the UPI Circulars, the UPI Mechanism has been introduced in a phased manner as a payment mechanism (in addition to mechanism of blocking funds in the account maintained with SCSBs under ASBA) for applications by RIBs through Designated Intermediaries with the objective to reduce the time duration from public issue closure to listing from six Working Days to up to three Working Days. Considering the time required for making necessary changes to the systems and to ensure complete and smooth transition to the UPI payment mechanism, the UPI Circulars have introduced the UPI Mechanism in three phases in the following manner:

Phase I: This phase was applicable from January 1, 2019 until March 31, 2019 or floating of five main board public issues, whichever was later. Subsequently, the timeline for implementation of Phase I was extended till June 30, 2019. Under this phase, an RIB had the option to submit the ASBA Form with any of the Designated Intermediary and use his/ her UPI ID for the purpose of blocking of funds. The time duration from public Issue closure to listing continued to be six Working Days. For further details, refer to the General Information Document available on the website of the Stock Exchange and the Book Running Lead Manager.

Phase II: This phase has become applicable from July 1, 2019. and was to initially continue for a period of three months or floating of five main board public issues, whichever is later. SEBI vide its circular no. SEBI/HO/CFD/DCR2/CIR/P/2019/133 dated November 8, 2019 has decided to extend the timeline for implementation of UPI Phase II until March 31, 2020. Subsequently, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2020/50 dated March 30, 2020 extended the timeline for implementation of UPI Phase II until further notice. Under this phase, submission of the ASBA Form by RIBs through Designated Intermediaries (other than SCSBs) to SCSBs for blocking of funds has been discontinued and replaced by the UPI Mechanism. However, the time duration from public Issue closure to listing continues to be six Working Days during this phase.

Phase III: This phase has become applicable on a voluntary basis for all issues opening on or after September 1, 2023 and on a mandatory basis for all issues opening on or after December 1, 2023, vide SEBI circular bearing number SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023 (“T+3 Notification”). In this phase, the time duration from public Issue closure to listing has been reduced from six Working Days to three Working Days. The Issue shall be undertaken pursuant to the processes and procedures as notified in the T+3 Notification as applicable, subject to any circulars, clarification or notification issued by SEBI from time to time, including any circular, clarification or notification which may be issued by SEBI.

The Issue is being made under Phase III of the UPI (on a mandatory basis).

Individual investors bidding under the Non-Institutional Portion bidding for more than ₹ 200,000 and up to ₹ 500,000, using the UPI Mechanism, shall provide their UPI ID in the Bid-cum-Application Form for Bidding through Syndicate, sub-syndicate members, Registered Brokers, RTAs or CDPs, or online using the facility of linked online trading, demat and bank account (3 in 1 type accounts), provided by certain brokers.

Pursuant to the SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021 issued by SEBI, as amended by the SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021 and SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022 (the “UPI Streamlining Circular”), SEBI has set out specific requirements for redressal of investor grievances for applications that have been made through the UPI Mechanism. The requirements of the UPI Streaming Circular include, appointment of a nodal officer by the SCSB and submission of their details to SEBI, the requirement for SCSBs to send SMS alerts for the blocking and unblocking of UPI mandates, the requirement for the Registrar to submit details of cancelled, withdrawn or deleted applications, and the requirement for the bank accounts of unsuccessful Bidders to be unblocked no later than one day from the date on which the Basis of Allotment is finalised. Failure to unblock the accounts within the timeline would result in the SCSBs being penalised under the relevant securities law. Additionally, if there is any delay in the redressal of investors’ complaints, the relevant SCSB as well as the post- issue BRLM will be required to compensate the concerned investor.

The processing fees for applications made by UPI Bidders using the UPI Mechanism may be released to the SCSBs only after such banks provide a written confirmation, in compliance with the SEBI RTA Master Circular in a format as prescribed by SEBI, from time to time, and such payment of processing fees to the SCSBs shall be made in

compliance with circulars prescribed by SEBI and applicable law. The Issue will be made under UPI Phase III of the UPI Circular.

The processing fees for applications made by UPI Bidders using the UPI Mechanism may be released to the remitter banks (SCSBs) only after such banks provide a written confirmation on compliance with SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021 read with SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021 and SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022.

All SCSBs offering facility of making application in public issues shall also provide facility to make application using UPI.

All SCSBs offering facility of making application in public issues shall also provide facility to make application using UPI. Our Company will be required to appoint one of the SCSBs as the Sponsor Bank(s) to act as a conduit between the Stock Exchanges and NPCI in order to facilitate collection of requests and / or payment instructions of the UPI Bidders.

Individual investors bidding under the Non-Institutional Portion bidding for more than ₹2.00 lakhs and up to ₹5.00 lakhs, using the UPI Mechanism, shall provide their UPI ID in the Bid-cum-Application Form for Bidding through Syndicate, sub syndicate members, Registered Brokers, RTAs or CDPs, or online using the facility of linked online trading, demat and bank account (3 in 1 type accounts), provided by certain brokers.

Pursuant to the SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021 as amended pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021 and SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022 (“UPI Streamlining Circular”), SEBI has set out specific requirements for redressal of investor grievances for applications that have been made through the UPI Mechanism. The requirements of the UPI Streamlining Circular include, appointment of a nodal officer by the SCSB and submission of their details to SEBI, the requirement for SCSBs to send SMS alerts for the blocking and unblocking of UPI mandates, the requirement for the Registrar to submit details of cancelled, withdrawn or deleted applications, and the requirement for the bank accounts of unsuccessful Bidders to be unblocked no later than one Working Day from the date on which the Basis of Allotment is finalised. Failure to unblock the accounts within the timeline would result in the SCSBs being penalised under the relevant securities law. Further, in terms of the UPI Circulars, the payment of processing fees to the SCSBs shall be undertaken pursuant to an application made by the SCSBs to the BRLMs, and such application shall be made only after (i) unblocking of application amounts for each application received by the SCSB has been fully completed, and (ii) applicable compensation relating to investor complaints has been paid by the SCSB.

In case of ASBA forms, the relevant Designated Intermediaries (other than SCSBs) shall submit/deliver the Bid cum Application Form to the respective SCSB, where the Bidder has a bank account and shall not submit it to any non-SCSB bank or any Escrow Bank. Further, SCSBs shall upload the relevant Bid details (including UPI ID in case of ASBA Forms under the UPI Mechanism) in the electronic bidding system of the Stock Exchanges and the Stock Exchanges validate the electronic bids with the records of the CDP for DP ID/Client ID and PAN, on a real time basis and bring inconsistencies to the notice of the relevant Designated Intermediaries, for rectification and re-submission within the time specified by Stock Exchanges. The Stock Exchanges shall accept the ASBA applications in their electronic bidding system only with a mandatory confirmation on application monies blocked. For UPI Bidders, the Stock Exchanges shall allow modification of either DP ID/Client ID or PAN ID, bank code and location code in the Bid details already uploaded. The Stock Exchanges shall share the Bid details (including UPI ID) with the Sponsor Bank(s) on a continuous basis to enable the Sponsor Bank(s) to initiate UPI Mandate Request to UPI Bidders for blocking of funds. For ASBA Forms (other than UPI Bidders) Designated Intermediaries (other than SCSBs) shall submit/ deliver the ASBA Forms to the respective SCSB where the Bidder has an ASBA bank account and shall not submit it to any non-SCSB bank or any Escrow Collection Bank.

For UPI Bidders, the Stock Exchanges shall share the Bid details (including UPI ID) with the Sponsor Bank(s) on a continuous basis through API integration to enable the Sponsor Bank(s) to initiate UPI Mandate Request to UPI Bidders for blocking of funds. The Sponsor Bank(s) shall initiate request for blocking of funds through NPCI to UPI Bidders, who shall accept the UPI Mandate Request for blocking of funds on their respective mobile applications associated with UPI ID linked bank account. The NPCI shall maintain an audit trail for every Bid entered in the Stock Exchanges bidding platform, and the liability to compensate the UPI Bidders in case of failed transactions shall be with the concerned entity (i.e., the Sponsor Bank(s), NPCI or the Bankers to the Issue) at whose end the lifecycle of the transaction has come to a halt. The NPCI shall share the audit trail of all disputed transactions/ investor complaints to the Sponsor Bank(s) and the issuer bank. The Sponsor Bank(s) and the Bankers to the Issue shall provide the audit trail to the Book Running Lead Managers for analysing the same and fixing liability.

The Sponsor Bank(s) will undertake a reconciliation of Bid responses received from Stock Exchanges and sent to NPCI and will also ensure that all the responses received from NPCI are sent to the Stock Exchanges platform with detailed error code and description, if any. Further, the Sponsor Bank(s) will undertake reconciliation of all Bid requests and responses throughout their lifecycle on daily basis and share reports with the Book Running Lead Managers in the format and within the timelines as specified under the SEBI UPI Circulars. Sponsor Bank(s) and issuer banks shall download UPI settlement files and raw data files from the NPCI portal after every settlement cycle and do a three-way reconciliation with Banks UPI switch data, CBS data and UPI raw data. NPCI is to coordinate with issuer banks and Sponsor Bank(s) on a continuous basis.

For ensuring timely information to investors, SCSBs shall send SMS alerts for mandate block and unblock including details specified in SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021, as amended pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021 and the SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022. For all pending UPI Mandate Requests, the Sponsor Bank(s) shall initiate requests for blocking of funds in the ASBA Accounts of relevant Bidders with a confirmation cut-off time of 5:00 pm IST on the Bid/Issue Closing Date (“**Cut-Off Time**”). Accordingly, UPI Bidders should accept UPI Mandate Requests for blocking off funds prior to the Cut-Off Time and all pending UPI Mandate Requests at the Cut-Off Time shall lapse. Further, modification/cancellation of Bids (if any) shall be allowed in parallel during the Bid/Issue Period until the Cut-Off Time.

Pursuant to NSE circular dated August 3, 2022 with reference no. 25/2022, the following is applicable to all initial public offers opening on or after September 1, 2022:

BIDS BY ELIGIBLE NON-RESIDENT INDIANS

Eligible NRIs Bidding on non-repatriation basis are advised to use the Bid cum Application Form for residents ([●] in colour). Eligible NRIs Bidding on a repatriation basis are advised to use the Bid cum Application Form meant for Non-Residents ([●] in colour).

Eligible NRIs may obtain copies of Bid cum Application Form from the Designated Intermediaries. Only Bids accompanied by payment in Indian Rupees or freely convertible foreign exchange will be considered for Allotment. Eligible NRI Bidders Bidding on a repatriation basis by using the Non-Resident Forms should authorise their respective SCSB to block their NRE accounts, or Foreign Currency Non-Resident ("FCNR") Accounts, and eligible NRI Bidders Bidding on a non-repatriation basis by using Resident Forms should authorise their respective SCSB to block their NRO accounts for the full Bid Amount, at the time of the submission of the Bid cum Application Form. Eligible NRIs applying on a non-repatriation basis in the Issue through the UPI Mechanism are advised to enquire with their relevant bank, whether their account is UPI linked, prior to submitting a Bid cum Application Form.

In accordance with the FEMA Rules, the total holding by any individual NRI, on a repatriation basis, shall not exceed 5% of the total paid-up equity capital on a fully diluted basis or shall not exceed 5% of the paid-up value of each series of debentures or preference shares or share warrants issued by an Indian company and the total holdings of all NRIs and OCIs put together shall not exceed 10% of the total paid-up equity capital on a fully diluted basis or shall not exceed 10% of the paid-up value of each series of debentures or preference shares or share warrant. Provided that the aggregate ceiling of 10% may be raised to 24% if a special resolution to that effect is passed by the members of the Indian company in a general meeting.

NRIs will be permitted to apply in the Issue through Channel I or Channel II (as specified in the UPI Circulars). Further, subject to applicable law, NRIs may use Channel IV (as specified in the UPI Circulars) to apply in the Issue, provided the UPI facility is enabled for their NRE/ NRO accounts.

For details of restrictions on investment by NRIs, see "*Restrictions on Foreign Ownership of Indian Securities*" beginning on page 294 of this Draft Red Herring Prospectus.

Participation of Eligible NRIs in the Issue shall be subject to the FEMA Rules. Only Bids accompanied by payment in Indian rupees or fully converted foreign exchange will be considered for Allotment.

BIDS BY HUFs

Hindu Undivided Families or HUFs, in the individual name of the Karta. The Bidder should specify that the Bid is being made in the name of the HUF in the Bid cum Application Form/Application Form as follows: “Name of sole or first Bidder: XYZ Hindu Undivided Family applying through XYZ, where XYZ is the name of the Karta. Bids/Applications by HUFs may be considered at par with Bids from individuals.

BIDS BY FPIs

In terms of applicable FEMA Rules and the SEBI FPI Regulations, investments by FPIs in the Equity Shares is subject to certain limits, i.e., the individual holding of an FPI (including its investor group (which means multiple entities registered as foreign portfolio investors and directly or indirectly, having common ownership of more than 50% or common control)) shall be below 10% of our post- Issue Equity Share capital on a fully diluted basis. In case the total holding of an FPI or investor group increases beyond 10% of the total paid-up Equity Share capital of our Company, on a fully diluted basis, the total investment made by the FPI or investor group will be re-classified as FDI subject to the conditions as specified by SEBI and the RBI in this regard and our Company and the investor will be required to comply with applicable reporting requirements. Further, the total holdings of all FPIs put together, with effect from April 1, 2020, can be up to the sectoral cap applicable to the sector in which our Company operates (i.e., up to 100%). In terms of the FEMA Rules, for calculating the aggregate holding of FPIs in a company, holding of all registered FPIs shall be included.

In case of Bids made by FPIs, a certified copy of the certificate of registration issued under the SEBI FPI Regulations is required to be attached to the Bid cum Application Form, failing which our Company reserves the right to reject any Bid without assigning any reason. FPIs who wish to participate in the Issue are advised to use the Bid cum Application Form for Non-Residents ([●] in colour).

In case the total holding of an FPI increases beyond 10% of the total paid-up Equity Share capital, on a fully diluted basis or 10% or more of the paid-up value of any series of debentures or preference shares or share warrants issued that may be issued by our Company, the total investment made by the FPI will be re-classified as FDI subject to the conditions as specified by SEBI and the RBI in this regard and our Company and the investor will be required to comply with applicable reporting requirements.

As specified in 4.1.4.2 (b)(i) and 4.1.4.2 (c)(iv) of the General Information Document, it is hereby clarified that bids received from FPIs bearing the same PAN shall be treated as multiple Bids and are liable to be rejected, except for Bids from FPIs that utilize the multiple investment manager structure in accordance with the Operational Guidelines for Foreign Portfolio Investors and Designated Depository Participants issued to facilitate implementation of SEBI FPI Regulations (“**MIM Structure**”), provided such Bids have been made with different beneficiary account numbers, Client IDs and DP IDs. Accordingly, it should be noted that multiple Bids received from FPIs, who do not utilize the MIM Structure, and bear the same PAN, are liable to be rejected. In order to ensure valid Bids, FPIs making multiple Bids using the same PAN, and with different beneficiary account numbers, Client IDs and DP IDs, are required to provide a confirmation along with each of their Bid cum Application Forms that the relevant FPIs making multiple Bids utilize the MIM Structure and indicate the name of their respective investment managers in such confirmation. In the absence of such confirmation from the relevant FPIs, such multiple Bids are liable to be rejected. Further, in the following cases, the bids by FPIs will not be considered as multiple Bids: involving (i) the MIM Structure and indicating the name of their respective investment managers in such confirmation; (ii) offshore derivative instruments (“**ODI**”) which have obtained separate FPI registration for ODI and proprietary derivative investments; (iii) sub funds or separate class of investors with segregated portfolio who obtain separate FPI registration; (iv) FPI registrations granted at investment strategy level/sub fund level where a collective investment scheme or fund has multiple investment strategies/sub-funds with identifiable differences and managed by a single investment manager; (v) multiple branches in different jurisdictions of foreign bank registered as FPIs; (vi) Government and Government related investors registered as Category 1 FPIs; and (vii) Entities registered as Collective Investment Scheme having multiple share classes.

With effect from the April 1, 2020, the aggregate limit shall be the sectoral caps applicable to the Indian company as prescribed in the FEMA Rules with respect to its paid-up equity capital on a fully diluted basis. While the aggregate limit as provided above could have been decreased by the concerned Indian companies to a lower threshold limit of 24%, 49% or 74% as deemed fit, with the approval of its board of directors and its shareholders through a resolution and a special resolution, respectively before March 31, 2020, our Company has not decreased such limit and accordingly the applicable limit with respect to our Company is 100%.

FPIs are permitted to participate in the Issue subject to compliance with conditions and restrictions which may be specified by the Government from time to time.

Subject to compliance with all applicable Indian laws, rules, regulations, guidelines and approvals in terms of Regulation 21 of the SEBI FPI Regulations, an FPI, may issue, subscribe to or otherwise deal in offshore derivative instruments (as defined under the SEBI FPI Regulations as any instrument, by whatever name called, which is issued overseas by a FPI against securities held by it in India, as its underlying) directly or indirectly, only in the event (i) such offshore derivative instruments are issued only by persons registered as Category I FPIs; (ii) such offshore derivative instruments are issued only to persons eligible for registration as Category I FPIs; (iii) such offshore derivative instruments are issued after compliance with 'know your client' norms; and (iv) such other conditions as may be specified by SEBI from time to time.

An FPI issuing offshore derivative instruments is also required to ensure that any transfer of offshore derivative instruments issued by or on its behalf, is carried out subject to inter alia the following conditions:

- (a) such offshore derivative instruments are transferred only to persons in accordance with Regulation 22(1) of the SEBI FPI Regulations; and
- (b) prior consent of the FPI is obtained for such transfer, except when the persons to whom the offshore derivative instruments are to be transferred to are pre-approved by the FPI.

Participation of FPIs in the Issue shall be subject to the FEMA Rules

Please note that in terms of the General Information Document, the maximum Bid by any Bidder including QIB Bidder should not exceed the investment limits prescribed for them under applicable laws. Further, MIM Bids by an FPI Bidder utilising the MIM Structure shall be aggregated for determining the permissible maximum Bid. Further, please note that as disclosed in this Draft Red Herring Prospectus read with the General Information Document, Bid Cum Application Forms are liable to be rejected in the event that the Bid in the Bid cum Application Form "*exceeds the Issue size and/or investment limit or maximum number of the Equity Shares that can be held under applicable laws or regulations or maximum amount permissible under applicable laws or regulations, or under the terms of the Red Herring Prospectus.*"

For example, an FPI must ensure that any Bid by a single FPI and/ or an investor group (which means the same multiple entities having common ownership directly or indirectly of more than 50% or common control) (collective, the "FPI Group") shall be below 10% of the total paid-up Equity Share capital of our Company on a fully diluted basis. Any Bids by FPIs and/ or the FPI Group (including but not limited to (a) FPIs Bidding through the MIM Structure; or (b) FPIs with separate registrations for offshore derivative instruments and proprietary derivative instruments) for 10% or more of our total paid-up post Issue Equity Share capital shall be liable to be rejected.

BIDS UNDER POWER OF ATTORNEY

In case of Bids made pursuant to a power of attorney or by limited companies, corporate bodies, registered societies, eligible FPIs, AIFs, Mutual Funds, insurance companies, insurance funds set up by the army, navy or air force of India, insurance funds set up by the Department of Posts, India or the National Investment Fund and provident funds with a minimum corpus of ₹2,500.00 lakhs and pension funds with a minimum corpus of ₹2,500.00 lakhs (in each case, subject to applicable law and in accordance with their respective constitutional documents), a certified copy of the power of attorney or the relevant resolution or authority, as the case may be, along with a certified copy of the memorandum of association and articles of association and/or bye laws, as applicable must be lodged along with the Bid cum Application Form. Failing this, our Company reserve the right to accept or reject any Bid in whole or in part, in either case, without assigning any reasons thereof.

Our Company in consultation with the Book Running Lead Manager in their absolute discretion, reserve the right to relax the above condition of simultaneous lodging of the power of attorney along with the Bid cum Application Form.

BIDS BY SEBI REGISTERED VCFs, AIFs AND FVCIs

The SEBI FVCI Regulations, inter alia, prescribe the investment restrictions on VCFs and FVCIs registered with SEBI. Further, the SEBI AIF Regulations prescribe, amongst others, the investment restrictions on AIFs. Accordingly, the holding in any company by any individual VCF or FVCI registered with SEBI should not exceed 25% of the corpus of the VCF or FVCI. Further, subject to FEMA Rules, VCFs and FVCIs can invest only up to 33.33% of their investible funds in various prescribed instruments, including in public offerings.

Category I AIFs and Category II AIFs cannot invest more than 25% of the investible funds in one investee company. A category III AIF cannot invest more than 10% of the investible funds in one investee company. A VCF registered as a Category I AIF, as defined in the SEBI AIF Regulations, cannot invest more than one-third of its investible funds

by way of subscription to an initial public offering of a venture capital undertaking. Pursuant to the repeal of the SEBI VCF Regulations, the VCFs which have not re-registered as an AIF under the SEBI AIF Regulations shall continue to be regulated by the SEBI VCF Regulations until the existing fund or scheme managed by the fund is wound up and such fund shall not launch any new scheme after the notification of the SEBI AIF Regulations. Our Company, the Book Running Lead Manager will not be responsible for loss, if any, incurred by the Bidder on account of conversion of foreign currency.

Participation of VCFs, AIFs or FVCIs in the Issue shall be subject to the FEMA Rules.

All non-resident investors should note that refunds (in case of Anchor Investors), dividends and other distributions, if any, will be payable in Indian Rupees only and net of bank charges and commission.

BIDS BY LIMITED LIABILITY PARTNERSHIPS

In case of Bids made by limited liability partnerships registered under the Limited Liability Partnership Act, 2008, a certified copy of certificate of registration issued under the Limited Liability Partnership Act, 2008, must be attached to the Bid cum Application Form. Failing this, our Company in consultation with the Book Running Lead Manager, reserve the right to reject any Bid without assigning any reason thereof.

BIDS BY BANKING COMPANIES

In case of Bids made by banking companies registered with the RBI, certified copies of (i) the certificate of registration issued by the RBI, and (ii) the approval of such banking company's investment committee are required to be attached to the Bid cum Application Form. Failing this, our Company in consultation with the Book Running Lead Manager, reserve the right to reject any Bid without assigning any reason thereof, subject to applicable law.

The investment limit for banking companies in non-financial services companies as per the Banking Regulation Act, 1949, as amended, (the "Banking Regulation Act"), and the Master Directions - Reserve Bank of India (Financial Services provided by Banks) Directions, 2016, as amended, is 10% of the paid-up share capital of the investee company, not being its subsidiary engaged in non-financial services, or 10% of the bank's own paid-up share capital and reserves, whichever is lower. Further, the aggregate investment by a banking company in subsidiaries and other entities engaged in financial services company cannot exceed 20% of the investee company's paid-up share capital and reserves. However, a banking company would be permitted to invest in excess of 10% but not exceeding 30% of the paid-up share capital of such investee company if (i) the investee company is engaged in non-financial activities permitted for banks in terms of Section 6(1) of the Banking Regulation Act, or (ii) the additional acquisition is through restructuring of debt/corporate debt restructuring/strategic debt restructuring, or to protect the bank's interest on loans/investments made to a company. The bank is required to submit a time-bound action plan for disposal of such shares within a specified period to the RBI. A banking company would require a prior approval of the RBI to make (i) investment in excess of 30% of the paid-up share capital of the investee company, (ii) investment in a subsidiary and a financial services company that is not a subsidiary (with certain exceptions prescribed), and (iii) investment in a non-financial services company in excess of 10% of such investee company's paid-up share capital as stated in 5(a)(v)(c)(i) of the Reserve Bank of India (Financial Services provided by Banks) Directions, 2016, as amended.

BIDS BY SCSBs

SCSBs participating in the Issue are required to comply with the terms of the circulars bearing numbers CIR/CFD/DIL/12/2012 and CIR/CFD/DIL/1/2013 dated September 13, 2012 and January 2, 2013, respectively, issued by SEBI. Such SCSBs are required to ensure that for making applications on their own account using ASBA, they should have a separate account in their own name with any other SEBI registered SCSBs. Further, such account shall be used solely for the purpose of making application in public issues and clear demarcated funds should be available in such account for such applications.

BIDS BY INSURANCE COMPANIES

In case of Bids made by insurance companies registered with the IRDAI, a certified copy of certificate of registration issued by IRDAI must be attached to the Bid cum Application Form. Failing this, our Company in consultation with the Book Running Lead Manager, reserve the right to reject any Bid without assigning any reason thereof, subject to applicable law.

The exposure norms for insurers are prescribed under the Insurance Regulatory and Development Authority of India (Investment) Regulations, 2016, as amended ("IRDAI Investment Regulations"), based on investments in the equity shares of a company, the entire group of the investee company and the industry sector in which the investee company

operates. Insurance companies participating in the Issue are advised to refer to the IRDAI Investment Regulations for specific investment limits applicable to them and shall comply with all applicable regulations, guidelines and circulars issued by IRDAI from time to time.

For more information, please read the General Information Document.

The information set out above is given for the benefit of the Bidders. Our Company, the Book Running Lead Manager are not liable for any amendments or modification or changes to applicable laws or regulations, which may occur after the date of this Draft Red Herring Prospectus. Bidders are advised to make their independent investigations and ensure that any single Bid from them does not exceed the applicable investment limits or maximum number of the Equity Shares that can be held by them under applicable law or regulations, or as will be specified in the Red Herring Prospectus.

Information for Bidders

The relevant Designated Intermediary will enter a maximum of three Bids at different price levels opted in the Bid cum Application Form and such options are not considered as multiple Bids. It is the Bidder's responsibility to obtain the acknowledgment slip from the relevant Designated Intermediary. The registration of the Bid by the Designated Intermediary does not guarantee that the Equity Shares shall be allocated/Allotted. Such Acknowledgement Slip will be non-negotiable and by itself will not create any obligation of any kind. When a Bidder revises his or her Bid, he /she shall surrender the earlier Acknowledgement Slip and may request for a revised acknowledgment slip from the relevant Designated Intermediary as proof of his or her having revised the previous Bid.

In relation to electronic registration of Bids, the permission given by the Stock Exchanges to use their network and software of the electronic bidding system should not in any way be deemed or construed to mean that the compliance with various statutory and other requirements by our Company and/or the Book Running Lead Manager are cleared or approved by the Stock Exchanges; nor does it in any manner warrant, certify or endorse the correctness or completeness of compliance with the statutory and other requirements, nor does it take any responsibility for the financial or other soundness of our Company, the management or any scheme or project of our Company; nor does it in any manner warrant, certify or endorse the correctness or completeness of any of the contents of this Draft Red Herring Prospectus or the Red Herring Prospectus; nor does it warrant that the Equity Shares will be listed or will continue to be listed on the Stock Exchanges.

GENERAL INSTRUCTIONS

Please note that QIBs and Non-Institutional Bidders are not permitted to withdraw their Bid(s) or lower the size of their Bid(s) (in terms of quantity of Equity Shares or the Bid Amount) at any stage. RIBs can revise their Bid(s) during the Bid Period and withdraw or lower the size of their Bid(s) until Bid/Issue Closing Date. Anchor Investors are not allowed to withdraw their Bids after the Anchor Investor Bid Period.

NAMES OF ENTITIES RESPONSIBLE FOR FINALISING THE BASIS OF ALLOTMENT IN A FAIR AND PROPER MANNER

The authorised employees of the Stock Exchange, along with the Book Running Lead Manager and the Registrar, shall ensure that the Basis of Allotment is finalised in a fair and proper manner in accordance with the procedure specified in SEBI ICDR Regulations.

ISSUANCE OF A CONFIRMATION NOTE (“CAN”) AND ALLOTMENT IN THE ISSUE

1. Upon approval of the basis of allotment by the Designated Stock Exchange, the BRLM or Registrar to the Issue shall send to the SCSBs a list of their Bidders who have been allocated Equity Shares in the Issue.
2. The Registrar will then dispatch a CAN to their Bidders who have been allocated Equity Shares in the Issue. The dispatch of a CAN shall be deemed a valid, binding and irrevocable contract for the Bidder

Issue Procedure for Application Supported by Blocked Account (ASBA) Bidders

In accordance with the SEBI Circular No. CIR/CFD/POLICYCELL/11/2015 dated November 10, 2015 all the Bidders have to compulsorily apply through the ASBA Process. Our Company and the Book Running Lead Manager are not liable for any amendments, modifications, or changes in applicable laws or regulations, which may occur after the date of this Draft Red Herring Prospectus. ASBA Bidders are advised to make their independent investigations and to ensure that the ASBA Bid Cum Application Form is correctly filled up, as described in this section. The lists of banks that have been notified by SEBI to act as SCSB (Self Certified Syndicate Banks) for the ASBA Process are provided on <https://www.sebi.gov.in/sebiweb/other/OtherAction.do?doRecognised=yes>. For details on designated branches of SCSB collecting the Bid Cum Application Form, please refer the above-mentioned SEBI link.

Terms of payment

The entire Issue price of ₹ [●] per share is payable on application. In case of allotment of lesser number of Equity Shares than the number applied, the Registrar shall instruct the SCSBs to unblock the excess amount paid on Application to the Bidders.

SCSBs will transfer the amount as per the instruction of the Registrar to the Public Issue Account, the balance amount after transfer will be unblocked by the SCSBs.

The Bidders should note that the arrangement with Bankers to the Issue or the Registrar is not prescribed by SEBI and has been established as an arrangement between our Company, Banker to the Issue and the Registrar to the Issue to facilitate collections from the Bidders.

Payment mechanism

The Bidders shall specify the bank account number in their Bid Cum Application Form and the SCSBs shall block an amount equivalent to the Application Amount in the bank account specified in the Bid Cum Application Form. The SCSB shall keep the Application Amount in the relevant bank account blocked until withdrawal/ rejection of the Application or receipt of instructions from the Registrar to unblock the Application Amount. However, Non-Retail Bidders shall neither withdraw nor lower the size of their applications at any stage. In the event of withdrawal or rejection of the Bid Cum Application Form or for unsuccessful Bid Cum Application Forms, the Registrar to the Issue shall give instructions to the SCSBs to unblock the application money in the relevant bank account within one day of receipt of such instruction. The Application Amount shall remain blocked in the ASBA Account until finalization of the Basis of Allotment in the Issue and consequent transfer of the Application Amount to the Public Issue Account, or until withdrawal/ failure of the Issue or until rejection of the Application by the ASBA Bidder, as the case may be.

Please note that, in terms of SEBI Circular No. CIR/CFD/POLICYCELL/11/2015 dated November 10, 2015 and the SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018, all the investors applying in a public Issue shall use only Application Supported by Blocked Amount (ASBA) process for application providing details of the bank account which will be blocked by the Self-Certified Syndicate Banks (SCSBs) for the same. Further, pursuant to SEBI Circular No. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 01, 2018, Retail Individual Investors applying in public Issue have to use UPI as a payment mechanism with Application Supported by Blocked Amount for making application.

RESTRICTIONS ON FOREIGN OWNERSHIP OF INDIAN SECURITIES

Foreign investment in Indian securities is regulated through the Industrial Policy, 1991 of the Government of India and FEMA. While the Industrial Policy, 1991 prescribes the limits and the conditions subject to which foreign investment can be made in different sectors of the Indian economy, FEMA regulates the precise manner in which such investment may be made. Under the Industrial Policy, unless specifically restricted, foreign investment is freely permitted in all sectors of the Indian economy up to any extent and without any prior approvals, but the foreign investor is required to follow certain prescribed procedures for making such investment. The RBI and the concerned ministries/departments are responsible for granting approval for foreign investment. The Government has from time to time made policy pronouncements on FDI through press notes and press releases. The DPIIT issued, issued the Consolidated FDI Policy Circular of 2020 (“**FDI Policy**”), which, with effect from October 15, 2020, subsumes and supersedes all press notes, press releases, clarifications, circulars issued by the DPIIT, which were in force as on October 15, 2020. The FDI Policy will be valid until the DPIIT issues an updated circular.

The transfer of shares between an Indian resident and a non-resident does not require the prior approval of the RBI, provided that: (i) the activities of the investee company are under the automatic route under the foreign direct investment policy and transfer does not attract the provisions of the SEBI SAST Regulations; (ii) the non-resident shareholding is within the sectoral limits under the FDI policy; and (iii) the pricing is in accordance with the guidelines prescribed by the SEBI/RBI.

On October 17, 2019, Ministry of Finance, Department of Economic Affairs, had notified the FEMA Rules, which had replaced the Foreign Exchange Management (Transfer and Issue of Security by a Person Resident Outside India) Regulations 2017. Foreign investment in this Issue shall be on the basis of the FEMA Rules. Further, in accordance with Press Note No. 3 (2020 Series), dated April 17, 2020 issued by the DPIIT and the Foreign Exchange Management (Nondebt Instruments) Amendment Rules, 2020 which came into effect from April 22, 2020, any investment, subscription, purchase or sale of equity instruments by entities of a country which shares land border with India or where the beneficial owner of an investment into India is situated in or is a citizen of any such country, will require prior approval of the Government, as prescribed in the Consolidated FDI Policy and the FEMA Rules. Further, in the event of transfer of ownership of any existing or future foreign direct investment in an entity in India, directly or indirectly, resulting in the beneficial ownership falling within the aforesaid restriction/ purview, such subsequent change in the beneficial ownership will also require approval of the Government. Pursuant to the Foreign Exchange Management (Non-debt Instruments) (Fourth Amendment) Rules, 2020 issued on December 8, 2020, a multilateral bank or fund, of which India is a member, shall not be treated as an entity of a particular country nor shall any country be treated as the beneficial owner of the investments of such bank of fund in India.

As per the FDI policy, FDI in companies engaged in the sector in which our Company operates, is permitted up to 100% of the paid-up share capital of such company under the automatic route.

As per the existing policy of the Government of India, OCBs cannot participate in this Issue. For further details, see “*Issue Procedure*” on page 270 of this Draft Red Herring Prospectus. Each Bidder should seek independent legal advice about its ability to participate in the Issue. In the event such prior approval of the Government of India is required, and such approval has been obtained, the Bidder shall intimate our Company and the Registrar in writing about such approval along with a copy thereof within the Issue Period.

The Equity Shares issued in the Issue have not been and will not be registered under the U.S. Securities Act or any state securities laws of the United States and, unless so registered, may not be issued or sold within the United States, except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and applicable state securities laws of the United States. Accordingly, the Equity Shares are only being issued and sold only outside the United States in offshore transactions in compliance with Regulation S under the U.S. Securities Act and the applicable laws of the jurisdictions where those issues and sales occur.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be issued or sold, and Application may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

The above information is given for the benefit of the Bidders. Our Company and the Book Running Lead Manager are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Draft Red Herring Prospectus. Bidders are advised to make their independent investigations, seek independent legal advice about its ability to participate in the Issue and ensure that the number of Equity Shares applied for do not exceed the applicable limits under laws or regulations.

Printing of blank forms to be used for issue of share certificates and maintenance of books and documents relating to issue of share certificates shall be in accordance with the provisions of aforesaid rules. Such certificates of title to shares shall be completed and kept ready for delivery within two months after the allotment unless the conditions of issue of shares provide otherwise.

(c) Any two or more joint allottees or holders of share shall, for the purpose of this Article, be treated as a single member and the certificate of any share, which may be the subject of joint ownership, may be delivered to any one of such joint owners on behalf of all of them. In respect of any share or shares held jointly by several persons, the Company shall not be bound to issue more than one certificate and delivery of the certificate for a share to one of several joint shareholders shall be sufficient delivery to all such holder.

18) FRACTIONAL CERTIFICATES

(a) If and whenever, as a result of issue of new shares on consolidation or sub-division of shares, any member becomes entitled to any fractional part of a share, the Board may subject to the provisions of the Act and these Articles and to the directions, if any, of the Company in General Meeting:-

(i) Issue to such member fractional certificate or certificates representing such fractional part. Such fractional certificate or certificates shall not be registered, nor shall they bear any dividend until exchanged with other fractional certificates for an entire share. The Directors may, however, fix the time within which such fractional certificates are to be exchanged for an entire share and may extend such time and if at the expiry of such time, any fractional certificates shall be deemed to be canceled and the Directors shall sell the shares represented by such canceled fractional certificates for the best price reasonably obtainable or

(ii) Sell the shares represented by all such fractional parts for the best price reasonably obtainable.

(b) In the event of any shares being sold, in pursuance of sub-clause (a) above, the Company shall pay and distribute to and amongst the persons entitled, in due proportion the net sale proceeds thereof.

(c) For the purpose of giving effect to any such sale, the Board may authorise any person to transfer the shares sold to the purchaser thereof, comprised in any such transfer and he shall not be bound to see to the application of purchase money nor shall his title to the shares be affected by any irregularity or invalidity in the proceedings in reference to the same.

(d) The provisions of the foregoing Articles relating to issue of certificates shall mutatis mutandis apply to issue of certificates for any other securities including debentures (except where the Act otherwise requires) of the Company.

(e) Notwithstanding the above, the Board shall have power to make such provision, by the issue of fractional certificates or by payment in cash or otherwise as it thinks fit, for the case of shares/securities becoming distributable in fractions.

19) RENEWAL OF SHARE CERTIFICATE

No certificate of any share or shares shall be issued either in exchange for those which are sub-divided or consolidated or in replacement of those which are defaced, torn, or old, decrepit, worn out, or where the pages on the reverse for recording transfers have been duly utilised unless the certificate in lieu of which it is issued is surrendered to the Company.

Provided that no fee shall be charged for issue of new certificates in replacement of those which are old, decrepit or worn out or where the pages on the reverse for recording transfers have been fully utilised.

Provided further that in case of any share certificate being lost or destroyed or if there be no further space on the bank for endorsement of transfer, the Company may issue a duplicate certificate in place of the certificate so lost or destroyed on such terms as to evidence out of pocket expenses in regard to investigation of such evidence and on execution of indemnity as the Board may determine.

The Company shall issue certificates or receipts or advices, as applicable, of subdivision, split, consolidation, renewal, exchanges, endorsements, issuance of duplicates thereof or issuance of new certificates or receipts or advices, as applicable, in cases of loss or old decrepit or worn out certificates or receipts or advices, as applicable within a period of thirty days from the date of such lodgement.

Provided that notwithstanding what is stated above, the Board shall comply with such rules or regulation or requirements of any stock exchanges or the rules made under the Act or rules made under the Securities Contracts (Regulation) Act, 1956 or any other Act, or rules applicable thereof in this behalf.

The provisions of the foregoing Articles relating to issue of certificates shall mutatis mutandis apply to issue of certificates for any other securities including debentures (except where the Act otherwise requires) of the Company.

20) COMPANY NOT BOUND TO RECOGNISE ANY INTEREST IN SHARE OTHER THAN REGISTERED HOLDER

Except as ordered by a Court of competent jurisdiction or as by law required the Company shall not be bound to recognise any equitable, contingent, future or partial interest in any share, or (except only as is by these Articles expressly provided) any right in respect of a share other than an absolute right thereto/ in accordance with these Articles, in the person whose name appears in the Register of Members as holder of shares or whose name appears as the beneficial owner of the shares in the records of the depository, but the Board shall be at liberty at their sole discretion to register any share in the joint names of any two or more persons or the survivor or survivors of them.

21) COMPANY ENTITLED TO DEMATERIALISE ITS SHARES AND SECURITIES

Notwithstanding anything contained in the Articles of Association, the Company shall be entitled to dematerialize its shares, debenture and other securities in a dematerialised form. The Company shall further be entitled to maintain a Register of Members with the details of members holding shares/securities both in material and dematerialised form in any media as permitted by law including any form of electronic media.

22) GENERAL AUTHORITY

Where in the Act, it has been provided that a company shall have any right, privilege or authority or that a company could carry out any transactions only if such company is so authorized by its articles of association, in every such case this Articles of Association hereby authorizes and empowers the Company, its Board, its Directors and/or its members to have such right, privilege or authority and to carry out such transaction as have been permitted by the Act without there being any specific provision in that behalf herein. Following are a few illustrations of such rights, privileges, authorities and transactions as set out with relevant Section numbers from the Act:

Section 40: to pay commission on issue of shares and debentures

Section 43: to issue shares with differential voting rights

Section 48: to alter rights of holders of special class of shares

Section 50: to accept amount on share capital although not called up

Section 51: to pay dividend in proportion to amount paid-up

Section 55: to issue preference shares.

Section 61: to alter the share capital of the company

Section 42: to issue shares on preferential basis

Section 62: to further issue shares/securities

Section 63: to issue bonus shares

Section 68: to buy back the shares of the Company

Section 88: to keep foreign register of members of debenture holders

Section 161: to appoint additional, alternate and nominee directors

The above authority does not include rights, privileges, authorities under Section 163 of the Act.

23) POWER TO PAY COMMISSION IN CONNECTION WITH SECURITIES ISSUED

1. The Company may exercise the powers of paying commissions conferred by the Act, to any person in connection with the subscription to its securities, provided that the rate per cent or the amount of the commission paid or agreed to be paid shall be disclosed in the manner required by the Act and the Rules.

2. The rate or amount of the commission shall not exceed the rate or amount prescribed in the Act and the Rules.

3. The commission may be satisfied by the payment of cash or the allotment of fully or partly paid shares or partly in the one way and partly in the other.

24) BROKERAGE

The Company may on any issue of shares, debentures or any other securities pay such brokerage or commission as may be prescribed under the Act.

CALLS

25) BOARD MAY MAKE CALLS

Subject to the provisions of Section 49 of the Act, the Board of Directors may, from time to time, by a resolution passed at a meeting of the Board (and not by a circular resolution) make such calls as it thinks fit upon the members in respect of moneys unpaid on the shares, whether on account of the nominal value of the shares or by way of premium, held by them respectively and not by conditions of allotment thereof made payable at fixed times and each member shall pay the amount of every call so made on him to the person or persons and at the times and places appointed by the Board of Directors. A call may be made payable by installments. A call may be postponed or revoked as the Board may determine at any time.

26) NOTICE OF CALLS

At least Fourteen (14) days' notice in writing of any call shall be given by the Company specifying the time and place of payment, and the person or persons to whom such call shall be paid.

27) CALLS TO TAKE EFFECT FROM THE DATE OF RESOLUTION

A call shall be deemed to have been made at the time when the resolution authorising such call was passed at a meeting of the Board of Directors and may be made payable by the members whose names appear on the Register of Members on such date or at the discretion of the Board on such subsequent date as shall be fixed by the Board of Directors.

28) CALLS ON SHARES OF SAME CLASS TO BE ON UNIFORM BASIS

All calls shall be made on a uniform basis on all shares falling under the same class.

Explanation: Shares of different class having the same nominal value on which different amounts have been paid-up shall not be deemed to fall under the same class.

29) BOARD MAY EXTEND TIME

The Board of Directors may, from time to time at its discretion, extend the time fixed for the payments of any call, and may extend such times as to all or any of the members who, on account of residence at a distance or other cause, the Board of Directors may deem fairly entitled to such extension, but no member shall be entitled to such extension as of right except as a matter of grace and favour.

30) AMOUNT PAYABLE AT FIXED TIME OR BY INSTALMENTS TO BE TREATED AS CALLS

If by the terms of issue of any share or otherwise any amount is made payable at any fixed time or by instalments at fixed time (whether on account of the amount of the share or by way of premium) every such amount or instalment shall be payable by the person who for the time being and from time to time is or shall be the registered holder of the shares or legal representative of a deceased registered shareholder, as if it were a call duly made by the Board and of which due notice has been given and all the provisions herein contained in respect of calls shall apply to such amount or installment accordingly.

31) DEPOSIT AND CALL, ETC. TO BE DEBT PAYABLE

The money (if any) which the Board of Directors shall, on the allotment of any shares being made by them, require or direct to be paid by way of deposit, call or otherwise, in respect of any shares allotted by them, shall, immediately on the inscription of the name of the allottee in the register of members as the name of the holder of such shares, become a debt due to and recoverable by the Company from the allottee thereof, and shall be paid by him accordingly.

32) INTEREST ON CALL OR INSTALMENT

If the sum payable in respect of any call or instalment is not paid on or before the day appointed for the payment thereof, the holder for the time being or allottee of the share in respect of which the call shall have been made or the installment shall be due, shall pay interest on the same at the rate as may be determined by the Board from the due date appointed for the payment thereof till the time of actual payment. However, the Board may waive payment of such interest wholly or in part.

33) PARTIAL PAYMENT NOT TO PRECLUDE FORFEITURE

Neither a judgment nor a decree in favour of the Company for calls or other moneys due in respect of any shares nor any part payment or satisfaction thereof nor the receipt by the Company of a portion of any money which shall from time-to-time be due from any member in respect of any shares either by way of principal or interest nor any indulgence granted by the Company in respect of payment of any such money shall preclude the forfeiture of such shares as herein provided.

34) PAYMENT IN ANTICIPATION OF CALLS MAY CARRY INTEREST

(a) The Board of Directors may, if it thinks fit, subject to the provisions of the Act, agree to and receive from any member willing to advance the same, all or any part of the amount due upon the shares held by him beyond the sums actually called for and upon the moneys so paid in advance or upon so much thereof, from time to time, and at any time thereafter as exceeds the amount of the calls then made upon and due in respect of the shares on account of which such advances are made, the Company may pay or allow interest, at such rate not exceeding, unless the Company in general meeting shall otherwise direct, nine (9) per cent per annum as the member paying the sum in advance and the Board of Directors agree upon. The Board of

Directors may agree to repay at any time any amount so advanced or may at any time repay the same upon giving to such members three months notice in writing.

(b) No member paying any such sum in advance shall be entitled to voting rights or dividend or to participate in profits in respect of the moneys so paid by him until the same would but for such payment, become presently payable.

- 35) The provisions of these Articles relating to calls on shares shall mutatis mutandis apply to any other securities including debentures of the Company.

LIEN

36) COMPANY TO HAVE LIEN ON SHARES/ DEBENTURES

The Company shall have a first and paramount lien upon all shares/debentures (other than fully paid up shares/debentures) registered in the name of each member (whether solely or jointly with others) and upon the proceeds of sale thereof, for all moneys (whether presently payable or not), called or payable at a fixed time in respect of such shares/debentures and no equitable interests in any such share/debentures shall be created except upon the footing and condition that this Article is to have full legal effect. Any such lien shall extend to all dividends and bonuses from time to time declared in respect of shares/ debentures.

Unless otherwise agreed, the registration of a transfer of such shares/ debentures shall operate as a waiver of the Company's lien if any, on such shares/ debentures. PROVIDED THAT the Board of Directors may, at any time, declare any share/ debentures to be wholly or in part exempt from the provisions of this Article.

37) AS TO ENFORCING LIEN BY SALE

The Company may sell, in such manner as the Board thinks fit, any shares on which the Company has a lien for the purpose of enforcing the same. PROVIDED THAT no sale shall be made:

(a) Unless a sum in respect of which the lien exists is presently payable; or

(b) Until the expiration of fourteen days after a notice in writing stating and demanding payment of such part of the amount in respect of which the lien exists as is presently payable has been given to the registered holder for the time being of the share or the person entitled thereto by reason of his death or insolvency. For the purpose of such sale the Board may cause to be issue a duplicate certificate in respect of such shares and may authorise one of the members to execute a transfer thereof on behalf of and in the name of such members.

38) TRANSFER OF SHARES SOLD UNDER LIEN

(1) To give effect to any such sale, the Board may authorise some person to transfer the shares sold to the purchaser thereto;

(2) The Purchaser shall be registered as the holder of the shares comprised in any such transfer;

(3) The receipt of the Company for the consideration (if any) given for the share on the sale thereof shall (subject, if necessary, to execution of an instrument of transfer or a transfer by relevant system, as the case may be) constitute a good title to the share and the purchaser shall be registered as the holder of the share.

(4) The Purchaser shall not be bound to see to the application of the purchase money, nor shall his title to the shares be affected by any irregularity or invalidity in the proceedings in reference to the sale.

39) APPLICATION OF PROCEEDS OF SALE

(1) The net proceeds of any such sale shall be received by the Company and applied in or towards such part of the amount in respect of which the lien exists as is presently payable, and

(2) The residue, if any, shall be paid to the person entitled to the shares at the date of the sale (subject to a like lien for sums not presently payable as existed on the share before the sale).

thereafter, give notice to him requiring him to pay the same together with any interest that may have accrued and all expenses that may have been incurred by the Company by reason of such non-payment.

45) ALLOTMENT MONEY SHALL BE DEEMED TO BE A CALL

For the purpose of provisions of these presents relating to forfeiture of shares, the sum payable upon allotment in respect of a share shall be deemed to be a call payable upon such share on the day of allotment.

46) EFFECT OF NONPAYMENT OF SUMS

In case of non-payment of such sum, all the relevant provisions of these Articles as to payment of interest and expenses, forfeiture or otherwise shall apply as if such sum had become payable by virtue of a call duly made and notified.

47) FORM OF NOTICE

The notice shall name a day (not being less than fourteen(14) days from the date of the notice) and a place or places on and at which such call or installment and such interest thereon at such rate and expenses as aforesaid are to be paid. The notice shall also state that, in the event of the non-payment at or before the time and at the place appointed the shares in respect of which the call was made or installment is payable will be liable to be forfeited.

48) IN DEFAULT OF PAYMENT SHARES TO BE FORFEITED

If the requirements of any such notice as aforesaid shall not be complied with, every or any share in respect of which such notice has been given may at any time thereafter before payment of all calls or installments interest and expenses due in respect thereof, be forfeited by a resolution of the Board of Directors to that effect. Such forfeiture shall include all dividends declared or any other moneys payable in respect by the forfeited shares and not actually paid before the forfeiture. Neither the receipt by the Company of a portion of any money which shall from time to time be due from any member to the Company in respect of his shares, either by way of principal or interest, nor any indulgence granted by the Company in respect of payment of any such money, shall preclude the Company from thereafter proceeding to enforce a forfeiture of such shares as herein provided.

49) NOTICE OF FORFEITURE TO A MEMBER

When any share shall have so forfeited, notice of the forfeiture shall be given to the member in whose name it stood immediately prior to the forfeiture, and an entry of the forfeiture, with the date thereof, shall forth with be made in the Register of Members, but no forfeiture shall be in any manner invalidated by any omission or neglect to give such notice or to make any such entry as aforesaid.

50) FORFEITED SHARE TO BE THE PROPERTY OF THE COMPANY AND MAY BE SOLD ETC.

Any share so forfeited, shall be deemed to be the property of the Company and may be sold, reallocated or otherwise disposed of, either to the original holder or to any other person, upon such terms and in such manner as the Board of Directors shall think fit.

51) CANCELLATION OF FORFEITURE

At any time before a sale or disposal as aforesaid, the Board may cancel the forfeiture on such terms as it thinks fit.

52) MEMBER STILL LIABLE TO PAY MONEY OWING AT THE TIME OF FORFEITURE AND INTEREST

Any member whose shares have been forfeited shall, notwithstanding the forfeiture, be liable to pay, and shall forthwith pay to the Company on demand all calls, installments, interest and expenses owing upon or in respect of such shares at the time of the forfeiture together with interest thereon from the time of forfeiture until payment, at such rate not exceeding twelve (12) per cent per annum as the Board of Directors may determine and the Board of Directors may enforce the payment of such moneys or any part thereof, if they think fit, but shall not be under any obligation so to do.

53) EFFECT OF FORFEITURE

The forfeiture of a share shall involve extinction at the time of the forfeiture of all interest in, and all claims and demands against the Company in respect of the share, and all other rights incidental to the share, except only such of those rights as by these Articles are expressly saved.

54) VALIDITY OF FORFEITURE

- 1) A duly verified declaration in writing that the declarant is a Director, the Managing Director or the Manager or Secretary of the Company, and that a share in the Company has been duly forfeited in accordance with these Articles, on a date stated in the declaration shall be conclusive evidence of the facts stated as against all persons claiming to be entitled to the share.
- 2) The Company may receive the consideration if any, given for the share on any sale, re-allotment or other disposal thereof and may execute a transfer of the share in favour of the person to whom the share is sold or disposed of;
- 3) The person to whom such share, is sold, re-allotted or disposed of shall thereupon be registered as the holder of the share;
- 4) Any such purchaser or allottee shall not (unless by express agreement) be liable to pay any calls, amounts, installments, interest and expenses owing to the Company prior to such purchase or allotment nor shall be entitled (unless by express agreement) to any of the dividends, interest and bonuses accrued or which might have accrued upon the share before the time of completing such purchase or before such allotment.
- 5) Such purchaser or allottee shall not be bound to see to the application of the purchase money, if any, nor shall his title to the share be affected by any irregularity or invalidity in the proceedings in reference to the forfeiture, sale re-allotment or other disposal of the share.

55) CANCELLATION OF SHARE CERTIFICATES IN RESPECT OF FORFEITED SHARES

Upon any sale, re-allotment or other disposal under the provisions of the preceding Articles, the certificates originally issued in respect of the relative shares shall (unless the same shall on demand by the Company have been previously surrendered to it by the defaulting member) stand cancelled and become null and void and of no effect, and the Board shall be entitled to issue a new certificate in respect of the said shares to the persons entitled thereto.

56) VALIDITY OF SALES

Upon any sale after forfeiture or for enforcing a lien in exercise of the powers hereinabove given, the Board may, if necessary, appoint some person to execute an instrument for transfer of the shares sold and cause the purchaser's name to be entered in the register of members in respect of the shares sold and after his name has been entered in the register of members in respect of such shares, the validity of the sale shall not be impeached by any person.

57) SURRENDER OF SHARES

The Board may, subject to the provisions of the Act, accept a surrender of any share from or for any member desirous of surrendering on such terms as they think fit.

- 58) The provisions of these Articles relating to forfeiture of shares shall mutatis mutandis apply to any other securities including debentures of the Company.

TRANSFER AND TRANSMISSION OF SHARES

59) INSTRUMENT OF TRANSFER TO BE EXECUTED BY TRANSFEROR AND TRANSFEREE

- 1) For shares in physical form, the instrument of transfer of any share in the Company shall be duly executed by or on behalf of both the transferor and transferee.
- 2) The transferor shall be deemed to remain a holder of the share until the name of the transferee is entered in the register of members in respect thereof.

- 3) The instrument of transfer shall be in writing and all the provisions of Section 56 of the Act and of any statutory modification thereof for the time being shall be duly complied with in respect of all transfers of shares and the registration thereof.

60) BOARD MAY REFUSE TO REGISTER TRANSFER

Subject to the provisions of Sections 58 and 59 of the Act, these Articles and other applicable provisions of the Act or any other law for the time being in force, the Board may, refuse to register the transfer of, or the transmission by operation of law of the right to, any securities or interest of a shareholder in the Company. Further, subject to the provisions of Section 56 of the Act and section 22A and other relevant provisions of the Securities Contracts (Regulation) Act, 1956, as amended, the Board may, at its absolute and uncontrolled discretion and by giving reasons, decline to register or acknowledge any transfer of shares whether fully paid or not and the right of refusal shall not be affected by the circumstances that the proposed transferee is already a shareholder of the Company. The Board shall, within one month from the date on which the instrument of transfer, or the intimation of such transmission, as the case may be, was delivered to the Company, send a notice of refusal to the transferee and transferor or to the person giving notice of such transmission, as the case may be, giving reasons for such refusal.

Provided that, registration of a transfer shall not be refused on the ground of the transferor being either alone or jointly with any other Person or Persons indebted to the Company on any account whatsoever except where the Company has a lien on shares. Transfer of shares / debentures in whatever lot shall not be refused.

61) BOARD MAY DECLINE TO RECOGNIZE INSTRUMENT OF TRANSFER

The Board may decline to recognize any instrument of transfer unless –

- a) the instrument of transfer is duly executed and is in the form as prescribed in the Rules made under the Act;
- b) the instrument of transfer is accompanied by the certificate of the shares to which it relates, and such other evidence as the Board may reasonably require to show the right of the transferor to make the transfer; and

the instrument of transfer is in respect of only one class of shares.

62) TRANSFER OF SHARES WHEN SUSPENDED

On giving of previous notice of at least seven (7) days or such lesser period in accordance with the Act and Rules made thereunder, the registration of transfers may be suspended at such times and for such periods as the Board may from time to time determine:

Provided that such registration shall not be suspended for more than thirty (30) days at any one time or for more than forty- five (45) days in the aggregate in any year.

63) TRANSFER OF PARTLY PAID SHARES

Where the application is made by the transferor and relates to partly paid shares, the transfer shall not be registered, unless the Company gives notice of the application to the transferee and the transferee makes no objection to the transfer within two weeks from the date of receipt of the notice.

64) TRANSFER TO MINORS, ETC.

- (a) No share shall in any circumstances be transferred to an insolvent or a person of unsound mind.
- (b) A minor may be admitted and registered as a member of the Company in respect of any fully paid up share or shares in his or her name. The father or the mother of a minor or a guardian appointed by a competent court shall have a right to represent and act for the minor in all respects including voting and/or giving proxy in respect of any share or shares held by such minor.

65) THE COMPANY NOT LIABLE FOR DISREGARD OF A NOTICE PROHIBITING REGISTRATION OF A TRANSFER

The Company shall incur no liability or responsibility whatever in consequence of its registering or giving effect to any transfer of shares made or purporting to be made by any apparent legal owner thereof as shown or appearing in the register of members to the prejudice of persons having or claiming any equitable right, title or interest to or in the said shares, notwithstanding that the Company may have had notice of such equitable right, or referred thereto in any book of the Company and the Company shall not be bound or required to regard or attend or give effect to any notice which may be given to it of any equitable right, title or interest, or be under any liability whatsoever for refusing or neglecting so to do, though it may have been entered or referred to in some books of the Company, but the Company shall nevertheless be at liberty to regard and attend to any such notice, and give effect thereto if the Board of Directors shall so think fit.

66) TITLE TO SHARES OF DECEASED MEMBER

The executors or administrators of a deceased member or the holder of a succession certificate or the legal representatives in respect of the shares of a deceased member (not being one of two or more joint holders) shall be the only persons recognised by the Company as having any title to the shares registered in the names of such members, and the Company shall not be bound to recognise such executors or administrators or holders of a succession certificate or the legal representatives unless such executors or administrators or legal representatives shall have first obtained Probate or Letters of Administration, or Succession certificate, as the case may be, from a duly constituted Court in the Union of India provided that in any case where the Board of Directors in its absolute discretion thinks fit, the Board may upon such terms as to indemnity or otherwise as the Directors may deem proper dispense with production of Probate or Letters of Administration or Succession Certificate and register under this Article the name of any person, who claims to be absolutely entitled to the shares standing in the name of a deceased member, as a member.

67) TITLE TO SHARES ON DEATH OF A MEMBER

On the death of a member, the survivor or survivors where the member was a joint holder, and his nominee or nominees or legal representatives where he was a sole holder, shall be the only persons recognized by the Company as having any title to his interest in the shares.

68) ESTATE OF DECEASED MEMBER LIABLE

Nothing shall release the estate of a deceased joint holder from any liability in respect of any share which had been jointly held by him with other persons.

69) TRANSMISSION CLAUSE

Any person becoming entitled to a share in consequence of the death or insolvency of a member may, upon such evidence being produced as may from time-to-time properly be required by the Board and subject as hereinafter provided, elect, either –

- a) to be registered himself as holder of the share; or
- b) to make such transfer of the share as the deceased or insolvent member could have made.

70) BOARD'S RIGHT UNAFFECTED

The Board shall in either case have the same right to decline or suspend registration as it would have had, if the deceased or insolvent member had transferred the share before his death or insolvency.

71) INDEMNITY TO THE COMPANY

The Company shall be fully indemnified by such person from all liability, if any, by actions taken by the Board to give effect to such registration or transfer.

72) BOARD'S RIGHT UNAFFECTED

The Board shall, in either case, have the same right to decline or suspend registration as it would have had, if the deceased or insolvent member had transferred the share before his death or insolvency.

73) NO FEE ON TRANSFER OR TRANSMISSION

No fee shall be charged for registration of transfer, grant of probate, Succession Certificate and Letters of Administration, Certificates of Death or Marriage, Power of Attorney or similar other documents.

74) Notwithstanding anything contained in the Articles of Association, in the case of transfer of shares or other marketable securities, where the Company has not issued any certificates and where such shares or securities are being held in an electronic and fungible form, the provisions of the Depositories Act, 1996, shall apply.

75) The provisions of these Articles relating to transfer & transmission of shares shall mutatis mutandis apply to any other securities including debentures of the Company.

MEETINGS OF MEMBERS

76) ANNUAL GENERAL MEETING

The Company shall in each year hold in addition to any other meetings, a general meeting as its annual general meeting, except in the case where any extension of time for holding any annual general meeting is granted/availed under applicable laws. Not more than 15 (fifteen) months shall elapse between the date of one annual general meeting of the Company and that of the next. Nothing contained in the foregoing provisions shall be taken as affecting the right conferred upon the registrar under the provisions of Section 96 of the Act to extend the time within which any annual general meeting may be held. Every annual general meeting shall be called during business hours on a day that is not a national holiday, and shall be held either at the registered office or at some other place within the city in which the registered office of the Company is situate, as the Board may determine.

77) EXTRAORDINARY GENERAL MEETING

All general meetings other than annual general meeting shall be called extra-ordinary general meeting.

The Board may, whenever they think fit, convene an extra-ordinary general meeting.

The Board shall on the requisition of such number of members of the Company as is specified in Section 100 of the Act, forthwith proceed to call an extra-ordinary general meeting of the Company and in respect of any such requisition and of any meeting to be called pursuant thereto, all other provisions of Section 100 of the Act shall for the time being apply.

CALLING GENERAL MEETING

A general meeting of the Company may be convened by giving not less than clear 21 (twenty-one) days' notice either in writing or through electronic/permitted mode in such manner as prescribed under the Act, provided that a general meeting may be called after giving a shorter notice if consent is given in writing or by electronic mode: (a) in the case of an annual general meeting, by not less than 95% (ninety-five percent) of the members entitled to vote at such meeting, and (b) in the case of any other general meeting, by members holding majority in number of members entitled to vote and who represent not less than 95% (ninety-five percent) of such part of the paid-up share capital of the Company as gives a right to vote at such meeting. Provided further that where any member is entitled to vote only on some resolution or resolutions to be moved at a general meeting and not on the others, that member shall be taken into account for the abovementioned purposes, in respect of the former resolution(s) and not in respect of the latter.

Notice of every general meeting shall be given to the members and to such other person or persons as required by and in accordance with Section 101 and 102 of the Act and it shall be served in the manner authorized by Section 20 of the Act.

The accidental omission to give notice of any meeting to or the non-receipt of any notice by any member or other person to whom it should be given shall not invalidate the proceedings at the meeting or the resolutions passed thereat.

NATURE OF BUSINESS

The ordinary business of an annual general meeting shall be to receive and consider the financial statements and the report of the Board and of the auditors, to reappointment of Directors retiring by rotation, to appointment

of auditors and to declare dividends. All other business transacted at such meeting and all business transacted at an extra ordinary meeting shall be deemed special.

78) QUORUM

1) No business shall be transacted at any general meeting unless a quorum of members is present at the time when the meeting proceeds to business.

2) No business shall be discussed or transacted at any general meeting except election of Chairperson whilst the chair is vacant.

3) The quorum for a general meeting shall be as provided in the Act.

79) CHAIRMAN OF GENERAL MEETING

The chairman of the Board shall be entitled to take the chair at every general meeting, whether annual or extraordinary. If there be no such chairman of the Board, or if at any meeting he shall not be present within fifteen minutes of the time appointed for holding such meeting or if he shall be unable or unwilling to take the chair then the members present shall elect another Director as chairman, and if no Director be present or if all the Directors present decline to take the Chair, then the members present shall elect one of the members to be the chairman of that meeting.

80) BUSINESS CONFINED TO ELECTION OF CHAIRMAN WHILST CHAIR VACANT

No business shall be discussed at any general meeting except the election of a Chairman whilst the chair is vacant.

81) CHAIRMAN MAY ADJOURN MEETING

The Chairman may, suo moto, adjourn the meeting from time to time and from place to place.

In the event a quorum as required herein is not present within 30 (thirty) minutes of the appointed time, then subject to the provisions of Section 103 of the Act, the general meeting shall stand adjourned to the same place and time 7 (seven) days later, provided that the agenda for such adjourned general meeting shall remain the same. The said general meeting if called by requisitionists under Section 100 of the Act (read with provisions of these Articles) shall stand cancelled.

No business shall be transacted at any adjourned meeting other than the business left unfinished at the meeting from which the adjournment took place.

When a meeting is adjourned for thirty (30) days or more, notice of the adjourned meeting shall be given as in the case of an original meeting.

The required quorum at any adjourned general meeting shall be the same as that required at the original general meeting.

Save as aforesaid, it shall not be necessary to give any notice of an adjournment of or of the business to be transacted at any adjourned meeting.

82) CHAIRMAN'S DECLARATION OF RESULT OF VOTING ON SHOW OF HANDS

A declaration by the Chairman that on a show of hands, a resolution has or has not been carried either unanimously or by a particular majority, and an entry to that effect in the books containing the minutes of the proceedings of the Company shall be conclusive evidence of the fact, without proof of the number or proportion of votes in favour or against such resolution.

83) CHAIRMAN'S CASTING VOTE

The Company may be wound up in accordance with the Act and the Insolvency and Bankruptcy Code, 2016 (to the extent applicable).

Accounts

Subject to the provisions of the Act, the Company shall keep at its registered office, proper books of accounts and other relevant books and papers and financial statement for every financial year which give a true and fair view of the state of the affairs of the Company, including that of its branch office or offices, if any, and explain the transactions effected both at the registered office and its branches and such books shall be kept on accrual basis and according to the double entry system of accounting, provided that all or any of the books of account aforesaid may be kept at such other place in India as the Board may decide and when the Board so decides the Company shall, within 7 (seven) days of the decision file with the registrar a notice in writing giving the full address of that other place, provided further that the Company may keep such books of accounts or other relevant papers in electronic mode in such manner as provided in Section 128 of the Act and the rules framed thereunder.

The Board shall be entitled from time to time to determine whether and to what extent and at what times and places and under what conditions or regulations, the accounts and books of the Company, or any of them, shall be open to the inspection of members not being Directors. Each Director shall be entitled to examine the books, accounts and records of the Company, and shall have free access, at all reasonable times and with prior written notice, to any and all properties and facilities of the Company. The Company shall provide such information relating to the business, affairs and financial position of the Company as any Director may reasonably require.

No member (not being a Director) shall have any right of inspecting any account or book or document of the company except as conferred by law or authorised by the Board.

All the aforesaid books shall give a true and fair view of the Company's affairs with respect to the matters aforesaid and explain its transactions.

The books of accounts of the Company relating to past periods shall be preserved in good order in compliance with applicable laws.

Unpaid or unclaimed dividend

Where the Company has declared a dividend which has not been paid or the dividend warrant in respect thereof has not been posted or sent within thirty days from the date of declaration to any shareholder entitled to payment of the dividend, the Company shall transfer the total amount of dividend, which remained unpaid or unclaimed within seven days from the date of expiry of the said period of thirty days to a special account to be opened by the Company in that behalf in any scheduled bank to be called the

“unpaid dividend account”. No unclaimed dividend shall be forfeited by the Board before the claim becomes barred by law and such forfeiture, if effected, shall be annulled in appropriate cases.

Any money so transferred to the unpaid dividend account of the Company which remains unpaid or unclaimed for a period of seven years from the date of such transfer, shall be transferred by the Company to the fund established under sub-section (1) of Section 125 of the Act, viz. “investors education and protection fund”.

INDEMNITY AND INSURANCE

1) Directors and officers right to indemnity

(a) Subject to the provisions of the Act, every director, managing director, whole-time director, manager, chief executive officer, chief financial officer, company secretary and officer of the Company shall be indemnified by the Company out of the funds of the Company, to pay all costs, losses and expenses (including travelling expense) which such director, manager, company secretary and officer may incur or become liable for by reason of any contract entered into or act or deed done by him in his capacity as such director, manager, company secretary or officer or in anyway in the discharge of his duties in such capacity except such suits, proceedings, cost, charges, losses, damage and expenses, if any, that such director, manager, company secretary and officer shall incur or sustain, by or through his own willful neglect or default.

(b) Subject as aforesaid, every director, managing director, manager, chief executive officer, chief financial officer, company secretary and officer of the Company shall be indemnified against any liability incurred by him in defending any proceedings, whether civil or criminal in which judgment is given in his favour or in which he is acquitted or discharged or in connection with any application under applicable provisions of the Act in which relief is given to him by the Court.

Provided, however, that such indemnification shall not apply in respect of any cost or loss or expenses to the extent it is finally judicially determined to have resulted from the gross negligence, willful misconduct or bad faith acts or omissions of such director, managing director, manager, chief executive officer, chief financial officer, company secretary or officer.

2) Insurance

The Company may take and maintain any insurance as the Board may think fit on behalf of its present and / or former Directors and key managerial personnel for indemnifying all or any of them against any liability for any acts in relation to the Company for which they may be liable but have acted honestly and reasonably.

124) CAPITALISATION

1) The Company in General Meeting by Ordinary Resolution may, upon the recommendation of the Board, resolve:

(a) that it is desirable to capitalise any part of the amount for the time being standing to the credit of the Company’s reserve accounts, or to the credit of the Profit and Loss Account or otherwise available for distribution;

And

(b) that such sum be accordingly set free for distribution in the manner specified in clause no. 2 amongst the members who would have been entitled thereto, if distributed by way of dividend and in the same proportions.

(2) The sum aforesaid shall not be paid in cash but shall be applied, subject to the provisions contained in clause no. 3 either in or towards :-

(a) paying up any amount for the time being unpaid on any shares held by such members respectively;

(b) paying up in full un-issued shares of the Company to the allocated and distributed, credited as fully paid up, to and amongst such members in the proportions aforesaid; or
